woman from the Virgin Islands (Mrs. Christensen) each will control 20 minutes.

#### GENERAL LEAVE

Mr. GIBBONS. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days to revise and extend their remarks and to include extraneous material on the bill now under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Nevada?

There was no objection.

Mr. GIBBONS. Mr. Speaker, I yield myself such time as I may consume.

Senate 144, introduced by Senator LARRY CRAIG of Idaho and passed by the Senate on March 4, 2003, would establish a program providing assistance through States to eligible weed management entities for the control of noxious weeds on public and private land. In simple terms, S. 144 would amend the Plant Protection Act authorizing the Secretary of Agriculture to fund specific weed control or eradication projects on a competitive basis. The bill also serves to bolster the presence of weed management entities, which exist today in most western States but lack the funding for meaningful control of noxious weeds.

Weed management entities are comprised of community members and local landowners affected by this problem, as well as representatives of the State or Federal Government. Where established, they have proven to be vital in controlling noxious weeds.

Senate 144 aims to deal with the growing threat of noxious weeds in an inclusive manner, across government agencies, and on private lands. It is important to note that due to cost concerns, the authorization of appropriations has been reduced to \$15 million per year rather than \$100 million per year. Additionally, administrative costs of Federal agencies are limited to 5 percent, ensuring the money gets to the ground where it is needed.

The bill, as amended, is supported by the majority and minority of the Committee on Resources as well as the Committee on Agriculture.

I would like to thank Chairman GOODLATTE and the Agriculture Committee staff for their willingness to work on and approve this important piece of legislation. I urge the adoption of the bill.

Mr. Speaker, I reserve the balance of my time.

Mrs. CHRISTENSEN. Mr. Speaker, I yield myself such time as I may consume

(Mrs. CHRISTENSEN asked and was given permission to revise and extend her remarks.)

Mrs. CHRISTENSEN. Mr. Speaker, across our Nation people are grasping for solutions to better control and mitigate the significant adverse economic and environmental costs associated with invasive plants, animals and

insects. The pending measure is the final product of a dialogue initiated by Senators LARRY CRAIG and TOM DASCHLE which began 4 years ago.

Noxious weeds remain a substantial threat to western rangelands. This legislation will provide needed financial and technical support for local weed management programs, particularly in western States, including South Dakota and Idaho.

While I commend the sponsors of this bill for working so diligently on it, the gentleman from West Virginia (Mr. RAHALL), ranking member the Committee on Resources, and I also hope that in the next Congress we might move forward with more comprehensive species legislation to address the ecological challenge of harmful nonnative species on a broader level.

Mr. Speaker, I yield back the balance of my time.

Mr. GIBBONS. Mr. Speaker, I urge the adoption of the bill.

Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Nevada (Mr. GIBBONS) that the House suspend the rules and pass the Senate bill, S. 144, as amended.

The question was taken; and (twothirds having voted in favor thereof) the rules were suspended and the Senate bill, as amended, was passed.

The title of the Senate bill was amended so as to read: "An Act to require the Secretary of Agriculture to establish a program to provide assistance to eligible weed management entities to control or eradicate noxious weeds on public and private land.".

A motion to reconsider was laid on the table.

The Chair recognizes the gentleman from Nevada (Mr. GIBBONS).

## GENERAL LEAVE

Mr. GIBBONS. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days to revise and extend their remarks and to include extraneous material on the bill now under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Nevada?

There was no objection.

Mr. GIBBONS. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, Senate 1814, introduced by Senator KIT BOND of Missouri, would transfer the management of the Mingo Job Corps Civilian Conservation Center from the Department of the Interior to the Department of Agriculture. This bill was overwhelmingly adopted by the other body, and it is identical to H.R. 3433 as proposed by our distinguished colleague from Missouri (Mrs. EMERSON).

This center is located within the boundaries of the Mingo National Wildlife Refuge and it provides basic training and educational skills to hundreds of at-risk students between the ages of 16 and 24. These students can learn a variety of trades including automotive repair, bricklaying, carpentry, welding and culinary arts. In addition, they obtain critical experience, socialization skills and the confidence they will need to be successful in the workplace.

The U.S. Forest Service operates 18 Job Corps Centers throughout the United States, and they have signed a memorandum of understanding with the U.S. Fish and Wildlife Service which transfers to them responsibility for the operation of this center. This legislation is necessary because the National Wildlife Refuge Administration Act stipulates that the transfer cannot occur administratively. Both agencies strongly support this realignment.

This is a good bill. The Job Corps Center is important to the economy of southeast Missouri, and it will ensure a bright future for hundreds of young men and women. I compliment the sponsors of this measure and urge an "aye" vote on Senate 1814.

Mr. Speaker, I reserve the balance of my time.

Mrs. CHRISTENSEN. Mr. Speaker, I yield myself such time as I may consume.

(Mrs. CHRISTENSEN asked and was given permission to revise and extend her remarks.)

Mrs. CHRISTENSEN. Mr. Speaker, we have no objection to the consideration of this legislation. We believe it will not harm the integrity of the Mingo National Wildlife Refuge.

Mr. Speaker, I yield back the balance of my time.

Mr. GIBBONS. Mr. Speaker, I urge the adoption of the measure.

Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Nevada (Mr. GIBBONS) that the House suspend the rules and pass the Senate bill, S. 1814.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds of those present have voted in the affirmative.

Mr. GIBBONS. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX and the Chair's prior announcement, further proceedings on this motion will be postponed.
