GREAT LAKES SCIENCE CENTER

● Mr. LEVIN. Mr. President, I am proud to congratulate the Great Lakes Science Center on 75 years of service to Michigan and the Great Lakes region. This center provides the scientific information needed for restoring, enhancing, managing, and protecting wildlife and their habitat in the Great Lakes. Despite the importance of the Great Lakes, too few resources are devoted to researching and monitoring the ecosystem health. However, the Great Lakes Science Center has been at work for nearly eight decades—through the rise and fall of numerous species like lake trout, alewife, white fish, and sturgeon.

After the collapse of the cisco fishery in Lake Erie in 1925, the Great Lakes Science Center, which was then called the Great Lakes Biological Laboratory, was created to study the causes of this collapse. Though the fisheries in the Great Lakes continued to suffer, it was not until 1950 that biological research was truly supported. At that time the Great Lakes were experiencing one of the worst disasters possible—the invasion of sea lamprey. The sea lamprey, which moved into the Great Lakes through the Welland Canal and spread throughout the Great Lakes, destroyed the lake trout and lake whitefish commercial fisheries. After testing over 4,000 chemicals, the Great Lakes Science Center found the compound that is still being used today to destroy the lamprey.

In 1965, the center moved to its newly constructed headquarters on the North Campus of the University of Michigan at Ann Arbor. The center has been active in all areas of Great Lakes research including algal blooms, invasive species, near-shore habitat, fishery genetics and DDT levels in fish. The work of the dedicated staff has helped bring back the sturgeon and lake trout.

Today, the Great Lakes Science Center has 107 staff members, 5 field stations, 1 vessel base, and 3 vessel base-field station combinations throughout the Great Lakes. I am proud of the long and distinguished history of the Great Lakes Science Center, and I wish all of the researchers at the Science Center great success for the next 75 years.●

MESSAGE FROM THE HOUSE

At 2:15 p.m., a message from the House of Representatives, delivered by Ms. Niland, one of its reading clerks, announced that the House has passed the following bills, in which it requests the concurrence of the Senate:
