

last but not least, Ken won the American Shore and Beach Preservation Association's Morrough P. O'Brien Award in 1999.

Ken has led by example for many years, bringing an awareness to so many people about the importance of working together to preserve not only our beaches and oceans, but the environment and our natural resources as a whole. He has been tireless in his dedication to not only protecting the beaches but educating people on the importance of preservation. Even as he is fighting his own battle with cancer, his amazing drive and devotion to our shores has not wavered in the least.

Congratulations Ken, I look forward to working with you for many more years to come.

#### RECOGNIZING COMMUNITY BLOOD SERVICES

##### HON. SCOTT GARRETT

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

*Thursday, February 26, 2004*

Mr. GARRETT of New Jersey. Mr. Speaker, I rise today to bring both attention and admiration to a program that truly has had lifesaving results.

The Community Blood Services, located in Paramus, NJ, within my fifth Congressional District, has working partnerships with many hospitals in the New York metropolitan area to supply cord blood. This cord blood is used in the treatment of leukemia, breast cancer, lymphoma, Hodgkin's Disease, Aplastic Anemia, various other cancers, blood diseases, hereditary/genetic conditions and immune system disorders.

The Elie Katz Umbilical Cord Blood Program at Community Blood Services recently and generously announced it will donate one of its umbilical cord units to St. Joseph's Regional Medical Center in Paterson, NJ, to assist an uninsured patient in need of a lifesaving transplant.

The patient is suffering from Burkitt's Lymphoma, a non-Hodgkin's disease which is rare in most of the world, but is the most common childhood cancer in Central Africa.

The Elie Katz Umbilical Cord Blood Program was inaugurated in 1997. Since then, it has accepted more than 1600 donated cord blood units. To date, 24 of those units have been used for transplants in children throughout the world. The unit being donated to St. Joseph's will be the twenty-fifth.

Stem cells obtained from placentas and umbilical cords, have been proven to successfully aid in the treatment of many life-threatening diseases. Researchers have found that umbilical cords especially are a rich source of stem cells. This discovery could make the use of embryonic stem cells unnecessary. The cells are easily attainable and can be expanded in vitro, maintained in culture, and induced to differentiate into neural cells. They are a potential source of multipotent stem cells that may serve many therapeutic and biotechnological roles.

In order to identify possible genetic diseases or past illnesses that could jeopardize the patient, when collecting donated cord blood there is a wide-ranging parental history considered. Once the parents agree to the donation, a technician working closely with the delivery team collects the residual blood from the um-

bilical cord after it has been detached from the baby, ensuring no risk to the mother or child. The cord blood unit is then transferred to the processing laboratory at Community Blood Services, where the red blood cells are removed and the remaining stem cells are frozen in liquid nitrogen for long-term storage.

Let me close by portraying just how proud I am that such a worthwhile organization is located within my community. It is an honor for me today to bring attention to Community Blood Services on the floor of the House. We thank you for everything that you do.

#### RECOGNIZING PUTNAM COUNTY, NEW YORK

##### HON. SUE W. KELLY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

*Thursday, February 26, 2004*

Mrs. KELLY. Mr. Speaker, as the Member of Congress who represents all of Putnam County, NY, I rise today to recognize Putnam County leaders, groups, and residents for their remarkable achievement in being recognized nationwide as one of eight Preserve America communities.

The new Preserve America initiative was developed in cooperation with the Advisory Council on Historic Preservation, as well as the U.S. Departments of Interior and Commerce. Putnam County recently received a Preserve America Award at a White House ceremony hosted by First Lady Laura Bush.

Located along the Hudson River, many of Putnam County's towns and villages were instrumental to trade and commerce throughout our nation's history. Putnam County has further demonstrated its ability to make history by becoming one of the first communities in our country to apply for and receive this special designation as a Preserve America Community. Putnam County's proactive spirit has been duly rewarded with this prestigious recognition.

County government has partnered with local municipalities, historic societies, and non-profit organizations to develop initiatives and plans to protect historic property for economic development and community revitalization. These efforts have helped Putnam County emerge as a national leader in the preservation of cultural and natural heritage.

I rise to commend Putnam County legislator Vincent Tamagna's dedicated efforts in spearheading the county's application efforts. I also rise to thank the Hudson River Valley Institute for its active support of Putnam County. Also deserving recognition and congratulations are Putnam County Executive Robert Bondi; the Putnam County legislature; Putnam County Historical Society; Putnam County Tourist Promotion Agency; Foundry School Museum; and the county's Historic Advisory Preservation Commission and its Office of the County Historian and County Archives.

Mr. Speaker, I am extremely proud and honored to represent the people of Putnam County. They deserve this special designation for their steadfast commitment to preserving a uniquely historic past while planning for a bright and promising future.

#### ONE MORE CHEER FOR THE CAT IN THE HAT

##### HON. BOB FILNER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, February 26, 2004*

Mr. FILNER. Mr. Speaker:

I rise today as many have before, To honor Theodor Seuss Geisel for his contributions galore!

The literary world will never be the same,  
After being introduced to Dr. Seuss' name  
We remember the dreamer, the artist, the man,  
Who taught us about life, green eggs and ham  
For 60 years he captivated us with stories for all to know,  
And left a legacy of cherished books about the places we'd go

He may not have been a real doctor—but  
boredom he cured,  
With rhythm and rhyme and colorful words,  
When our troops needed morale during World War II,  
He was too old to serve but did what he could do,

With satire and imagery he inspired platoons  
With silly and potent political cartoons!

We celebrate today, a man who dreamed,  
And created for all an unending stream  
Of insights and poems, books and tales,  
Of red fish, blue fish and others with scales  
He gave us the Lorax to speak for the trees,  
A little creature to save saplings from corporate greed

And we cannot forget the Grinch with a heart so cold,  
Or the innocence of a child, "Who," touched his soul

His 46 books weren't meant to be silly,  
Barbaloots were for grown-ups and leaders of cities,

Ahhh—So many stories, yet so little time,  
To commend this man for his gift of rhyme

So when the sun does not shine,  
When it is too wet to play,  
When you are sitting in your house,  
On a cold, cold, wet day

Always remember in December or September,  
The spell of wonder,  
Dr. Seuss put us under.

#### INTRODUCTION OF ELECTION ASSISTANCE COMMISSION BOARD OF ADVISORS APPOINTMENTS

##### HON. JOHN B. LARSON

OF CONNECTICUT

IN THE HOUSE OF REPRESENTATIVES

*Thursday, February 26, 2004*

Mr. LARSON of Connecticut. Mr. Speaker, today I rise to recognize two outstanding individuals who have dedicated their lives to encouraging all Americans to participate in our government through the voting process. Under the authority granted to me by the Help America Vote Act of 2002 (HAVA), I have appointed two election experts, Joseph F. Crangle of Buffalo, NY and Hilary O. Shelton of Washington, DC, to serve as national voting procedure advisors to continue improving the election process in the wake of the 2000 elections.

HAVA established a four-person body called the Election Assistance Commission (EAC). I

am appointing Mr. Crangle and Mr. Shelton to the Board of Advisors, which will serve essentially as the EAC's board of directors. The board consists of 37 members representing a range of groups involved in elections.

I am very confident that with their decades of election experience and dedication to the voting process, Joseph Crangle and Hilary Shelton will have a tremendous impact on the EAC. It is my hope that they and the other 35 members of the board will examine the many issues involved in administering fair and accurate elections in this country, including the concerns that have been raised regarding the security and reliability of electronic voting systems.

I am grateful for the advice of my colleague from New York, Representative CHARLIE RANGEL, who informed me about Mr. Crangle's decades of experience and dedication to the election process. It is truly an honor for me to appoint him for this position.

Joseph Crangle served as chairman of the Erie County Democratic Party from 1965 to 1988; as chair of the New York State Democratic Party from 1971 to 1974; as a delegate to every Democratic National Committee from 1968 to 1992; and as a member of the Democratic National Committee's Executive Committee from 1972 to 1988. Mr. Crangle is regarded as one of the leading experts in the country on voter registration and "get-out-the-vote" programs. He is an attorney for the law firm of Colucci and Gallaher, P.C. in Buffalo, NY.

Hilary Shelton's commitment to improving our election system was evident during the development of the Help America Vote Act. He worked tirelessly during the entire legislative process to ensure that this bill became law.

Mr. Shelton is the Director of the Washington Bureau of the National Association for the Advancement of Colored People (NAACP). Prior to working for the NAACP, he was the Federal Liaison Assistant Director of the Government Affairs Department of The United Negro College Fund. In addition, he worked for the 9.5 million member United Methodist Church advocating on numerous public policy issues including civil rights, access to higher education, and voting rights. He serves on the national boards of directors for the Center for Democratic Renewal, the Leadership Conference on Civil Rights, and the U.S. Census Advisory Board.

Members of the Board of Advisors serve a 2-year term in a strictly advisory capacity; they have no rule-making authority. Once all the appointments have been made and the EAC is fully functional, the board will begin its duties.

Mr. Speaker, I urge my colleagues to join me in supporting Mr. Crangle and Mr. Shelton as they begin their positions on the Board of Advisors. They are truly two of the best advocates in the country for our election process. I am confident that future generations of voters will be inspired to make their voices heard, because of the contributions of these two remarkable Americans.

## HONORING EAT CAPTAIN ERIC GENNOTTE

### HON. LYNN C. WOOLSEY

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, February 26, 2004

Ms. WOOLSEY. Mr. Speaker, I rise today to honor European Air Transport (EAT) Captain Eric Gennotte, a civilian volunteer pilot, for his remarkable heroism while flying in Iraq. Captain Gennotte demonstrated incredible valor on Saturday, November 22, 2003, when he landed his Airbus 300 after it was hit by multiple surface-to-air rockets upon take off from Baghdad Airport.

At the time of the incident, Captain Gennotte was returning to a DHL Global Delivery mail distribution center in Europe after delivering mail to U.S. soldiers in Baghdad. Shortly after taking off on November 22, Captain Gennotte's cargo and crew were struck by hostile rocket fire causing the complete loss of hydraulic power to the aircraft. Losing "stick control" rendered the aircraft non-navigable under normal circumstances. In a display of immense skill and bravery, Captain Gennotte regained control of the aircraft using the plane's engines as rudders to stabilize and turn the weakened vessel. In order to turn right, Captain Gennotte fired the left engine; to turn left he fired the right engine. After dodging continued missile attacks with failed equipment, Captain Gennotte successfully landed the burning plane with nothing but the two engines, completing a feat that had never before been accomplished in EAT piloting history. Captain Gennotte is already in line to receive a safety award from the Secretary General of the Belgian Cockpit Association.

Because of Captain Gennotte's deft skill, his cargo and the crew, which included a British flight engineer and another Belgian pilot, lived through the assault. As peacekeepers continue to come under attack, it is particularly uplifting to hear tales of bravery like that of Captain Gennotte. Heroic stories like this one are prime examples that the best way to combat cowardly acts of terror is to share our own heroic responses to it.

Mr. Speaker, I ask my colleagues to join me in paying special tribute to EAT Captain Eric Gennotte. Honorable and gallant allies like him risk their lives to help others. I wish him and his family all the best as we pay tribute to one of our Nation's fearless friends.

## IN RECOGNITION OF BLACK HISTORY MONTH

### HON. BRAD MILLER

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Thursday, February 26, 2004

Mr. MILLER of North Carolina. Mr. Speaker, I rise today in honor of Black History Month and to take this opportunity to honor the African American citizens whom I represent. Our state is home to a rich tradition of African American leaders whose educational, economic and political achievements have enriched North Carolina and our Nation.

Hard work and perseverance are traditions of the African American community. During a time when hatred and bigotry triumphed over our Nation's loving and generous spirit, African American leaders worked diligently to ensure and enhance the quality of life for future generations of both blacks and whites.

Particularly important to our quality of life in North Carolina has been the African American community's persistent commitment to education. This is demonstrated in the work of acclaimed educator Dr. Charlotte Hawkins Brown who founded the Alice Freeman Palmer Memorial Institute. Founded in 1902, the Institute served as an African American preparatory school in Guilford County until 1971.

This commitment remains strong among those who are seated at the helm of Historically Black Colleges and Universities in the 13th and neighboring Congressional Districts. Dr. Dianne Boardley Suber of St. Augustine's College and Dr. James Renick of North Carolina A&T State University are leaders of thriving higher education institutions. Both serve on the President's Board of Advisors on HBCUs. These leaders, along with Dr.
