## STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. CARPER (for himself and Mr. BIDEN):

S. 2899. A bill to authorize the Secretary of the Interior to conduct a special resources study to evaluate resources along the coastal region of the State of Delaware and to determine the suitability and feasibility of establishing 1 or more units of the National Park System in Delaware, and for other purposes; to the Committee on Energy and Natural Resources.

Mr. CARPER. Mr. President, a few minutes ago, I was recognized and I spoke about the first State. The first State is Delaware. Delaware became the first State December 7th, 1787, when we ratified the Constitution. For 1 week, Delaware was the entire United States of America. We opened things up for the rest of the country, and Pennsylvania came in, New Jersey, and others. For the most part, we are pleased the way it turned out.

It is ironic that the State that helped start this country, the State whose history is part of the fabric of this country's history, has no national park to celebrate our place in the founding of this country and the growth of this country over the last 200-some years.

A couple of years ago, my family and I were planning a vacation. We were trying to decide where to go. We were thinking about going to Alaska. We actually got on the National Park Service Web site to see about the national parks in Alaska. They have terrific national parks. We went up there and had a wonderful visit. Before we did that, we looked at that National Park Service Web site to see what other attractions there are in the other 49 States. There is a unit of the National Park Service in 49 States in this country, but we found nothing for Delaware.

For years gone by and for the immediate future when families like ours are deciding where they are going to go on their summer vacation in 2005 or 2006, they will have the same choices as they

had in 2004 and the years before this, businesses, one of the most enduring businesses, large or small, in the United States.

There are other attractions. The Underground Railroad literally runs the length and breadth of our State. Many slaves found their freedom crossing the Christina River into northern Delaware not far from where the first Swedes landed just down the river.

A second hub would be located in the southern part of New Castle County along the Delaware River. Not far from where the hub would be is Fort Delaware. During the Confederate war, tens of thousands of Confederate soldiers were held prisoner at Fort Delaware, in the middle of the Delaware River. From that hub, Port Penn, along the Delaware River, will emanate to the spokes that lead to attractions, including Fort Delaware.

A third hub is Kent County, DE. Kent County, DE, is home of the Golden Fleece Tavern. On December 7, 1787, a band of several dozen men decided, after studying and debating the Constitution that had been sent out from Philadelphia, from the Constitutional Convention, they decided to ratify at the Golden Fleece Tavern on that cold December morning.

Not far from that is a place called John Dickinson Mansion. That mansion was home of a Delawarean who participated in the Constitutional Convention. At that Constitutional Convention, he worked with folks from Connecticut to develop the compromise that makes it clear that every State gets two Senators today and that all the States have representatives in the House of Representatives right down that hall in coordination with the size of the population of that State. That is just one of the many and those choices will not include a national park in Delaware or a unit of National Park in our State.

Senator BIDEN, a couple of years ago, tried to address this problem. For a while, the idea of creating a national park gave some thought to creating a national park in the Great Cyprus Swamp in the southeast corner. Those familiar with Bethany, Rehoboth, and Lewes may or may not know there is a huge swamp where the last of the bald cyprus in North America are. We thought of designating the Great Cyprus Swamp as a national park. The idea ran into some disfavor in southern Delaware and was abandoned.

I am delighted Senator BIDEN has joined in introducing today our legislation to call on the Department of the Interior to conduct a feasibility study to see if what we think is a great idea developed by our park committee in Delaware, led by Dr. Jim Soles over the last year, might find favor with the Department of the Interior, the Congress, and with the President.

The committee has envisioned four wheels, four hubs, starting in the northern part of our State in Wilmington, DE, where the first Swedes
