

## GREEK INDEPENDENCE DAY

SPEECH OF

**HON. MARK STEVEN KIRK**

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

*Thursday, March 25, 2004*

Mr. KIRK. Mr. Speaker, I rise today to recognize 183 years of the Greek people's freedom and independence, and their noble revolution from the Ottoman Empire in March of 1821. As Greeks and Greek-Americans celebrate Greek Independence Day, I join them and my colleagues in recognizing this great nation.

Nearly 400 years ago, the Greek people embarked on a powerful revolution against the Ottoman oppressors. The ancient Greeks forged a mighty wave of democracy and freedom following the fall of Constantinople, culminating with Bishop Germanos of Patras raising the Greek flag at Agia Lavras.

Today, 183 years after Greece's successful and bold revolution, she continues to prove herself a loyal ally of the United States, while standing firm in her advocacy of democracy and freedom. Greece is one of only three nations in the world beyond those of the former British Empire to be allied with the United States in every major conflict of the 20th Century. The United States is fortunate to have such a longstanding and reliable ally.

As we continue to eradicate the global threat of terror, Greece again stands firm with the United States. Our efforts in the war against terror would not be as successful without the continued assistance from our allies in Greece.

I join my colleagues in saluting and thanking the Greek people on this 183rd year of freedom and independence. To Greece, our free and democratic ally: "Cronia polla hellas".

## RECOGNIZING THE 75TH ANNIVERSARY OF LANSING CIVIC PLAYERS

**HON. MIKE ROGERS**

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, March 30, 2004*

Mr. ROGERS of Michigan. Mr. Speaker, I rise today to recognize the anniversary of the Lansing Civic Players, a community theater in Lansing, Michigan, as 2004 marks their 75th year of continuous operation.

After three-quarters of a century enduring trials and tribulations, the Lansing Civic Players still continues to achieve the goal they set out for: To provide the people in the Lansing area with good community theatre.

In the fall of 1929, two amateur theater productions were established in the Lansing area: The Players Guild, started by Elva Schell and the Civic Theatre, created by August Fischer. In October 1929, the two groups decided to join resources, and the Lansing Civic Players Guild was born.

The first years were a struggle for the group. The members of the Lansing Civic Players Guild performed all necessary functions. They were the actors, the ticket salesmen, and the set builders. They did it all. They had very little money, but they had a determination to bring quality theater to the Lansing area. The group began work on their first play, "The Trial of Mary Duggan." It was at this time the royalties for the show were pulled, and the Lansing Civic Players Guild was left without a play. But as they say in show business, the show must go on. The group rushed to find a new production, and on May 24, 1930, they performed "Captain AppleJack." This performance had over 1,000 people in attendance, including the Governor of the State of Michigan, and is still a record setting attendance to this day for the theater.

Today, the group operates their business, the building, rehearsals, and costume shop out of a fire hall which they acquired in June, 1977. The Lansing Civic Players have performed at three area high schools since inception, and currently perform at the Hannah Community Center. They have received awards for longevity from the Community Theater Association of Michigan as well as the Lansing City Council.

Mr. Speaker, I ask my colleagues to join me in recognizing the 75th anniversary of the Lansing Civic Players and the impact they have made on mid-Michigan.

#### SAVE THE SUMMERS ACT OF 2004

### HON. DON YOUNG

OF ALASKA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, March 30, 2004*

Mr. YOUNG of Alaska. Mr. Speaker, yesterday I introduced the Save the Summers Act of 2004, which will temporarily increase the cap on the number of skilled overseas workers allowed into the United States. For the first time and without advance warning, the Department of Homeland Security announced that the cap of 66,000 H-2B visas had been reached just six months into the current year—leaving summer employers stranded. This one-year emergency fix will increase the number of H-2B visas by 40,000 for fiscal year 2004 only. This bill will also require that the Department of Homeland Security provide Congress with quarterly reports on the number of H-2B visas issued and an annual report providing a statistical analysis of the program.

The H-2B visa program allows foreign workers to come to the U.S. for short periods of time (up to 10 months) to fill seasonal or temporary jobs. The fishing industry in Alaska, tourist and resort industry along much of the East Coast, the Upper Midwest, and the Rockies, swimming pool management companies across America, catfish, timber and sugar industries in Louisiana, crab processors in North Carolina, and the shrimp industry in Texas are just a few that depend on the H-2B program to bring in needed workers.

Fishing in Alaska supports nearly 20,000 jobs, and is estimated to be a billion dollar-a-year industry with nearly 700 million dollars-a-
