

systems have passed their life expectancy: The plumbing was installed in 1952 and most of the electrical systems in the Secretariat building were installed in 1949. These are clearly outdated. The building contains asbestos and it does not have sprinklers, both of which create significant safety hazards. And, of course, the buildings were not built with today's terrorist threats in mind. These needs have been carefully and extensively studied not only by the UN but also by the United States General Accounting Office, which concluded that the UN's planning for renovation has been reasonable.

In the President's budget released earlier this week, he proposed that the United States provide the United Nations with a 30-year, \$1.2 billion loan to finance the renovation, another recognition of the importance of moving forward with the renovation.

The work cannot commence without a series of preliminary steps. These include financing and constructing a new building for the UN in New York City that the UN General Assembly, UN Secretariat and other UN personnel at UN Headquarters would occupy while the needed renovation and reconfiguration of Headquarters space proceeds. Due to the extent of the needed work and existing asbestos conditions, the current Headquarters space must be vacated until the Headquarters renovation and reconfiguration are completed.

New York City and State propose to provide the land for the new building without cost and to have a public benefit tax-exempt agency of the State arrange to finance, construct and operate the new building. The bonds that would be issued under this proposal would be secured by rent paid by the UN for its use of the new building until the bonds are paid, at which time the UN may become the owner of the land and new building. The UN will undertake the Headquarters renovation and reconfiguration independently, including payment of the cost for the work, without financing or other financial assistance from New York City or State.

Following completion of the new building, which is estimated to cost approximately \$475 million, the renovation and reconfiguration of the UN Headquarters facilities can begin. That work is expected to be completed in 2011 under the current schedule. When the work is completed, the new building will permit all UN Headquarters space and activities that are now scattered in different locations in New York City to be consolidated at that single location connected directly to the renovated and reconfigured Headquarters space.

Expedient work on the needed renovation and reconfiguration is very much in the interest of the UN and in our national interest. The work when completed will strengthen the effectiveness of the UN organization, address security and life safety requirements and improve efficiency, thereby significantly reducing ongoing costs. Moreover, the work will further cement the presence of the UN in the United States, which not only benefits the United States internationally but also provides substantial employment and business opportunities with tens of millions of dollars for Americans and for New York.

We ask for your support of this important legislation.

THE DECEMBER 22, 2003 EARTHQUAKE IN SAN LUIS OBISPO COUNTY, CALIFORNIA

HON. WILLIAM M. THOMAS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, February 4, 2004

Mr. THOMAS. Mr. Speaker, I rise today to introduce a resolution expressing the sense the House of Representatives with respect to the earthquake that occurred in San Luis Obispo County, California on December 22, 2003. Most importantly, I would like to recognize and commend the public safety and law enforcement personnel, elected officials, and the people of San Luis Obispo County for their courageous and effective response to this disaster.

This earthquake occurred at 11:15 a.m. on December 22, 2003. Its epicenter was in San Luis Obispo County, approximately 6 miles northeast of San Simeon and 24 miles northwest of Paso Robles. The earthquake measured 6.5 on the Richter scale, the largest quake to hit the area since 1952, and it was felt from Los Angeles to San Francisco with the most extensive damage occurring in the City of Paso Robles.

Tragically two lives were lost and more than 40 persons sustained injuries. Thankfully, the loss of additional lives was averted through the quick and professional response provided by the public safety and law enforcement personnel and elected officials who serve the people of San Luis Obispo County and the State of California.

San Luis Obispo County experienced a massive disaster but it is evident that recovery has begun as a result of the vibrant actions taken by its residents and leaders. When complete, this renewal will serve as a reminder of the fierce determination displayed by the community and local, state, and federal governments to rebuild in the wake of this disaster.

Accordingly, I ask that this resolution be supported in order to recognize and honor those local officials, public safety and law enforcement personnel, and individuals, who served San Luis Obispo County in the aftermath of this natural disaster.

TRIBUTE TO RICHARD ROA

HON. JOE BACA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, February 4, 2004

Mr. BACA. Mr. Speaker, it is with great pride that I pay tribute today to the life of Richard Roa. Richard recently passed away, leaving a legacy of community work and commitment to those he loved. He was a magnanimous figure who was dedicated to his family, his friends, and his roots. It gives me no greater pleasure than honoring his memory today.

To all those who knew Richard, he exhibited generosity of spirit, love for his fellow man, and dedication to his work. He constantly challenged the status quo and was never afraid to speak his mind, undoubtedly leaving an immeasurable impression on his community.

The life of Richard Roa took him from Riverside, California, where he was born and raised, to Japan and Korea, where he was as-

signed to active duty as corporal for the 40th Infantry Division.

After completing his military service, Richard turned to business, working for Helgeson Buick, before moving on to community work. He was soon named Community Relations Coordinator for the City of Riverside and became the first president of the Casa Blanca Community Action Group (CAG), helping to address the problems of an area that needed his caring touch. At Casa Blanca, Richard found himself fighting for improved housing, increased business development, and the creation of important neighborhood public services. He always advocated for those in need and was beloved by those around him.

I join today with family and friends in paying my respects to Richard Roa. He was a generous and gentle man who fought the good fight and will be deeply missed by all.

IN MEMORY OF JOHN GELFF, SAN
JUAN CAPISTRANO CITY
COUNCILMEMBER

HON. KEN CALVERT

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, February 4, 2004

Mr. CALVERT. Mr. Speaker, I rise today to remember and pay my respects to an individual whose contributions to his community were exceptional. San Juan Capistrano City Councilman John Gelff recently passed away and today I would like the House of Representatives to recognize his contributions to his community.

John's life is marked by his service to community and others. He served in many public capacities throughout Orange County during

his life and six years ago moved to San Juan Capistrano. His immediate devotion and commitment to San Juan Capistrano was evident in his leadership as Mayor in 2003 and his service as Chairman of the City's Redevelopment Agency.

Community members remark on his love for the city and charitable organizations, such as the American Diabetes Association's South Orange County Walk and his service on the Orange County Library Commission. His accomplishments during his short time as a city councilmember include the prevention of a second railroad track in town, the prevention of a San Diego Gas & Electric electrical substation being located in the City, and working with the Orange County Transportation Authority to make traffic improvements along the San Diego Freeway corridor.

In 2000, my congressional district changed to include part of San Juan Capistrano and immediately I was impressed with John's passion and commitment to his community. San Juan Capistrano is undoubtedly a better place because of John Gelff's contributions. His leadership and energy will be truly missed.

SHORT-CHANGING THE U.S. POSTAL SERVICE IN PREVENTING BIOTERRORISM THROUGH THE MAIL

HON. RUSH D. HOLT

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Wednesday, February 4, 2004

Mr. HOLT. Mr. Speaker, the discovery of ricin in the Dirksen Senate Office Building, and the resulting closure of all three Senate office buildings, is an unfortunate and disturbing reminder of our mail system's vulnerability to terrorism. As the Representative of the 12th District of New Jersey, my concern on this matter is heightened because of our area's direct experience with the anthrax attacks of 2001. At least one of the anthrax-tainted letters mailed to Capitol Hill was sent from a postal drop box in Princeton, New Jersey and processed at a sorting facility in Hamilton, New Jersey. Anthrax spores were also discovered in my Washington, D.C. office, which resulted in my congressional office—and several others—being relocated for three months.

I rise today to express my profound disappointment that our federal government seems to have learned very little from these incidents. I am concerned that the United States Postal Service (USPS) has not received adequate funding to protect postal employees and the general public from the risk of bio-terrorism in the Fiscal Year 2005 budget that President Bush delivered to Congress two days ago. Specifically, I am troubled that the USPS was denied emergency preparedness funding in Fiscal Year 2004, and would be denied again in the President's Fiscal Year 2005 budget request. This continued lack of funding leaves the United States Postal Service ill-equipped to defend against bioterrorism.

A safe postal delivery system is critical not only for our homeland security, but also for our economic security. Only sustained, significant investment in our postal system will ensure that we are prepared to prevent, detect, and respond to bio-terrorism through the mail. I will be writing to President Bush to recon-

sider this oversight and provide the USPS with funding for this important initiative.

RECOGNIZING STATE SENATOR JOHN L. BURTON OF CALIFORNIA

HON. HILDA L. SOLIS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, February 4, 2004

Ms. SOLIS. Mr. Speaker, I stand today to recognize State Senator John L. Burton of California.

A bellwether in American politics, Senator Burton authored policy at the state and federal levels for 30 years. Prior to being elected to the California State Senate in 1996, Senator Burton served as a Member of Congress from 1974 to 1983. Elected President Pro Tempore of the California State Senate in 1998, he proudly represents the 3rd Senatorial District, encompassing the City of San Francisco and other Bay Area counties. He also serves as Chair of the Rules Committee and is a member of other powerful panels such as the Appropriations, Constitutional Amendments, Public Safety, and Revenue and Taxation Committees.

Under his leadership, Senator Burton has improved the lives of millions of Californians by authoring legislation that ranges from education to health care. He has made college accessible for thousands of low-income students, by guaranteeing Cal Grant scholarships of \$9,700 for students who meet the GPA requirements. In the first state budget enacted during his time as President Pro Tempore, he revived cost of living adjustments and increased benefits for the elderly, disabled, and welfare-dependent mothers. In the latest budget, he ensured that mental health services and juvenile crime prevention programs receive high levels of financial support. In addition, Senator Burton has spearheaded legislation that allows the use of DNA testing to improve criminal investigations, strengthen child support collection and reform the campaign monetary system.

During his illustrious political career, Senator Burton has received numerous honors by eminent organizations and institutions. Some of his past recognitions include: Legislator of the Year by the California Association of Mental Health Patients' Rights Advocates, the California State University Lifetime Achievement Award, and the Sean McBride Award for Human Rights Work.

Well into his seventies, Senator John L. Burton continues to work hard for the people of California. He is a tireless and relentless leader, who I believe exemplifies the excellence in leadership today.

HONORING CURTIS MANCINI

HON. PETER DEUTSCH

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, February 4, 2004

Mr. DEUTSCH. Mr. Speaker, today I rise to commemorate the contributions of Curtis Mancini of Davie, Florida. Curtis was among the seven U.S. soldiers killed on January 29 while serving in Afghanistan. He had served as a Davie police officer for 17 years and had been serving in Afghanistan for a year as a reservist.

Curtis was a soldier's soldier. His father, Commander Sergeant Major John Mancini of Rhode Island had served in the Army for 35 years and remembers Curtis saying he served now so that his children and other people's children would not need to later. Curtis had been promoted to sergeant first class, assigned to the 2nd Battalion Infantry, 10th Mountain Division and shipped off to Afghanistan on January 5. He served as a positive role model and longtime instructor at the Institute of Public Safety. Between 1989 and 2000, Curtis served on a drug task force in the U.S. DEA in Fort Lauderdale and upon returning to Davie, he became a training instructor. Friends and family remember Curtis as an avid sportsman, a brilliant instructor and dedicated father. He enjoyed running marathons, most recently the Walt Disney World marathon and ran 45 miles weekly.

In 2000, Curtis said in a Miami Herald interview, "It's better to burn out than fade away." This was the type of man Curtis was.

Curtis is survived by his three children, his former wife, and countless colleagues, friends and family.
