

EXTENSIONS OF REMARKS

IN RECOGNITION OF DONATED DENTAL SERVICES

HON. J. DENNIS HASTERT

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, February 26, 2003

Mr. HASTERT. Mr. Speaker, I rise today to recognize the important contributions of Donated Dental Services to the dental health of elderly, disabled and medically compromised individuals across the nation.

The freedom and individual rights at the core of our society come from a shared responsibility for the health and well-being of our communities and for each other. Many members of the dental profession embrace this responsibility by offering their professional services to vulnerable individuals.

Since 1986, some 10,000 volunteer dentists across 32 states have provided an estimated \$50 million in comprehensive dental care to 44,000 needy individuals. The large volume of participation in Donated Dental Services clearly signifies a socially responsible and commendable commitment to expanding access to dental services for the underserved.

Through a coordinated effort, Donated Dental Services will soon endeavor to double its humanitarian service potential by adding 10,000 more volunteer dentists from across the country. This effort holds the promise of ensuring thousands more underserved Americans will receive access to dental care, thereby improving their quality of life and general well-being.

I commend the thousands of dentists who volunteer their time with Donated Dental Services, and I congratulate the program for their commitment to increase charitable care for our nation's underserved.

HONORING DRUG FREE WEEK ESSAY WINNER

HON. RALPH M. HALL

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, February 26, 2003

Mr. HALL of Texas. Mr. Speaker, I rise today to recognize a special student from Gladewater, TX, Brittany Linder, who was a

grand prize winner in the Red Ribbon Week "I am drug-free because..." essay contest sponsored by the city of Longview Partners in Prevention. Brittany represents Weldon Intermediate school in the Gladewater independent school district and is a fourth-grade student of Mrs. Cathy Bedair. She is the daughter of John and Blane Linder and the granddaughter of my longtime friend Carolyn Linder.

According to the White House Office of National Drug Control Policy, although recent trends in youth drug use have stabilized, the rates of use remain at high levels. Youth substance abuse, as we know, can lead to many other problems, including the development of delinquent behavior, anti-social attitudes and numerous health risks. These problems not only impact the child but also the child's family, friends, community and ultimately society as a whole.

Brittany speaks to this issue in her essay: "I am drug free because if I take drugs, I would not be able to realize my dreams. I would not be able to be a good teacher, or mother. If I take drugs, I would hurt valuable brain cells and when I found my dreams, I would not be able to do it."

The essay entries from area fourth-graders were judged by LeTouneau University students. Throughout our Nation, dedicated teachers, parents, clergy, law enforcement officers, healthcare providers, local government officials and community volunteers are involved in various drug-prevention programs that raise awareness among our young people of the dangers of drug use and help those already suffering the consequences of such use. Beginning these programs at a young age is one key to their success, and I commend programs such as the Drug Free Week essay contest that seek to instruct and involve our young people in this issue.

Mr. Speaker, I want to congratulate Brittany on her winning essay and commend her for taking a strong stand against the use of drugs.

Wednesday, February 26, 2003

Mr. CAPUANO. Mr. Speaker, I rise to inform the House of the inauguration of President Roh Moo Hyun of the Republic of Korea (ROK) on February 25, 2003. His inauguration marks a new opportunity for peace on the Korean peninsula and a stronger relationship with the United States.

President Roh represents a new generation of South Korean leaders that have been entrusted with an awesome responsibility to protect democracy in an age of growing instability and open hostility on the Korean peninsula. South Korea has grown into a country that has successfully transformed into a thriving, democratic nation over the last several decades. I am confident that under the leadership of

President Roh, a new generation of Koreans will effectively use their country's untapped human, economic, and political potential to shape an even brighter and more prosperous world.

The new South Korean government also presents an important opportunity for US Korean relations. We must work together to ease the tension that has been permitted to rise on the peninsula in recent months. I know Americans share a common goal with the South Korean people in achieving a safer, more secure world, and promoting peace and prosperity on the Korean peninsula and throughout Asia.

The United States is dedicated to achieving these common goals with South Korea. Both nations must come together to formulate proposals to address the security challenges we are facing. Over the last 50 years, we have joined with South Korea to promote democracy in Asia. I am hopeful that our relationship will continue to grow under President Roh's leadership.

I want to congratulate President Roh and the citizens of South Korea for boldly taking up the challenge to build a better and safer Korea.

INTRODUCTION OF A BILL TO EXPAND NATIVE CONTRACTING IN THE STATE OF ALASKA

HON. DON YOUNG

OF ALASKA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, February 26, 2003

Mr. YOUNG of Alaska. Mr. Speaker, I am again introducing a bill to expand the Alaska Native contracting of Federal land management functions and activities and to promote hiring of Alaska Natives by the Federal government within the State of Alaska.

Many rural Alaska native communities are located within close proximity of refuges that play an important role in the culture of Alaska natives and other residents in rural Alaska. Congress, through Sections 1307 and 1308 of the Alaska National Interest Lands Conservation Act (ANILCA) of 1980 directed the Secretary of the Interior to establish programs whereby Native lands were given preference for siting of conservation service unit facilities and for native hiring. These provisions also recognized that the Natives whose front and back yards were now part of the federal parks and preserves systems should be involved in the administering of the lands because of their special knowledge and expertise concerning the natural or cultural resources of such areas.

P.L. 106-488 authorized two pilot projects in the Bering Straits and NANA Region in northwest Alaska. These include the following preserves: Bering Land Bridge National Preserve; Cape Krusenstern National Monument; Kobuk Valley National Park; and Noatak National Preserve. Neither of these projects have been implemented.

Twenty-three years have passed since the 1980 ANILCA amendments were enacted, and the contracting and native hire provisions remain unfulfilled by the Department of the Interior. My bill would remedy this by directing the Department of the Interior to implement sections 1307 and 1308 of the 1980 ANILCA amendments and enter into demonstration projects.

Over the ten years he has been involved in Scouting, he has held numerous leadership positions, serving as patrol leader, quartermaster, and senior patrol leader. Stephen also has been honored for his numerous scouting achievements by becoming a brotherhood member of the Order of the Arrow.

For his Eagle Scout project, Stephen improved portions of a trail at the Parkville Nature Sanctuary. He constructed a rock bridge, two check dams, and a rocked part of the White Tail Trail, helping walkers get through the park more easily.

Mr. Speaker, I proudly ask you to join me in commending Stephen John Moore for his accomplishments with the Boy Scouts of America and for his efforts put forth in achieving the highest distinction of Eagle Scout.
