

be confronted with the idea that their wages are going to be kept down by a flood of illegals coming into our country and an unwillingness to enforce the immigration laws. That is absolutely wrong. That is absolutely wrong.

Democracies cannot survive without an educated middle class. And illegal immigration is destroying the viability of the American middle class. Our Founding Fathers envisioned a middle class of small tradesmen, of farmers who would have an education and the ability to govern themselves and to be independent factors in our economy. In fact, as we have seen over and over, a huge mass of desperate and poor and poorly educated people will quite often turn to the siren song of communism under certain circumstances like that where there is no hope.

We are creating an underclass in America, a permanent underclass of illegals and of our own people. These people, when they get desperate, they listen to the rantings and raving of communism or the bellicose musings of fascism. Democracy is based on a well-educated and prosperous middle class. It has been America's greatest strength. To preserve this Republic, to protect the American middle class, we must stop the importation of cheap labor. We must stop the fact that we have a massive flow of illegals into this country. We keep the wages down and distort the progress that would be coming to the people on the lower levels of our economic tier here in our country.

Instead, the people in the lower levels of our economy are not rising. Their incomes are going down. Their expectations are going down. Their frustrations are going up. And they do not know why, but they do know that all the jobs are taken by people who are working for dirt wages and that their fathers had better jobs at better pay that were meaningful jobs.

Now, where do we start to turn this around? We can start by getting control of the health care that we provide those who come into this country illegally. At the very least let us stop right now. We have started a program, the first time that our country is spending any money officially to provide a service for people who are here illegally. That Medicare bill provides \$1 billion for illegal alien health care services. It will be \$50 billion 10 years from now if we do not do anything about it.

So let us do something about it now. Let us start turning the situation around now by focusing on this legislation that I drop today that will mitigate any bad impact of providing this billion dollars for emergency health care for illegals by making sure that we have these provisions, these provisions that will see that they are identified, their employers, identified, that a deportation proceeding moves forward if they are treated, and that the amount of treatment that they can receive when they are here illegally is limited to a life-threatening situation

rather than providing extensive care for diseases that are not a crisis at that moment. We can start turning it around right now.

I would urge my colleagues to join me in this vital legislation to limit the health care to illegal aliens so that we can have that money available to the American people. I am going to be vilified for this. I know that. I had all sorts of press calls and everything after the leadership made the agreement with me to have this bill come to the floor. I know I am going to be vilified. I know people are going to say I am a mean, nasty person and that I do not care and that I am a racist or something like that. I am not and I have love in my heart for everybody.

I know that even the people who come here illegally are wonderful people, 90 percent of them are wonderful people. They just want to increase their own standard of living, a way to treat their family decently. But we cannot do this for the entire world. We cannot expect to see our own people suffer and to try to equalize them to every poor person in the world, and this will bring more and more people here. And if we care and we have love for our families, having love for your family and having love for the legal immigrants and the legal U.S. citizens that are here, that love for those people does not mean you hate someone else. That means you care for your family and you will take care of them first. That is what care means.

So I would ask the people who are reading this in the CONGRESSIONAL RECORD and my colleagues to look at this legislation. Let us turn the situation around now. Let us speak out. Let us make sure that we stand up for what America is supposed to be for. It is a land of opportunity, yes; but it is a land where one thing ties us together. We are Americans and we come from every race, every religion, every ethnic group. Here we are. We have come from every country in the world, and we have a proud immigrant heritage; and we are not shutting that off. I am not suggesting that we cut off the legal flow of immigrants into our country and we do about a million a year, which is more than all the rest of the world combined.

So what we need to do is to make sure that we take the people who are here legally and people who are U.S. citizens and recognize who ties us together as a Nation. Other countries have their own religion. Other countries have a traditional ethnic group or a race that makes them what they were; but what ties Americans together is a love of liberty, of freedom, of justice, of people who come here to be part of this American Dream.

Well, if we do not care about each other, if that spirit of caring does not, we do not have an ethnic tie to keep us together. We do not have one religion because there are people of every religious state here in America. That one religion does not keep us together. It is

a love of liberty and justice and a commitment to opportunity and a caring for us all as all Americans as a family. We care about us.

What is the United States? United States. It is us. And just because we are saying that we are going to focus on caring about us does not mean that you have hatred in your heart towards someone else. And please, please open your hearts and open your consciences. Look at this issue, and I think you will see this is based on positive motives. We have to end the massive flow of illegal immigration into this country, or we will hurt the people that we care about. It will hurt us. It will hurt the United States if we continue down this path. The quickest way to turn it around is to start with this legislation, and it is going to be tough and there is going to be a lot of name calling; but I would ask you to join with me and let us save America and let us leave the other countries so they start providing a better life for their people overseas, rather than just trying to use us as an escape valve so they can send people who are dissatisfied here.

If we quit serving as that escape valve, they will have to have health care in Mexico and these other countries where they are coming here from overseas illegally. If we just keep taking people in, they will have lost their incentive.

So I ask my colleagues to look at this legislation. I thank you for providing this time.
