

the anniversary period; and to elevate the visibility and significance of the commemoration.

Whereas, connecting battle sites, located in the States, from the spread of the war through southwestern Pennsylvania to its neighboring colonies and related sites from Pontiac's Rebellion, which occurred on the frontier as the immediate aftermath of the war, gives greater context for a new understanding of the critical role played in this era by Native American nations.

Whereas, the States' large network of battle sites from the French and Indian War can offer visitors a living historical storyline. The National Park Service has already begun programmatic efforts at several sites, including the well-known national battlefield Fort Necessity, and is supportive of the efforts to link these activities to the French and Indian War commemoration.

Whereas, it is important to translate the story into specific exhibit and public presentation strategies, including development of a shared logo, brochures and marketing plans to reach new audiences with targeted and effective messaging.

Whereas, a major centerpiece of the celebration will be a four-hour public television special, aimed at a broad general audience and aired as a national prime time television event. The reach and lasting effect of this national television event can be extended with cutting-edge technological tools to reach teachers and students nationwide with curricula and other related materials.

Whereas, Parkman Prize winning historian Fred Anderson is authoring an heavily illustrated popular book based on the film, which will also encourage new interest in the States' sites.

Whereas, the States will enjoy tourism opportunities through regional and multi-state tour and thematic guides that will be distributed at the 40-plus National Park Service Revolutionary War/18th century sites. Also, a new national French and Indian War thematic trail will be developed, linking the States and their sites.

Whereas, a national calendar of commemorations, reenactments and public programming in the States will generate and sustain interest for the life of the anniversary period. A national media strategy will be developed, including a press tour, to reach diverse markets.

Now therefore, the States and French and Indian War 250 have established a working relationship and agree in good faith to work together to focus on the commemoration of the 250th anniversary of the French and Indian War and commence the aforementioned activities as of February 22, 2004 and continue these activities until 2010 or terminated by any party.

In witness whereof, the State of Connecticut, the State of Delaware, the State of Illinois, the State of Indiana, the State of Maine, the State of Maryland, the Commonwealth of Massachusetts, the State of Michigan, the State of New Hampshire, the State of New Jersey, the State of New York, the State of North Carolina, the State of Ohio, the Commonwealth of Pennsylvania, the State of Rhode Island, the State of South Carolina, the State of Tennessee, the State of Vermont, the Commonwealth of Virginia, the State of West Virginia and French and Indian War 250 have

evidenced their good faith intent of the undersigned to work toward the goals herein enumerated.

IN HONOR OF ANDREW D'AMICO

**HON. ROBERT E. ANDREWS**

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, June 8, 2004*

Mr. ANDREWS. Mr. Speaker, with this month being Autism Awareness Month, I ask that you join me in recognizing the efforts of Andrew D'Amico and his parents, Mr. Frank D'Amico and Mrs. Nancy D'Amico in supporting this cause. With autism occurring in 1 in every 250 births nationwide, more scientific research in regard to causes and treatments would prove to be beneficial. The D'Amicos participate in the National Alliance for Autism Research (NAAR), an organization that as its name suggests funds and promotes scientific research to determine both the biological origin and possible cure for this condition. In 1994, NAAR became the first association in the United States to uphold a mission dedicated to research concerning autism. More recently, on April 1st of last year, the D'Amicos along with other representatives of NAAR lobbied on NAAR's Hill Day for increases in the NIH budget specifically geared towards researching this condition.

In addition to boosting financial resources for research, NAAR builds a supportive community of friends and family connected to autism. This group's major fundraiser, Walk F.A.R. for NAAR, takes care of both bases by raising funds and by connecting many individuals through one powerful goal of spreading awareness and deepening knowledge. NAAR hosts this special 4-mile long walk in numerous locations throughout the Nation. Since May 2000, 150,000 walkers have together raised over \$15 million. The dedication and care of those involved in the walk survive any obstacle, as is evident in last year's Delaware Valley Walk. Rain drenched this site, but 2,000 supporters completed every bit of the 4 miles and collected \$204,000. The commitment of NAAR's members simply shines. Walkers can take part in this event separately or within a team. Andrew and his parents formed Team Andrew, a team that at fifty walkers strong donated \$10,000 alone last year at the previously mentioned walk. Andrew along with the rest of his team intends to continue their strong showing and partake in the 2004 Delaware Valley Walk on June 12th, exactly two months before his 18th birthday.

Aside from his activities with NAAR, Andrew devotes himself to high achievement within his high school and surrounding communities. Currently a junior at West Deptford High School, he has earned upstanding academic marks and the esteem of the faculty. Such accomplishment secured for Andrew the Principal's Award for the second marking period of the current school year and an invitation to apply for membership to the West Deptford Chapter of the National Honor Society. Acceptance into this society revolves around scholarship, service, character, and leadership. Further solidifying his involvement within West Deptford High School, Andrew serves

through the Key Club and Students Against Destructive Decisions (SADD). Rather than taking a back seat, Andrew actively and admirably becomes involved.

Andrew combines his interest in service and ability to lead by volunteering at the Gloucester County Camp that focuses on Asperberger Syndrome. Those exhibiting symptoms of this condition show signs of deficient socialization and difficulty in coping with changes in routine. This 4-week program aims to comfortably increase social interaction amongst its participants. Andrew, a two-year veteran, decided to take another step up and reach out to those willing to put out a hand. The construction of this tight network offers a foundation for the individuals of the camp to gain support from. Mr. D'Amico described his son's incredible ripple effects when he commented, "Andrew has made our family stronger and each of us a stronger person. We were all blessed on the day he was born." Andrew chooses not to view his state as a heavy weight or crutch. He instead aspires to not only take care of himself and his responsibilities but to also touch and invigorate those around him. For a myriad of reasons, Andrew D'Amico unquestionably deserves acknowledgment.

HONORING THE MEMORY OF THE  
REV. DONALD WINHOLD

**HON. BART GORDON**

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, June 8, 2004*

Mr. GORDON. Mr. Speaker, I rise today to recognize the memory of the Rev. Donald A. Winhold, the father of Laura Sue Gaines. Laura Sue is a former staff member of mine whom I highly regard. Her father passed away on May 24, 2004.

Laura Sue's father was a man of strong convictions, untiring dedication and infinite compassion. He was a devout Christian who dedicated his life to serving the Lord and helping his fellow man. As a Southern Baptist minister and area missionary, Rev. Winhold helped charter five churches during his tenure. Those churches are the First Christian Missionary Alliance Church in Sioux City, Iowa; the Trotwood Baptist Church in Trotwood, Ohio; the First Baptist Church in Napoleon, Ohio; the First Baptist Church in Azle, Texas; and the Greeneville Baptist Church in Greeneville, Ohio. He also was responsible for establishing the first public library in Raymond, Illinois.

Rev. Winhold used every means at his disposal to spread the gospel, including through his television and radio ministries. He was truly a man of vision who understood the nature of the people he ministered.

Rev. Winhold was also a man who valued family life and service to his country. He was a U.S. Navy veteran who served during the Korean War. And he was married 46 years to his beloved wife, Rosalie. They had four children: Michael Winhold, Michelle Hopkins, William Winhold and Laura Sue.

I commend Rev. Winhold for his full and rewarding life. He will be remembered as a true servant of God, and he will be sorely missed by his family, his church and the communities for which he worked.

HONORING CONTRIBUTIONS OF  
WOMEN, SYMBOLIZED BY "ROSIE  
THE RIVETER," WHO SERVED ON  
THE HOMEFRONT DURING  
WORLD WAR II

SPEECH OF

**HON. LORETTA SANCHEZ**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, June 2, 2004*

Ms. LORETTA SANCHEZ of California. Mr. Speaker, I rise today to offer my support of H. Con. Res. 413, which honors the contributions of Rosie the Riveter—the brave women who served on the home front during World War II.

Over six million women served this country during World War II by taking on jobs that had been traditionally held by men. They served as welders, and engineers, and helped produce planes, trucks, guns and ammunition that were crucial to helping the U.S. achieve victory.

These brave women opened the doors toward equal rights and new employment opportunities, and highlighted the needs of working mothers, which in turn led to the creation of child care programs. Their efforts helped change social attitudes of traditional gender roles and allowed the women greater opportunities and independence.

I would like to join my colleagues in honoring the life and work of these great women and thank them for their contributions to this nation.

ON OCCASION OF THE RETIREMENT OF DWIGHT (SPIKE) HELMICK

**HON. MIKE THOMPSON**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, June 8, 2004*

Mr. THOMPSON of California. Mr. Speaker, today I rise in honor of the retirement of Mr. D.O. 'Spike' Helmick Commissioner of the California Highway Patrol (CHP). Mr. Helmick has served the state of California in the California Highway Patrol for 35 years. Mr. Helmick has served as commissioner for the last 9 years and was appointed as the State's first director of Homeland Security.

Born in Texas in 1945 and raised in California, Commissioner Helmick graduated from Oroville High School. He is a graduate of the FBI's National Executive Institute and has completed graduate work in public administration through Golden Gate University. He holds a Bachelor of Arts degree in Administration of Justice from Golden Gate University and received Associate of Arts degrees in Police Science and Business Administration from Yuba and Glendale Colleges. Mr. Helmick, who left his job in a clothing store in his Northern California hometown of Oroville to join the California Highway Patrol, graduated from the training academy in 1969. His first assignments were patrol duty in Glendale and other parts of Los Angeles County.

Commissioner Helmick has held every rank from Cadet to Deputy Commissioner. Prior to appointment as Commissioner in 1995, he served as Deputy Commissioner for six years. Before that he served as Chief of the CHP's

Coastal Division, which encompasses ten area offices and two inspection facilities from Santa Cruz to Ventura. Prior to being appointed Chief of the Division he served as Assistant Chief of Coastal Division from December 1986 through February 1989. From 1975 through 1986, Commissioner Helmick was assigned to the Office of Special Representative to the Legislature and commanded that office beginning in 1981. He also served in the South Los Angeles and Glendale Areas. On November 1, 1995, 'Spike' Helmick was appointed Commissioner of the CHP, commanding 6,730 uniformed and 3,200 nonuniformed personnel, located in 8 field divisions, 99 area commands, 16 commercial vehicle inspection facilities, 6 communications centers, and headquarters staff and executive offices. Mr. Helmick's duties ranged from heading up the state's homeland security programs in the aftermath of September 11, 2001, to assisting in riot control and aiding local departments in the fight against street gangs.

As Commissioner, Mr. Helmick initiated the concept of High Performance Policing within the CHP. Under his guidance, each CHP commander assesses the needs and expectations of the community served by their command. Delivery of service is tailored to satisfy both community and statewide needs.

Commissioner Helmick has continually emphasized the importance that the CHP workforce be representative of the state's diverse population so that the best services will be provided to all Californians. To this end, recruitment, hiring and promotion of women and ethnic minorities have been established as departmental priorities.

Support for Commissioner Helmick is widely based throughout California. His genuine concern for the needs of our state's citizens is evidenced by such diverse Department programs as Spanish language instruction of CHP employees, inclusion of cultural awareness training modules in recurrent training, and direction of Department resources to address specific crime and public safety issues.

There is no doubt that D.O. 'Spike' Helmick has been an outstanding public servant for the people of California. His distinguished career record speaks for itself. It has been my honor to work with Commissioner Helmick as both a State Senator and now as a Congressman. He is my friend and a friend to everyone in the California Highway Patrol. For these reasons I move that we recognize and honor D.O. 'Spike' Helmick for his outstanding achievements and service to the people of the State of California.

AMERICA'S BEST VA CLINIC

**HON. BERNARD SANDERS**

OF VERMONT

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, June 8, 2004*

Mr. SANDERS. Mr. Speaker, I want to call the nation's attention to the exemplary work done by the staff of the Department of Veterans Affairs Clinic in Bennington, Vermont. Recently, the Federal Executive Association gave its "Federal Employee of the Year Award" to the entire Bennington VA Clinic staff.

As the Community Based Outpatient Clinic (CBOC) housed at the Vermont Veterans

Home in Bennington, the facility and its staff serves the primary health care needs of eligible veterans in the region of southwestern Vermont. Over 1800 veterans in Vermont get exceptional medical care from Dr. Peter King and his colleagues in the clinic. As a sign of their remarkable dedication to the health and well-being of veterans, the Bennington VA Clinic was rated among the top ten clinics in the nation in ten of twelve categories. Ranking so highly among the more than 850 community-based VA clinics is a clear indication of the extraordinary work done by the Bennington staff.

Established in 1998, the Bennington VA Clinic affords veterans a single primary care provider to coordinate their care on an ongoing basis. It, along with the Fort Ethan Allen CBOC in Colchester, the CBOC in Rutland, and the CBOC in Littleton, NH (which serves veterans in the St. Johnsbury area), makes primary medical care more accessible to those who cannot always make the long journey to our excellent VA facilities in White River Junction.

We in Vermont are proud both of our veterans, and of the dedicated people who honor them by meeting their medical needs.
