AMENDMENT No. 1: At the end of title V (page 200, after line 24), insert the following new section:

### SEC. . PERSONNEL POLICIES.

(a) The Secretary of Defense may not assign a member of the Armed Forces, and a private sector organization may not solicit the assignment of a member of the Armed Forces, currently deployed as part of Operation Iraqi Freedom or Operation Enduring Freedom to a private sector contractor unless the commanding officer of the unit from which the military member is designated authorizes such assignment and certifies that the assignment is necessary to save American lives or to accommodate the short-term dictates of the combat zone.

(b) In the case of National Guard units currently mobilized for deployment in support of either of those operations, those units are deployed and mobilized to perform the mission specified on their Table of Organization and Equipment for which they were federally recognized to support the Combatant Commander and are to be used in a manner in which they have been organized and trained, not to supply labor for a civilian contractor or any activity that violates the traditional employment of military personnel in a manner that disregards the risks to their lives.
