STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. JOHNSON:

S. 2903. A bill to amend title 38, United States Code, to provide for a guaranteed adequate level of funding for veterans health care; to the Committee on Veterans' Affairs.

Mr. JOHNSON. Mr. President, I rise today to introduce the Veterans Health Care Funding Guarantee Act.

I am introducing the legislation because I believe the VA health care system is on the brink of crisis. While the number of veterans in the United States has decreased over the years, the number of veterans utilizing the VA health care system has increased exponentially. This is due in large part to the availability of Community-Based Outpatient Clinics and the prescription drug benefits available through the VA. The VA estimates that it will see an additional 1.2 million patients over the next fiscal year. This would bring the number of veterans served through the VA up to 4.9 million, a 31 percent increase in one year.

While the VA has become the health care system of choice for many veterans, the system is simply not equipped to handle this kind of patient influx at the current funding level. According to the VA, 300,000 veterans are waiting for appointments, half of them will end up waiting six months or more. I know this to be the case in my own State. In Sioux Falls, veterans are currently being given appointment dates for November of 2003. Furthermore, recent articles in the Aberdeen American News and the Argus Leader reported that the VA has been instructed not to recruit veterans into the health care system any more because of lack of resources.

This is despite the fact that for the past several years Congress has provided funding for veterans health care in excess of the VA's request. Two years ago, I helped fight for a \$1.4 billion increase in veterans health care funding over the Administration's initial request. Last year, we succeeded in adding an additional \$1.1 billion. During Senate consideration of the Fiscal Year 2002 Emergency Supplemental Appropriations bill, I was pleased to work with my fellow members of the Appropriations Committee to ensure that

\$417 million in additional funding for veterans health care was included in the bill. Given the current problems within the VA health care system, I was disappointed that President refused to spend \$275 million of the emergency funding that was earmarked for veterans health care. According to the Independent Budget, which is prepared by the Disabled American Veterans, AMVETS, the Paralyzed Veterans of America, and the Veterans of Foreign Wars, the Administration's Fiscal Year 2003 request for VA health care is \$1.7 billion less than what is needed to fully fund our veterans' health care needs.

We need a new approach to veterans health care. The Veterans Health Care Funding Guarantee Act that I am introducing today would change the way in which the VA health care system is funded by moving it from discretionary to mandatory spending. The bill would establish a base-line funding year and calculate the average cost of a veteran using the VA health care system. The bill would then provide funding for the total number of veterans who participate in the VA health care system. That would be indexed annually for inflation.

In my opinion, the men and women who put their lives on the line in defense of this Nation should not be told that they need to wait up to a year before someone can assess their medical needs. I believe that the Veterans Health Care Funding Guarantee Act is an important starting point to begin a discussion about maintaining our commitments to our Nation's veterans. It is my hope that my colleagues will join me in examining new ways to provide our veterans with the high-quality health care they deserve.

By Mr. ALLARD:

S. 2905. A bill to repeal the sunset of the Economic Growth and Tax Relief Reconciliation Act of 2001 with respect to the elimination of the 60-month limit and an increase in the income limitation on the student loan interest deduction; to the Committee on Finance.

Mr. ALLARD. Mr. President, today I introduce legislation that will repeal the sunset of the Economic Growth and Tax Relief Reconciliation Act of 2001 with respect to student loan interest deduction. My bill will make permanent the provisions that are set to expire under current law on December 31, 2010. The affected provisions include the elimination of the 60-month limit on deductibility of interest paid on a qualified education loan and clarify that voluntary payments of interests are deductible, as well as the adjustment to the phase out range for eligibility for loan interest deduction up to \$50,000 through \$65,000 for single taxpayers and \$100,000 to \$130,000 for joint returns.

Making these provisions permanent will be good for taxpayers because borrowers will benefit from added tax relief when they voluntarily pay back
