

for our future, because we know that without vision, people perish.

Mr. BURGESS. Madam Speaker, I reserve the balance of my time.

Mr. HALL. Madam Speaker, I yield 3 minutes to the gentleman from Texas (Mr. GREEN), a member of the Committee on Energy and Commerce and a long-time supporter of NASA, being from the Houston area.

Mr. GREEN of Texas. Madam Speaker, I rise in strong support of the resolution of my good friend, the gentleman from Texas (Mr. HALL).

Human space flight is America's ultimate commitment to scientific exploration and research, and astronauts receive and deserve the most glory because they take the ultimate risk, as we know from the *Columbia* and the crew of *Apollo 1*, and the *Challenger*. They all made the ultimate sacrifice.

It is interesting, this resolution, because yesterday I had the opportunity in my district to visit three middle schools, Hambrick Middle School in Aldine ISP, Patrick Henry and Stevenson Middle Schools in the Houston Independent School District, with NASA astronaut Franklin Chang Diaz to encourage our young children to pursue careers in math and science and engineering so they can get great jobs and maybe even work for NASA one day. This is a great experience. I have been able to do that for a number of years with the astronauts in our community, because space exploration is not just the here and now, it is the future.

That is why this resolution, I think, is so important because it does look into the future. To get our Space Shuttles back into orbit, we need to know what went wrong and how to fix it. To do this, 30,000 people from local, State, and Federal agencies participated in the search for debris from the *Columbia* to try to piece together what happened. These efforts resulted in 82,000 pieces weighing 80,000 pounds, when workers covered 1.6 million acres on the ground and in the air. Importantly, many wing pieces, tiles, and the flight data box have been recovered and are being analyzed by NASA engineers right now.

Amazingly, with the tremendous efforts of the search parties, five of the nine experiments aboard *Columbia* have been recovered, including one experiment developing cancer treatment drugs.

□ 1545

I would like to close by noting that the Federal Emergency Management Agency is assuming most of the \$300 million tab on this important operation; \$1.2 million will reimburse Texas for the over-900 Texas National Guard personnel who participated.

I urge my colleagues to remember the expense needed for human space flight when we consider NASA's funding later this year. Shuttle maintenance and safety requirements are the highest priority. We need to take the lessons learned from the *Columbia* recovery search to heart and put them

into practice. Again, I thank the gentleman from Texas (Mr. HALL) and the gentleman from Texas (Mr. BURGESS) and urge my colleagues to suspend the rules and pass this resolution.

Mr. HALL. Madam Speaker, I yield myself such time as I may consume.

I urge the passage of this resolution. I thank the gentleman from Texas (Mr. BURGESS) for his participation and his support. He is a man of medicine and a very valuable member of the Committee on Science. I thank him for his input and will expect and appreciate his support of this resolution which I know is coming.

Madam Speaker, I yield back the balance of my time.

Mr. BURGESS. Madam Speaker, I yield back the balance of my time.

The SPEAKER pro tempore (Mrs. CAPITO). The question is on the motion offered by the gentleman from Texas (Mr. BURGESS) that the House suspend the rules and agree to the resolution, H. Res. 222.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds of those present have voted in the affirmative.

Mr. BURGESS. Madam Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX and the Chair's prior announcement, further proceedings on this motion will be postponed.

GENERAL LEAVE

Mr. BURGESS. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on the resolution just considered.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Texas?

There was no objection.
