

Additionally, this bill would require the Office of Personnel Management to report to Congress about making benefits available for hearing aids and services.

In order to recruit and retain federal employees, it is necessary to provide them with a first class health care system. Many health plans for employees in the private sector include dental, vision, and hearing coverage. This bill will help federal employees enjoy a health care system that is on par with the private sector.

This bill is important to improve and expand the current health care available to federal employees, and will send an important signal that Congress and the American people continue to value the hard work and the health of those serving our government.

The bill was ordered to be engrossed and read a third time, was read the third time, and passed, and a motion to reconsider was laid on the table.
