POISON CONTROL CENTER ENHANCEMENT AND AWARENESS ACT AMENDMENTS OF 2003

Mr. BILIRAKIS. Mr. Speaker, I move to suspend the rules and pass the Senate bill (S. 686) to provide assistance

for poison prevention and to stabilize the funding of regional poison control centers, as amended.

The Clerk read as follows:
S. 686

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Poison Control Center Enhancement and Awareness Act Amendments of 2003".

SEC. 2. FINDINGS.

The Congress finds the following:

(1) Poison control centers are our Nation's primary defense against injury and deaths from poisoning. Twenty-four hours a day, the general public as well as health care practitioners contact their local poison centers for help in diagnosing and treating victims of poisoning and other toxic exposures.

(2) Poisoning is the third most common form of unintentional death in the United States. In any given year, there will be between 2,000,000 and 4,000,000 poison exposures. More than 50 percent of these exposures will involve children under the age of 6 who are exposed to toxic substances in their home. Poisoning accounts for 285,000 hospitalizations, 1,200,000 days of acute hospital care, and 13,000 fatalities annually.

(3) Stabilizing the funding structure and increasing accessibility to poison control centers will promote the utilization of poison control centers, and reduce the inappropriate use of emergency medical services and other more costly health care services.

(4) The tragic events of September 11, 2001, and the anthrax cases of October 2001, have dramatically changed our Nation. During this time period, poison centers in many areas of the country were answering thousands of additional calls from concerned residents. Many poison centers were relied upon as a source for accurate medical information about the disease and the complications resulting from prophylactic antibiotic therapy.

(5) The 2001 Presidential Task Force on Citizen Preparedness in the War on Terrorism recommended that the Poison Control Centers be used as a source of public information and public education regarding potential biological, chemical, and nuclear domestic terrorism.

(6) The increased demand placed upon poison centers to provide emergency information in the event of a terrorist event involving a biological, chemical, or nuclear toxin will dramatically increase call volume.

SEC. 3. AMENDMENT TO PUBLIC HEALTH SERVICE ACT.

Title XII of the Public Health Service Act (42 U.S.C. 300d et seq.) is amended by adding at the end the following:

"PART G—POISON CONTROL

"SEC. 1271. MAINTENANCE OF A NATIONAL TOLL-FREE NUMBER.

"(a) IN GENERAL.—The Secretary shall provide coordination and assistance to regional poison control centers for the establishment of a nationwide toll-free phone number to be used to access such centers.

"(b) RULE OF CONSTRUCTION.—Nothing in this section shall be construed as prohibiting the establishment or continued operation of any privately funded nationwide toll-free phone number used to provide advice and other assistance for poisonings or accidental exposures.

"(c) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section \$2,000,000 for each of the fiscal years 2000 through 2009. Funds appropriated under this subsection shall not be used to fund any toll-free phone number described in subsection (b).
