MODIFYING AND EXTENDING CERTAIN PRIVATIZATION REQUIREMENTS OF THE COMMUNICATIONS SATELLITE ACT OF 1962

Mr. BARTON of Texas. Mr. Speaker, I ask unanimous consent to take from the Speaker's table the Senate bill (S. 2896) to modify and extend certain privatization requirements of the Communications Satellite Act of 1962, and ask for its immediate consideration in the House

The Clerk read the title of the Senate bill.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Texas?

There was no objection.

The Clerk read the Senate bill, as follows:

S. 2896

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. PRIVATIZATION REQUIREMENTS MODIFIED AND EXTENDED.

Section 621(5) of the Communications Satellite Act of 1962 (47 U.S.C. 763) is amended—

- (1) in subparagraph (A)(ii), by striking "June 30, 2004" and inserting "June 30, 2005";
- (2) by adding at the end the following new subparagraph:
- "(F) Notwithstanding subparagraphs (A) and (B), a successor entity may be deemed a national corporation and may forgo an initial public offering and public securities listing and still achieve the purposes of this section if—
- ``(i) the successor entity certifies to the Commission that—
- "(I) the successor entity has achieved substantial dilution of the aggregate amount of signatory or former signatory financial interest in such entity;
- "(II) any signatories and former signatories that retain a financial interest in such successor entity do not possess, together or individually, effective control of such successor entity; and
- "(III) no intergovernmental organization has any ownership interest in a successor entity of INTELSAT or more than a minimal ownership interest in a successor entity of Inmarsat:
- "(ii) the successor entity provides such financial and other information to the Commission as the Commission may require to verify such certification; and
- "(iii) the Commission determines, after notice and comment, that the successor entity is in compliance with such certification.
- "(G) For purposes of subparagraph (F), the term 'substantial dilution' means that a majority of the financial interests in the successor entity is no longer held or controlled, directly or indirectly, by signatories or former signatories."

The Senate bill was ordered to be read a third time, was read the third time, and passed, and a motion to reconsider was laid on the table.

Mr. BARTON of Texas. Mr. Speaker, I rise today in support of S. 2896 and urge swift passage of this noncontroversial legislation. Earlier this week, the Senate passed S. 2896, to extend the deadline by which INTELSAT and Inmarsat are required to conduct an initial public offering (IPO) under the ORBIT Act and to further broaden the options available to these companies to divest their government shareholders. I commend my colleagues in the Senate for expeditiously addressing this important issue.

The ORBIT Act was enacted in March 2000 to promote a competitive market for satellite communications through the privatization of inter-governmental organizations. To achieve that competitive satellite marketplace, the ORBIT Act called on Inmarsat and INTELSAT to conduct an initial public offering (IPO) by a date certain-December 31, 2001. The purpose of this IPO requirement was to ensure independence by substantially diluting the ownership of these privatized companies by their former owners, many of which were foreign governmental entities. Such dilution would facilitate a more competitive satellite marketplace devoid of the perverse influences associated with government ownership and control.

However, due to volatility in the financial markets, and the telecommunications sector specifically, Congress has repeatedly been forced to grant additional time for these companies to conduct their statutorily mandated IPOs. Unfortunately, the market conditions

have not improved. Today, these companies, instead of going to the public equity markets, have opted to use private equity deals to divest themselves of government ownership.

I fully supported the goal of independence and competition when we enacted the ORBIT Act, and I still do today. Indeed, the action we take today is fully consistent with this policy objective.

This bill, while it does not eliminate the IPO requirement, allows other methods, which are currently being used in the marketplace to show "substantial dilution." This bill makes the ORBIT Act consistent with what is happening today in the real world.

There are certainly other issues in the ORBIT Act that deserve to be explored and I intend to ask Telecommunications and Internet Subcommittee Chairman UPTON to hold a hearing on the Act early next year to examine what further needs to be accomplished. But today, I fully support S. 2896 and I urge my colleagues to support it as well.

GENERAL LEAVE

Mr. BARTON of Texas. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and include extraneous material on S. 2896.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Texas?

There was no objection.

JOHN F. KENNEDY CENTER REAUTHORIZATION ACT OF 2004

Mr. Latourette. Mr. Speaker, I ask unanimous consent that the Committee on Transportation and Infrastructure be discharged from further consideration of the bill (H.R. 5294) to amend the John F. Kennedy Center Act to authorize appropriations for the John F. Kennedy Center for the Performing Arts, and for other purposes, and ask for its immediate consideration in the House.

The Clerk read the title of the bill.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Ohio?

Mr. OBERSTAR. Mr. Speaker, reserving the right to object, I yield to the chairman of the subcommittee for an explanation of the measure before us.

Mr. LATOURETTE. I thank the gentleman from Minnesota (Mr. OBERSTAR) for yielding under his reservation.

Mr. Speaker, H.R. 5294 is virtually identical to H.R. 3198, the John F. Kennedy Center Reauthorization Act of 2003, which passed the House of Representatives on November 17, 2003.

The legislation reauthorizes the programs of the Kennedy Center for 4 years. This is a bipartisan bill. I urge our colleagues to support the bill.

I want to thank the gentleman from Minnesota (Mr. OBERSTAR), the distinguished ranking member of the full Committee on Transportation and Infrastructure, for his work; also the gentlewoman from the District of Columbia (Ms. NORTON), the ranking member

of our subcommittee, for the outstanding work on this bill and so many others during the 108th Congress.

Mr. OBERSTAR. Further reserving the right to object, Mr. Speaker, I compliment the chairman of the subcommittee for his diligent work in shepherding this bill through this historic moment.

He has been a dedicated and informed and forthright leader of the sub-committee and on the issues under its jurisdiction, particularly those relating to the John F. Kennedy Center for the Performing Arts.

For the last decade, as a member of the Board of Trustees, I have watched firsthand the center undertake major capital projects, renovating the theaters, creating state-of-the-art concert halls, the Opera House, replacing a badly deteriorated roof.

Throughout all these major capital maintenance renovation construction projects, the center opened every day of the year and welcomed over 5 million visitors and has stayed true to its mission as a national cultural arts center and a living memorial to our 35th President.

The chairman has described the principal features of the bill. What I want to emphasize, however, is the great difficulty of running this incredible living memorial and arts center while managing the major construction initiatives. The Kennedy Center, in doing so, and the chairman I know agrees with this position, must improve its construction management.

□ 2300

The General Accounting Office reviewed the Kennedy Center's operation and found that the Center needs, one, to develop policy and procedures to guide the plans and management of its construction projects; two, ensure that its construction contractors provide schedule and cost information in a timely fashion; and three, invest in the key human capital resources and the expertise to manage better its construction projects.

The Center has made progress. The chairman has held hearings on this matter, and we greatly appreciate those hearings. They reveal that the Center needs to do much better.

Just last month, GAO reported that the Center has not updated its building plan each year as the law requires. The building plan does not explain how the Kennedy Center prioritizes its capital projects. It fails to provide adequate information on project-specific status, updates and budgets so that we in the Congress and the board of trustees will have the information necessary to ensure that the Center's capital projects are well managed.

I think this legislation, by requiring further steps to strengthen the construction management process, will move the Kennedy Center forward in directions that we feel are important, and for that, I thank the chairman for his vigilance and greatly appreciate the partnership.

Mr. Speaker, I withdraw my reservation of objection.

The SPEAKER pro tempore (Mr. SIMPSON). Is there objection to the request of the gentleman from Ohio?

There was no objection.

The Clerk read the bill, as follows:
