

Church in America, Episcopal Church, Catholic Church, Rapid City and Sioux Falls Dioceses, Reformed Church in America, and Christian Church Disciples. The Flandreau Chaplaincy program was the first project to be sponsored by the Association of Christian Churches.

On the occasion of his retirement as a school Chaplain, I want to congratulate Tony Firman for his tireless dedication to Flandreau Indian School, his commitment to finding the best in students, for helping others with spiritual guidance, and for coordinating and supporting religious activities. I also commend him for his valuable service to the community over the years.

The lives of countless young people have been enormously enhanced by Tony's talent and skill as Chaplain. The State of South Dakota is a better place because of his commitment to and passion for working with local youth. His achievements will certainly serve as a model for other talented religious leaders throughout our State to emulate.

I wish Tony Firman the best on his retirement.●

HONORING THE LADY GAMECOCKS FOR WINNING THE NCAA TRACK TITLE

● Mr. HOLLINGS. Madam President, my colleagues who have heard me debate fast track trade negotiating authority in the last month may be surprised with what this senator from South Carolina is about to say. But I rise today wishing to scream my lungs out in favor of fast track that is the fast track of the University of South Carolina women's track and field team, who just won the NCAA title earlier this month. It only goes to show you that fast track is alive and well in my state, so long as it's the right fast track.

I have followed Gamecock sports for more than seven decades. This day is particularly pleasing in that, as hard as this is to believe, it is the first time South Carolina was won a national championship ever, in any sport, women's or men's.

I wish to congratulate the entire team of incredible athletes who worked hard all year to prepare for this. They won relays. They won individually. They set new records, piling up points with depth in several of the events. It was a real team effort, as it should be.

I especially want to congratulate the Gamecock coach, Curtis Frye, who recruited all these talented women and turned the program into a true powerhouse. He was just named the women's track coach of the year, and us faithful will obviously expect him to win that title every year now.

One last point, as the Gamecocks are showing their best ever performances on the field, they also are showing their best ever performances in the classroom. It is important that we have champions across the board, in

academics and athletics, and I salute all University of South Carolina athletes who have improved their academic performance.●

STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. DASCHLE (for Mr. HARKIN (for himself and Mr. CRAIG): S. 2605. A bill to amend title XVIII of the Social Security Act to geographically adjust the amount of the Medicare part B premium based on the use of health care items and services in the State in which the Medicare beneficiary resides, and for purposes; to the Committee on Finance.

(At the request of Mr. DASCHLE, the following statement was ordered to be printed in the RECORD.)

• Mr. HARKIN. Madam President, there few programs that are more important to the health and quality of life of Americans than Medicare. It has been a godsend for millions of Americans. It deserves our strong support. We need to make sure that Medicare is strong, secure and improved for the future.

The biggest gap in Medicare's coverage is it's lack of help with the high costs of prescription drugs. I feel strongly that we must move forward to provide seniors with an affordable, reliable Medicare prescription drug benefit this year. I call on our leadership to bring legislation to the floor so that we can provide seniors with much needed relief.

Another area that is in urgent need of improvement is the fairness of the distribution of Medicare's payments and costs throughout the states. The Medicare program is placing seniors and health care providers in certain States at a severe disadvantage compared to other States. There are currently unjustifiable inequities in the system that affect the way in which both seniors and health care professionals are treated. Rather than rewarding States with healthy populations, that have efficient, high quality health care practices, and practice health care cost containment, the Medicare system is punishing these States.

For example, seniors enrolled in the Medicare program pay monthly part B
