

side, and as Abba Eban, the late Foreign Minister of Israel, used to say, you could have a resolution at the United Nations saying that the Earth is flat, and if it were put forward by an Arab country, it would automatically get 70 or more votes.

The fence that Israel has put up is a fence that any nation would put up to defend its people and keep terrorism away. Just as we in the United States are doing everything possible to prevent another terrorist attack on our country, Israel has every right to do the same thing to prevent terrorist attacks on its country. Terrorism is a terrible tool that some think can be used as a negotiating tool. We must stomp out this scourge of terrorism wherever it rears its ugly head.

I commend Israel for the security barrier, and I condemn the "International Court of Injustice" for once again showing that they are nothing more than a travesty of justice.
