SEC. 307. None of the funds made available by this Act may be obligated or expended by the National Park Service to enter into or implement a concession contract which permits or requires the removal of the underground lunchroom at the Carlsbad Caverns National Park.

SEC. 308. (a) LIMITATION OF FUNDS.—None of the funds appropriated or otherwise made available pursuant to this Act shall be obligated or expended to accept or process applications for a patent for any mining or mill site claim located under the general mining laws.

(b) EXCEPTIONS.—The provisions of subsection (a) shall not apply if the Secretary of the Interior determines that, for the claim concerned: (1) a patent application was filed with the Secretary on or before September 30, 1994; and (2) all requirements established

The Bureau of Land Management shall have the sole responsibility to choose and pay the third-party contractor in accordance with the standard procedures employed by the Bureau of Land Management in the retention of third-party contractors.

SEC. 309. Notwithstanding any other provision of law, amounts appropriated to or earmarked in committee reports for the Bureau of Indian Affairs and the Indian Health Service by Public Laws 103-138, 103-332, 104-134, 104-208, 105-83, 105-277, 106-113, 106-291, and 107-63 for payments to tribes and tribal organizations for contract support costs associated with self-determination or self-governance contracts, grants, compacts, or annual funding agreements with the Bureau of Indian Affairs or the Indian Health Service as funded by such Acts, are the total amounts available for fiscal years 1994 through 2002 for such purposes, except that, for the Bureau of Indian Affairs, tribes and tribal organizations may use their tribal priority allocations for unmet indirect costs of ongoing contracts, grants, self-governance compacts or annual funding agreements.

SEC. 310. Notwithstanding any other provision of law, for fiscal year 2003 the Secretaries of Agriculture and the Interior are authorized to limit competition for watershed restoration project contracts as part of the "Jobs in the Woods" Program established in Region 10 of the Forest Service to individuals and entities in historically timber-dependent areas in the States of Washington, Oregon, northern California, Idaho, Montana, and Alaska that have been affected by reduced timber harvesting on Federal lands. The Secretaries shall consider the benefits to the local economy in evaluating bids and designing procurements which create economic opportunities for local contractors.

SEC. 311. Of the funds provided to the National Endowment for the Arts—

(1) The Chairperson shall only award a grant to an individual if such grant is awarded to such individual for a literature fellowship, National Heritage Fellowship, or American Jazz Masters Fellowship.

(2) The Chairperson shall establish procedures to ensure that no funding provided through a grant, except a grant made to a State or local arts agency, or regional group, may be used to make a grant to any other organization or individual to conduct activity independent of the direct grant recipient. Nothing in this subsection shall prohibit payments made in exchange for goods and services.

(3) No grant shall be used for seasonal support to a group, unless the application is specific to the contents of the season, including identified programs and/or projects.

SEC. 312. The National Endowment for the Arts and the National Endowment for the Humanities are authorized to solicit, accept, receive, and invest in the name of the United States, gifts, bequests, or devises of money and other property or services and to use such in furtherance of the functions of the National Endowment for the Arts and the National Endowment for the Humanities. Any proceeds from such gifts, bequests, or devises, after acceptance by the National Endowment for the Arts or the National Endowment for the Humanities, shall be paid by the donor or the representative of the donor to the Chairman. The Chairman shall enter the proceeds in a special interest-bearing account to the credit of the appropriate endowment for the purposes specified in each case.

SEC. 313. (a) In providing services or awarding financial assistance under the National Foundation on the Arts and the Humanities Act of 1965 from funds appropriated under this Act, the Chairperson of the National Endowment for the Arts shall ensure that priority is given to providing services or awarding financial assistance for projects, productions, workshops, or programs that serve underserved populations.

(b) In this section:

(1) The term "underserved population" means a population of individuals, including urban minorities, who have historically been outside the purview of arts and humanities programs due to factors such as a high incidence of income below the poverty line or to geographic isolation.

(2) The term "poverty line" means the poverty line (as defined by the Office of Management and Budget, and revised annually in accordance with section 673(2) of the Community Services Block Grant Act (42 U.S.C. 9902(2))) applicable to a family of the size involved.

(c) In providing services and awarding financial assistance under the National Foundation on the Arts and Humanities Act of 1965 with funds appropriated by this Act, the Chairperson of the National Endowment for the Arts shall ensure that priority is given to providing services or awarding financial assistance for projects, productions, workshops, or programs that will encourage public knowledge, education, understanding, and appreciation of the arts.

(d) With funds appropriated by this Act to carry out section 5 of the National Foundation on the Arts and Humanities Act of 1965—

(1) the Chairperson shall establish a grant category for projects, productions, workshops, or programs that are of national impact or availability or are able to tour several States;

(2) the Chairperson shall not make grants exceeding 15 percent, in the aggregate, of such funds to any single State, excluding grants made under the authority of paragraph (1);

(3) the Chairperson shall report to the Congress annually and by State, on grants awarded by the Chairperson in each grant category under section 5 of such Act; and

(4) the Chairperson shall encourage the use of grants to improve and support community-based music performance and education.

SEC. 314. No part of any appropriation contained in this Act shall be expended or obligated to complete and issue the 5-year program under the Forest and Rangeland Renewable Resources Planning Act.

SEC. 315. None of the funds in this Act may be used to support Government-wide admin-

istrative functions unless such functions are justified in the budget process and funding is approved by the House and Senate Committees on Appropriations.

SEC. 316. Notwithstanding any other provision of law, none of the funds in this Act may be used for GSA Telecommunication Centers.

SEC. 317. None of the funds in this Act may be used for planning, design or construction of improvements to Pennsylvania Avenue in front of the White House without the advance approval of the House and Senate Committees on Appropriations.

SEC. 318. Amounts deposited during fiscal year 2002 in the roads and trails fund provided for in the 14th paragraph under the heading "FOREST SERVICE" of the Act of March 4, 1913 (37 Stat. 843; 16 U.S.C. 501), shall be used by the Secretary of Agriculture, without regard to the State in which the amounts were derived, to repair or reconstruct roads, bridges, and trails on National Forest System lands or to carry out and administer projects to improve forest health conditions, which may include the repair or reconstruction of roads, bridges, and trails on National Forest System lands in the wildland-community interface where there is an abnormally high risk of fire. The projects shall emphasize reducing risks to human safety and public health and property and enhancing ecological functions, long-term forest productivity, and biological integrity. The projects may be completed in a subsequent fiscal year. Funds shall not be expended under this section to replace funds which would otherwise appropriately be expended from the timber salvage sale fund. Nothing in this section shall be construed to exempt any project from any environmental law.

SEC. 319. No timber sale in Region 10 shall be advertised if the indicated rate is deficit when appraised using a residual value approach that assigns domestic Alaska values for western redcedar. Program accomplishments shall be based on volume sold. Should Region 10 sell, in fiscal year 2003, the annual average portion of the decadal allowable sale quantity called for in the current Tongass Land Management Plan in sales which are not deficit when appraised using a residual value approach that assigns domestic Alaska values for western redcedar, all of the western redcedar timber from those sales which is surplus to the needs of domestic processors in Alaska, shall be made available to domestic processors in the contiguous 48 United States at prevailing domestic prices. Should Region 10 sell, in fiscal year 2003, less than the annual average portion of the decadal allowable sale quantity called for in the Tongass Land Management Plan in sales which are not deficit when appraised using a residual value approach that assigns domestic Alaska values for western redcedar, the volume of western redcedar timber available to domestic processors at prevailing domestic prices in the contiguous 48 United States shall be that volume: (i) which is surplus to the needs of domestic processors in Alaska, and (ii) is that percent of the surplus western redcedar volume determined by calculating the ratio of the total timber volume which has been sold on the Tongass to the annual average portion of the decadal allowable sale quantity called for in the current Tongass Land Management Plan. The percentage shall be calculated by Region 10 on a rolling basis as each sale is sold (for purposes of this amendment, a "rolling basis" shall mean that the determination of how much western redcedar is eligible for sale to various markets shall be made at the time each sale is awarded). Western redcedar shall be deemed "surplus to the needs of domestic processors in Alaska" when the timber sale holder has

presented to the Forest Service documentation of the inability to sell western redcedar logs from a given sale to domestic Alaska processors at a price equal to or greater than the log selling value stated in the contract. All additional western redcedar volume not sold to Alaska or contiguous 48 United States domestic processors may be exported to foreign markets at the election of the timber sale holder. All Alaska yellow cedar may be sold at prevailing export prices at the election of the timber sale holder.

SEC. 320. A project undertaken by the Forest Service under the Recreation Fee Demonstration Program as authorized by section 315 of the Department of the Interior and Related Agencies Appropriations Act for Fiscal Year 1996, as amended, shall not result in—

(1) displacement of the holder of an authorization to provide commercial recreation services on Federal lands. Prior to initiating any project, the Secretary shall consult with potentially affected holders to determine what impacts the project may have on the holders. Any modifications to the authorization shall be made within the terms and conditions of the authorization and authorities of the impacted agency.

(2) the return of a commercial recreation service to the Secretary for operation when such services have been provided in the past by a private sector provider, except when—

(A) the private sector provider fails to bid on such opportunities;

(B) the private sector provider terminates its relationship with the agency; or

(C) the agency revokes the permit for non-compliance with the terms and conditions of the authorization.

In such cases, the agency may use the Recreation Fee Demonstration Program to provide for operations until a subsequent operator can be found through the offering of a new prospectus.

SEC. 321. REVISION OF FOREST PLANS. Prior to October 1, 2003, the Secretary of Agriculture shall not be considered to be in violation of subparagraph 6(f)(5)(A) of the Forest and Rangeland Renewable Resources Planning Act of 1974 (16 U.S.C. 1604(f)(5)(A)) solely because more than 15 years have passed without revision of the plan for a unit of the National Forest System. Nothing in this section exempts the Secretary from any other requirement of the Forest and Rangeland Renewable Resources Planning Act (16 U.S.C. 1600 et seq.) or any other law: *Provided*, That if the Secretary is not acting expeditiously and in good faith, within the funding available, to revise a plan for a unit of the National Forest System, this section shall be void with respect to such plan and a court of proper jurisdiction may order completion of the plan on an accelerated basis.

SEC. 322. No funds provided in this Act may be expended to conduct preleasing, leasing and related activities under either the Mineral Leasing Act (30 U.S.C. 181 et seq.) or the Outer Continental Shelf Lands Act (43 U.S.C. 1331 et seq.) within the boundaries of a National Monument established pursuant to the Act of June 8, 1906 (16 U.S.C. 431 et seq.) as such boundary existed on January 20, 2001, except where such activities are allowed under the Presidential proclamation establishing such monument.

SEC. 323. Section 347(a) of the Department of the Interior and Related Agencies Appropriations Act, 1999, as included in Public Law 105-277 is amended by striking "2004" and inserting "2005". The authority to enter into stewardship and end result contracts provided to the Forest Service in accordance with section 347 of title III of section 101(e) of division A of Public Law 105-277 is hereby expanded to authorize the Forest Service to enter into an additional 28 contracts subject to the same terms and conditions as provided

in that section: *Provided*, That of the additional contracts authorized by this section at least 9 shall be allocated to Region 1.

SEC. 324. Employees of the foundations established by Acts of Congress to solicit private sector funds on behalf of Federal land management agencies shall, beginning in fiscal year 2004, qualify for General Service Administration contract airfares.

SEC. 325. In entering into agreements with foreign countries pursuant to the Wildfire Suppression Assistance Act (42 U.S.C. 1856m) the Secretary of Agriculture and the Secretary of the Interior are authorized to enter into reciprocal agreements in which the individuals furnished under said agreements to provide wildfire services are considered, for purposes of tort liability, employees of the country receiving said services when the individuals are fighting fires. The Secretary of Agriculture or the Secretary of the Interior shall not enter into any agreement under this provision unless the foreign country (either directly or through its fire organization) agrees to assume any and all liability for the acts or omissions of American firefighters engaged in firefighting in a foreign country. When an agreement is reached for furnishing fire fighting services, the only remedies for acts or omissions committed while fighting fires shall be those provided under the laws of the host country and those remedies shall be the exclusive remedies for any claim arising out of fighting fires in a foreign country. Neither the sending country nor any organization associated with the firefighter shall be subject to any action whatsoever pertaining to or arising out of fighting fires.

SEC. 326. A grazing permit or lease issued by the Secretary of the Interior or a grazing permit issued by the Secretary of Agriculture where National Forest System lands are involved that expires, is transferred, or waived during fiscal year 2003 shall be renewed under Section 402 of the Federal Land Policy and Management Act of 1976, as amended (43 U.S.C. 1752), Section 19 of the Granger-Thye Act, as amended (16 U.S.C. 5801), or, if applicable, section 510 of the California Desert Protection Act (16 U.S.C. 410aaa-50). The terms and conditions contained in the expired, transferred, or waived permit or lease shall continue in effect under the renewed permit or lease until such time as the Secretary of the Interior or Secretary of Agriculture as appropriate completes processing of such permit or lease in compliance with all applicable laws and regulations, at which time such permit or lease may be canceled, suspended or modified, in whole or in part, to meet the requirements of such applicable laws and regulations. Nothing in this section shall be deemed to alter the statutory authority of the Secretary of the Interior or the Secretary of Agriculture: *Provided*, That where National Forest System lands are involved and the Secretary of Agriculture has renewed an expired or waived grazing permit prior to fiscal year 2003 under the authority of Section 504 of the Rescissions Act of 1995 (Public Law 104-19), the terms and conditions of the renewed grazing permit shall remain in effect until such time as the Secretary of Agriculture completes processing of the renewed permit in compliance with all applicable laws and regulations or until the expiration of the renewed permit, whichever comes first. Upon completion of the processing, the permit may be canceled, suspended or modified, in whole or in part, to meet the requirements of applicable laws and regulations. Nothing in this section shall be deemed to alter the Secretary of Agriculture's statutory authority.

SEC. 327. In awarding a Federal Contract with funds made available by this Act, the Secretary of Agriculture and the Secretary

of the Interior (the "Secretaries") may, in evaluating bids and proposals, give consideration to local contractors who are from, and who provide employment and training for, dislocated and displaced workers in an economically disadvantaged rural community, including those historically timber-dependent areas that have been affected by reduced timber harvesting on Federal lands and other forest-dependent rural communities isolated from significant alternative employment opportunities: *Provided*, That the contract is for forest hazardous fuels reduction, watershed or water quality monitoring or restoration, wildlife or fish population monitoring, or habitat restoration or management: *Provided further*, That the terms "rural community" and "economically disadvantaged" shall have the same meanings as in section 2374 of Public Law 101-624: *Provided further*, That the Secretaries shall develop guidance to implement this section: *Provided further*, That nothing in this section shall be construed as relieving the Secretaries of any duty under applicable procurement laws, except as provided in this section.

(a) GENERAL.—Notwithstanding any other provision of law, beginning on the date that is 6 months after the date of enactment of this Act—

(1) section 121.383(c) of title 14, Code of Federal Regulations, shall not apply;

(2) no certificate holder may use the services of any person as a pilot on an airplane engaged in operations under part 121 of title 14, Code of Federal Regulations, if that person is 63 years of age or older; and

(3) no person may serve as a pilot on an airplane engaged in operations under part 121 of title 14, Code of Federal Regulations, if that person is 63 years of age or older.

(b) CERTIFICATE HOLDER.—For purposes of this section, the term “certificate holder” means a holder of a certificate to operate as an air carrier or commercial operator issued by the Federal Aviation Administration.

(c) RESERVATION OF SAFETY AUTHORITY.—Nothing in this section is intended to change the authority of the Federal Aviation Administration to take steps to ensure the safety of air transportation operations involving a pilot who has reached the age of 60, including its authority—

(1) to require such a pilot to undergo additional or more stringent medical, cognitive, or proficiency testing in order to retain certification; or

SA 4483. Mr. MURKOWSKI submitted an amendment intended to be proposed by him to the bill H.R. 5005, to establish the Department of Homeland Security, and for other purposes; which was ordered to lie on the table; as follows:

At the appropriate place, insert the following:

SEC. . FOOD AND DRINKING WATER SUPPLY SECURITY PROGRAM.

(a) FINDINGS.—Congress finds that—

(1) section 413 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5180) authorizes the purchase of food commodities to provide adequate supplies of food for use in any area of the United States in the event of a major disaster or emergency in the area;

(2) the current terrorist threat was not envisioned when that Act was enacted, and the Act does not specifically require prepositioning of food supplies;

(3) the maintenance of safe food and drinking water supplies is essential;

(4) stored food supplies for major cities are minimal;

(5) if terrorist activity were to disrupt the transportation system, affect food supplies directly, or create a situation in which a quarantine would have to be declared, it would require a considerable period of time to ensure delivery of safe food supplies;

(6) terrorist activity could also disrupt drinking water supplies; and

(7) accordingly, emergency food and drinking water repositories should be established at such locations as will ensure the availability of food and drinking water to populations in areas that are vulnerable to terrorist activity.

(b) REPORT.—

(1) IN GENERAL.—Not later than 180 days after the date of enactment of this Act, the Secretary of Homeland Security shall submit to Congress a report with information necessary to the establishment of secure prepositioned emergency supplies of food and drinking water for major population centers for use in the event of a breakdown in the food supply and delivery chain.

(2) CONSIDERATIONS.—The report shall consider the likelihood of such breakdowns occurring from accidents and natural disasters as well as terrorist activity.

(3) CONTENTS.—The report shall—

(A) identify the 20 most vulnerable metropolitan areas or population concentrations in the United States; and

(B) make recommendations regarding the appropriate number of days' supply of food to be maintained to ensure the security of the population in each such area.

(c) REPOSITORIES.—

(1) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Secretary of Homeland Security shall establish secure repositories for food and drinking water in each of the 20 areas identified in the report.

(2) ACCESSIBILITY.—The repositories shall be locally accessible without special equipment in the event of major transportation breakdown.

(d) PURCHASE OF SUPPLIES.—

(1) IN GENERAL.—The Secretary of Agriculture shall purchase and maintain food and water stocks for each repository, consistent with determinations made by the Secretary of Homeland Security.

(2) PHASING IN.—Purchases and full stocking of repositories may be phased in over a period of not more than 3 years.

(3) PRODUCTS OF THE UNITED STATES.—The Secretary of Agriculture shall purchase for the repositories food and water supplies produced, processed, and packaged exclusively in the United States.

(4) SELECTION.—Food and water supplies for the repositories shall be selected and managed so as to provide—

(A) quantities and packaging suitable for immediate distribution to individuals and families;

(B) forms of food products suitable for immediate consumption in an emergency without heating and without further preparation;

(C) packaging that ensures that food products are maximally resistant to postproduction contamination or adulteration;

(D) packaging and preservation technology to ensure that the quality of stored food and water is maintained for a minimum of 4 years at ambient temperatures;

(E) a range of food products, including meats, seafood, dairy, and vegetable (including fruit and grain) products, emphasizing, insofar as practicable—

(i) food products that meet multiple nutritional needs, such as those composed primarily of high-quality protein in combination with essential minerals; and

(ii) food products with a high ratio of nutrient value to cost;

(F) rotation of stock, in repositories on a regular basis at intervals of not longer than 3 years; and

(G) use of stocks of food being rotated out of repositories for other suitable purposes.

(e) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated such sums as are necessary to carry out this section.

SA 4484. Mr. MURKOWSKI submitted an amendment intended to be proposed by him to the bill H.R. 5005, to establish the Department of Homeland Security, and for other purposes; which was ordered to lie on the table; as follows:

At the appropriate place, insert the following:

SEC. . NATIONAL DEFENSE RAIL CONNECTION.

(a) FINDINGS.—Congress finds that—

(1) A comprehensive rail transportation network is a key element of an integrated transportation system for the North American continent, and federal leadership is required to address the needs of a reliable, safe, and secure rail network, and to connect all areas of the United States for national defense and economic development, as previously done for the interstate highway system, the Federal aviation network, and the transcontinental railroad;

(2) The creation and use of joint use corridors for rail transportation, fiber optics, pipelines, and utilities are an efficient and appropriate approach to optimizing the nation's interconnectivity and national security;

(3) Government assistance and encouragement in the development of the transcontinental rail system successfully led to the growth of economically strong and socially stable communities throughout the western United States;

(4) Government assistance and encouragement in the development of the Alaska Railroad between Seward, Alaska and Fairbanks, Alaska successfully led to the growth of economically strong and socially stable communities along the route, which today provide homes for over 70% of Alaska's total population;

(5) While Alaska and the remainder of the continental United States has been connected by highway and air transportation, no rail connection exists despite the fact that Alaska is accessible by land routes and is a logical destination for the North American rail system;

(6) Rail transportation in otherwise isolated areas is an appropriate means of providing controlled access, reducing overall impacts to environmentally sensitive areas over other methods of land-based access;

(7) Because Congress originally authorized 1,000 miles of rail line to be built in Alaska, and because the system today covers only approximately half that distance, substantially limiting its beneficial effect on the economy of Alaska and the nation, it is appropriate to support the expansion of the Alaska system to ensure the originally planned benefits are achieved;

(8) Alaska has an abundance of natural resources, both material and aesthetic, access to which would significantly increase Alaska's contribution to the national economy;

(9) Alaska contains many key national defense installations, including sites chosen for the construction of the first phase of the National Missile Defense system, the cost of which could be significantly reduced if rail transportation were available for the movement of materials necessary for construction and for the secure movement of launch vehicles, fuel and other operational supplies;

(10) The 106th Congress recognized the potential benefits of establishing a rail connection to Alaska by enacting legislation to authorize a U.S.-Canada bilateral commission to study the feasibility of linking the rail system in Alaska to the nearest appropriate point in Canada of the North American rail network; and

(11) In support of pending bilateral activities between the United States and Canada, it is appropriate for the United States to un-

dertake activities relating to elements within the United States.

(b) IDENTIFICATION OF NATIONAL DEFENSE RAILROAD-UTILITY CORRIDOR.—

(1) Within one year from the date of enactment of this Act, the Secretary of the Interior, in consultation with the Secretary of Transportation, the State of Alaska and the Alaska Railroad Corporation, shall identify a proposed national defense railroad-utility corridor linking the existing corridor of the Alaska Railroad to the vicinity of the proposed National Missile Defense facilities at Fort Greely, Alaska. The corridor shall be at least 500 feet wide and shall also identify land for such terminals, stations, maintenance facilities, switching yards, and material sites as are considered necessary.

(2) The identification of the corridor under paragraph (1) shall include information providing a complete legal description and noting the current ownership of the proposed corridor and associated land.

(3) In identifying the corridor under paragraph (1), the Secretary shall consider, at a minimum, the following factors:

(A) The proximity of national defense installations and national defense considerations;

(B) The location of and access to natural resources that could contribute to economic development of the region;

(C) Grade and alignment standards that are commensurate with rail and utility construction standards and that minimize the prospect of at-grade railroad and highway crossings;

(D) Availability of construction materials;

(E) Safety;

(F) Effects on and service to adjacent communities and potential intermodal transportation connections;

(G) Environmental concerns;

(H) Use of public land to the maximum degree possible;

(I) Minimization of probable construction costs;

(J) An estimate of probable construction costs and methods of financing such costs through a combination of private, state, and federal sources; and

(K) Appropriate utility elements for the corridor, including but not limited to petroleum product pipelines, fiber-optic telecommunication facilities, and electrical power transmission lines, and

(L) Prior and established traditional uses.

(4) The Secretary may, as part of the corridor identification, include issues related to the further extension of such corridor to a connection with the nearest appropriate terminus of the North American rail network in Canada.

(c) NEGOTIATION AND LAND TRANSFER.—

(1) The Secretary of the Interior shall—

(A) upon completion of the corridor identification in subsection (b), negotiate the acquisition of any lands in the corridor which are not federally owned through an exchange for lands of equal or greater value held by the federal government elsewhere in Alaska; and

(B) upon completion of the acquisition of lands under paragraph (A), the Secretary shall convey to the Alaska Railroad Corporation, subject to valid existing rights, title to the lands identified under subsection (b) as necessary to complete the national defense railroad-utility corridor, on condition that the Alaska Railroad Corporation construct in the corridor an extension of the railroad system to the vicinity of the proposed national missile defense installation at Fort Greely, Alaska, together with such other utilities, including but not limited to fiber-optic transmission lines and electrical transmission lines, as it considers necessary and appropriate. The Federal interest in lands

conveyed to the Alaska Railroad Corporation under this Act shall be the same as in lands conveyed pursuant to the Alaska Railroad Transfer Act (45 USC 1201 et seq.).

(d) **APPLICABILITY OF OTHER LAWS.**—Actions authorized in this Act shall proceed immediately and to conclusion not withstanding the land-use planning provisions of Section 202 of the Federal Land Policy and Management Act of 1976, P.L. 94-579.

(e) **AUTHORIZATION OF APPROPRIATIONS.**—There are authorized to be appropriated such sums as may be necessary to carry out the provisions of this Act.

(2) According to the Federal Aviation Administration, between 33,000 and 35,000 commercial flights occur every day in the United States.

(3) The Aviation and Transportation Security Act (public law 107-71) mandated that air marshals be on all high risk flights such as those targeted on September 11, 2001.

(5) A comprehensive and strong terrorism prevention program is needed to defend the Nation's skies against acts of criminal violence and air piracy. Such a program should include—

- (A) armed Federal air marshals;
- (B) other Federal agents;
- (C) reinforced cockpit doors;
- (D) properly-trained armed pilots;

No air carrier may prohibit a Federal flight deck officer from carrying a firearm in accordance with the provisions of the Arming Pilots Against Terrorism and Cabin Defense Act of 2002.

“(g) AUTHORITY TO USE FORCE.—Notwithstanding section 44903(d), a Federal flight deck officer may use force (including lethal force) against an individual in the defense of a commercial aircraft in air transportation or intrastate air transportation if the officer reasonably believes that the security of the aircraft is at risk.

“(h) LIMITATION ON LIABILITY.—

“(1) LIABILITY OF AIR CARRIERS.—An air carrier shall not be liable for damages in any action brought in a Federal or State court arising out of the air carrier employing a pilot of an aircraft who is a Federal flight deck officer under this section or out of the acts or omissions of the pilot in defending an aircraft of the air carrier against acts of criminal violence or air piracy.

HONORING THE 2002 LITTLE LEAGUE BASEBALL WORLD SERIES WINNER

Mr. REID. I ask unanimous consent that the Senate proceed to the consideration of S. Res. 320, which was introduced earlier today by Senator BUNNING.

The PRESIDING OFFICER. The clerk will report the resolution by title.

The legislative clerk read as follows:

A resolution (S. Res. 320) honoring the Valley Sports American Little League baseball team from Louisville, Kentucky, for winning the 2002 Little League Baseball World Series.

There being no objection, the Senate proceeded to consider the resolution.

Mr. BUNNING. Mr. President, I rise today to take this opportunity, along with my colleague from Kentucky, Senator MCCONNELL, to speak in support of this resolution honoring the Valley Sports American Little League Baseball Team from Louisville, Kentucky for winning the 2002 Little League Baseball World Series.

This is the first time in the 56-year history of the Little League World Series that a team from Kentucky has won the championship.

And all of us throughout the commonwealth are very proud of these young men and their coaches.

In fact, this team made it through their entire playoff run without losing a single game—24 games and 24 wins. As someone who played and managed professional baseball for over a quarter-century, I can tell my colleagues just how difficult it is to win 24 games in a row at any level of the sport.

Over the last month, when major league players were bickering with owners about salaries and revenue-sharing and drug-testing, the little leaguers showed the best of what baseball and our young people have to offer.

They played with grit, determination and great skill. They displayed spectacular sportsmanship along with giving us some of the finest baseball you will ever see.

The young men from Valley Sports played America’s national pastime as it is meant to be played.

I take this opportunity to congratulate all of these young men—Aaron Alvey, Justin Elkins, Ethan Henry, Alex Hornback, Wes Jenkins, Casey Jordan, Shane Logsdon, Blaine Madden, Zach Osborne, Jake Remines, Josh Robinson and Wes Walden—along with their manager and coaches—Troy Osborne, Keith Elkins and Dan Roach—for this remarkable achievement.

Their heart and determination are models for us all. In my mind, they are all true all stars.

Mr. REID. Mr. President, I might note just in passing, this is a resolution honoring the Kentucky baseball team that won the Little League World Series, and there can be no better person to do this than the Senator from Kentucky, who is a member of the professional Baseball Hall of Fame. So I think it is worth noting that a Member
