TRIBUTE TO CARL THOMPSON

● Mr. FEINGOLD. Mr. President, today I pay tribute to the memory of Carl Thompson, one of the founders of Wisconsin's modern Democratic Party. I was proud to know Carl, and had the pleasure of serving with him in the Wisconsin State Senate. Wisconsin was lucky to have him as a leading voice for progressivism in our State.

Carl was the youngest delegate at the founding convention of the State Progressive Party in Wisconsin. From those early days he never wavered from his commitment to an honest Government that truly served the interests of the people.

Twice the Democratic candidate for Governor, Carl spent a lifetime dedicated to serving Wisconsin, whether he was running for the State's top office or serving 30 years in the Wisconsin State Senate. He also served as a member of the State's Labor and Industry Review Commission.

When I served with Carl in the 1980s, I was struck, as was everyone who knew Carl Thompson, by his dedication to the great State of Wisconsin, and to the people he served. He was a powerful advocate for veterans' housing, and was one of the State's leading voices on the importance of preserving our First Amendment freedoms. Carl Thompson was also a great storyteller with a wonderful wit and sense of humor.

I am deeply saddened by Carl Thompson's passing, but I know that his leadership has left a lasting mark on the Wisconsin Democratic Party, and our State. He will be remembered for many years to come.●

POM-308. A House joint memorial that was adopted by the Legislature of the State of Washington relative to the National Guard; to the Committee on Armed Services.

HOUSE JOINT MEMORIAL 4017

Whereas, Within days of the September 11, 2001, terrorist attacks in New York City and Washington D.C., the nation's governors activated National Guard soldiers and airmen to augment security at 422 of the nation's international airports; and

Whereas, In true state-federal partnership, National Guard forces are providing aerial port security under the command and control of the sovereign states, territories, and the District of Columbia and the federal government is funding such duties "in the service of the United States" under Title 32 U.S.C., Section 502(f), hereinafter referred to as "Title 32 duty"; and

Whereas, Title 32 duty has been used, *inter alia*, for more than twenty years for National Guard full-time staffing, for National Guard support for local, state, and federal law enforcement agencies under Governors' Counter-Drug Plans for more than twelve years, for National Guard Civil Support Team technical assistance for local first responders for more than two years, and for aerial port security following the attacks of September 11. Of particular note, the National Guard Counter-Drug Program has long included Title 32 support for United States Customs, Border Patrol, and Immigration and Naturalization Service activities at United States Ports of Entry; and

Whereas, In the aftermath of the September 11 attacks, increased security and inadequate federal staffing have limited the flow of persons, goods, and services across our nation's borders. These factors have contributed to a serious weakening of the American and Canadian economies, especially in states such as Washington; and

Whereas, The governors of northern tier border states wrote President Bush in November 2001 offering to provide Title 32 National Guard augmentation for United States Customs, Border Patrol, and Immigration and Naturalization Service operations at United States ports of entry. Such relief could have been, and still can be, effected within days of acceptance by the federal government; and

Whereas, There is still no relief at our borders due to inaction on the governors' offer of Title 32 National Guard assistance and conflicting Department of Defense proposals to federalize the National Guard or otherwise enhance border security with active duty military personnel instead of Title 32 National Guard members; and

Whereas, Federalizing the National Guard under Title 10 U.S.C. would degrade the combat readiness of units from which Guardsmen would be mobilized, interfere with effective state force management, and prevent personal accommodations for soldiers and their civilian employers; and

Whereas, Stationing federal military forces at the United States-Canada border would be an unprecedented unilateral action by the United States; and

Whereas, The nation's border states need prompt relief which can best be provided by Title 32 National Guard forces being deployed to assist lead federal agencies at the borders "in the service of the United States," but under continued state command and control; and

Whereas, The Washington State Legislature opposes federalization of the National Guard or assignment of federal military forces for United States border security: Now, therefore,

Your Memorialists respectfully pray that Congress assures prompt augmentation of
