SUPPORTING GOALS AND IDEALS OF PANCREATIC CANCER AWARENESS MONTH

Mr. PLATTS. Madam Speaker, I move to suspend the rules and agree to the resolution (H. Res. 641) supporting the goals and ideals of Pancreatic Cancer Awareness Month.

The Clerk read as follows:

H. RES. 641

Whereas over 31,860 people will be diagnosed with pancreatic cancer this year in the United States;

Whereas the mortality rate for pancreatic cancer is 99 percent, the highest of any cancer;

Whereas pancreatic cancer is the 4th most common cause of cancer death in the United States;

Whereas there are no early detection methods and minimal treatment options for pancreatic cancer;

Whereas when symptoms of pancreatic cancer generally present themselves, it is too late for an optimistic prognosis, and the average survival rate of those diagnosed with metastasis disease is only 3 to 6 months;

Whereas pancreatic cancer does not discriminate by age, gender, or race, and only 4 percent of patients survive beyond 5 years;

Whereas the Pancreatic Cancer Action Network (PanCAN), the first national patient advocacy organization serving the pancreatic cancer community, focuses its efforts on public policy, research funding, patient services, and public awareness and education related to developing effective treatments and a cure for pancreatic cancer; and

Whereas the Pancreatic Cancer Action Network has requested that the Congress designate November as Pancreatic Cancer Awareness Month in order to educate communities across the Nation about pancreatic cancer and the need for research funding, early detection methods, effective treatments, and prevention programs: Now, therefore, be it

Resolved, That the House of Representatives supports the goals and ideals of Pancreatic Cancer Awareness Month.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from

Pennsylvania (Mr. PLATTS) and the gentleman from Illinois (Mr. DAVIS) each will control 20 minutes.

The Chair recognizes the gentleman from Pennsylvania (Mr. PLATTS).

GENERAL LEAVE

Mr. PLATTS. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and include extraneous material on H. Res. 641.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Pennsylvania?

There was no objection.

Mr. PLATTS. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, I rise to strongly support this resolution that admirably supports the goals and ideals of Pancreatic Cancer Awareness Month.

Madam Speaker, few Americans may understand that pancreatic cancer is a horrific killer. Because early detection methods are largely unsuccessful, 99 percent of those diagnosed will lose their lives, the highest mortality rate of any form of cancer. By the time the symptoms become evident in patients, it is almost always too late. Individuals diagnosed have an average life expectancy of just 3 to 6 months.

This year alone, more than 31,000 Americans will be diagnosed with pancreatic cancer. The Pancreatic Cancer Action Network, known as PANCAN, is the only national advocacy organization available for pancreatic cancer patients, their families and friends and all Americans.

PANCAN regards each November as Pancreatic Cancer Month. By adopting House Resolution 641 today, this body will offer strong support for this outstanding organization and, most importantly, help to increase awareness of pancreatic cancer so that we can help to improve detection and treatment approaches.

Madam Speaker, since all of our fellow citizens have family, friends and neighbors who are regrettably vulnerable to this dreaded disease, I urge support from my distinguished colleagues for this resolution here today.

Madam Speaker, I reserve the balance of my time.

Mr. DAVIS of Illinois. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, this year, approximately 28,000 people will die from cancer of the pancreas. Most pancreatic cancers arise from the ductal cells of the pancreas. The pancreas, an organ situated deep in the abdominal cavity, serves several critical functions, including the production of enzymes that are delivered to the small intestine to aid in the digestion of food and the control of sugar levels in the body.

Unlike other types of cancer where progress is being made to treat the disease, the medical community continues to be baffled by pancreatic cancer. Close to 99 percent of those diagnosed will die from the disease.

It is imperative that we work together to raise awareness about this fatal disease. Therefore, I join with my colleague from Pennsylvania (Mr. PLATTS) to voice my strong support for H. Res. 641, a bill supporting the goals and ideals of Pancreatic Cancer Awareness Month.

The journey to find a cure for pancreatic cancer will certainly be a long and difficult one. However, I am pleased that the Pancreatic Cancer Network, known as PANCAN, has worked diligently since 1999 to focus national attention on the need to find a cure for pancreatic cancer. This organization believes that with hard work and cooperation from government a cure for pancreatic cancer will be discovered. I share this view.

It is very important that we signal to the American people and to those struggling with this terrible disease that we are indeed serious about finding a cure. Designating November as Pancreatic Cancer Awareness Month will serve to help educate communities across the Nation about pancreatic cancer and the need for research funding, early detection methods, effective treatments and preventive programs.

So, Madam Speaker, again I want to thank the gentleman from Pennsylvania (Mr. PLATTS) for his tireless effort on this important issue and urge that we all join with him in supporting H. Res. 641.

Madam Speaker, I have no further requests for time, and I yield back the balance of my time.

Mr. PLATTS. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, I certainly appreciate and thank the gentleman for his kind words of support and his efforts to help raise awareness of this deadly disease.

Madam Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Pennsylvania (Mr. PLATTS) that the House suspend the rules and agree to the resolution, H. Res. 641.

The question was taken; and (two-thirds having voted in favor thereof) the rules were suspended and the resolution was agreed to.

A motion to reconsider was laid on the table.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Pennsylvania (Mr. PLATTS) and the gentleman from Illinois (Mr. DAVIS) each will control 20 minutes.

The Chair recognizes the gentleman from Pennsylvania (Mr. PLATTS).

GENERAL LEAVE

Mr. PLATTS. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and include extraneous material on S. 2640.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Pennsylvania?

There was no objection.

Mr. PLATTS. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, I rise in strong support of S. 2640, a bill to designate the Reno, Nevada, Post Office as the Guardians of Freedom Memorial Post Office Building. The House version of this legislation, H.R. 4442, introduced by my esteemed colleague, the gentleman from Nevada (Mr. GIBBONS),

passed this body on September 7 of this year. I now urge like support for the Senate bill here today.

I am pleased that this deserved legislative tribute to our Nation's military servicemen and women will soon be on the President's desk and become law.

As our Nation is engaged in the global war on terror, courageous American troops work and fight each day to make us all safer here at home. When President Bush accepted his nomination for the presidency this summer, he stated, "We have fought the terrorists across the Earth not for pride, not for power, but because the lives of our citizens are at stake."

□ 1430

These words remain true today. And, thus, the sacrifices of our brave troops across the world continue to be so invaluable to all of us.

This Guardians of Freedom Post Office in Reno, Nevada, is a relatively small, but critically important and very relevant, gesture of the American people's appreciation of Nevada's veterans. We will never take their blood, sweat, and tears for granted. I thank both the gentleman from Nevada (Mr. GIBBONS) and his colleague in the Senate, Senator JOHN ENSIGN of Nevada, for their meaningful work towards establishing the Guardians of Freedom Memorial Post Office.

Madam Speaker, I reserve the balance of my time.

Mr. DAVIS of Illinois. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, as a member of the House Committee on Government Reform, I am pleased to join my colleague in consideration of S. 2640, legislation designating the postal facility in Reno, Nevada, in memory of the Guardians of Freedom. This measure, which was sponsored by Senator JOHN ENSIGN, passed the Senate unanimously on July 22, 2004. S. 2640 is closely related to H.R. 4442 which passed the House by voice vote on September 7, 2004.

The name Guardians of Freedom Memorial Post Office was chosen by the Nevada North Valley High School Air Force Junior ROTC cadets and honors the Nevada men and women who lost their lives while serving in the military on the global war on terrorism and in Operation Iraqi Freedom.

Madam Speaker, I was pleased to join last week with veterans in my hometown of Chicago at the George Giles and Dorrie Miller posts, as we all commemorated Veterans Day and we all paid tribute to the men and women who have given their lives in defense of this country. Therefore, I am pleased to support the men and women in the military, commend the young people at the Nevada high school for arriving at the name, and join with my colleague in urging swift passage of this bill.

Madam Speaker, I yield back the balance of my time.

Mr. PLATTS. Mr. Speaker, I yield such time as he may consume to the gentleman from Nevada (Mr. GIBBONS).
