Mr. SPECTER. Mr. President, I have sought recognition to comment on a substitute amendment I propose to make to S. 2485, the “Veterans Health Programs Improvements Act of 2004,” as part of my request that the bill, as so amended, be approved by the Senate. The underlying bill, S. 2485, was reported by the Senate Committee on Veterans’ Affairs on July 20, 2004, and is explained in detail in Senate Report 108-358. My comments at this time are limited to explaining how the proposed substitute amendment, which reflects a bipartisan agreement between Senate and House Veterans’ Affairs Committees on veterans’ medical benefits-related issues, differs from the provisions of S. 2485, as reported.

The House has approved a number of bills—H.R. 1318, H.R. 4231, H.R. 4248, H.R. 4317, H.R. 4608, H.R. 4768, and H.R. 4836—that overlap with provisions drawn from various Senate bills that are contained in S. 2485, as reported. The language of the substitute amendment, in some cases, fine tunes language to harmonize these overlapping provisions without significant or substantive modification. Further, the substitute amendment adds provisions that are drawn from House-approved bills that had not been considered by the Senate. Among those provisions are measures which will assist the Department of Veterans Affairs—VA—and State veterans homes in procuring needed nursing services; provisions which authorize VA major medical facility leases and grant programs to assist providers of services to homeless veterans; and measures requiring VA reports on historic properties and medical waste management activities. Also included are VA facility “naming” provisions which, in addition to a measure already approved by the Veterans’ Committee, would name VA facilities in Amarillo, TX; Peoria, IL; Lufkin, TX; and Sunnyside, Queens, NY. All of these additional provisions, and all clarifications and modifications to language contained in the reported bill, are outlined in the “Explanatory Statement” which I will append to this statement.

Each of the additions to S. 2485 that have resulted from negotiations with our colleagues in the House are all useful and productive. The bill as it would be modified by the managers’ amendment, then, merits the Senate’s approval.

I yield the floor and ask unanimous consent that the Explanatory Statement be printed in the RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

EXPLANATORY STATEMENT ON S. 2485, AS AMENDED

S. 2485, as amended, (hereinafter, the “Compromise Agreement”) reflects a negotiated agreement reached by the House of Representatives and Senate Committees on Veterans’ Affairs concerning provisions from a number of bills considered by the House and the Senate during the 108th Congress. Legislative provisions contained in the compromise were derived from: H.R. 1318, H.R. 4231, H.R. 4248, H.R. 4317, H.R. 4608, H.R. 4658, H.R. 4768, H.R. 4836, and S. 2485, as reported by the Senate Committee on Veterans’ Affairs on July 20, 2004 (hereinafter, “S. 2485, as reported”).

The House and Senate Committees on Veterans’ Affairs have prepared the following explanation of the Compromise Agreement. Differences between the provisions of the Compromise Agreement and the related provisions originally contained in House or Senate bills are noted, except for clerical corrections, conforming changes made necessary by the Compromise Agreement, and minor drafting, technical, and clarifying changes.

Senate Bill

Section 101 of the Compromise Agreement increases the authorization level to \$99,000,000 and removes the section from the House Bill that would have extended this program through 2008.

Current Law

Subchapter V, chapter 17 of title 38, United States Code, authorizes the Department of Veterans Affairs (hereinafter, “VA”) to make payments to State homes for veterans receiving care in a State home.

House Bill

Section 5 of H.R. 4231, as amended, would amend subchapter V, chapter 17 of title 38, United States Code, to add a new section 1744 to authorize the Secretary of Veterans Affairs (hereinafter, “the Secretary”) to make payments to States for the purpose of assisting State homes in the hiring and retention of registered nurses.

Senate Bill

The Senate Bill contains no comparable provision.

Senate Bill

The Senate Bill contains no comparable provision.

Compromise Agreement

Section 403 of the Compromise Agreement follows the House language. The authority provided in this section is permissive and intended by the Committees to foster good-faith negotiations between the partners to this agreement. In the event that the Secretary of Veterans Affairs determines the terms or conditions of the lease not to be in the best interest of the United States, the Secretary should propose an alternative strategy to Congress.

Subtitle B—Facilities Management

SEC. 411—DEPARTMENT OF VETERANS AFFAIRS CAPITAL ASSET FUND

Current Law

Under current law, the Secretary is authorized to dispose of property administered

by VA and retain the proceeds from such a disposal, but only if: (1) the property is considered excess to the needs of VA; (2) there is no use for it in providing services to homeless veterans; and (3) the property is valued at less than \$50,000 or, in cases where it is valued at more than \$50,000, the disposal was proposed in the most recent budget submitted to Congress by the President. In the event property is so transferred, all proceeds must be deposited into the Nursing Home Revolving Fund. Funds in the Nursing Home Revolving Fund may only be used for the construction, acquisition, or alteration of nursing home facilities.

House Bill

Section 102 of the H.R. 4768 would amend chapter 81 of title 38, United States Code, to add a new section 8118 to provide the Secretary with new authority to transfer by sale, exchange or lease unneeded real property currently in VA's portfolio. It would establish a new "Capital Asset Fund" to finance actions taken to facilitate the transferring of real property, including demolition, environmental restoration, maintenance and repair, and historic preservation and administrative expenses. Section 102 would also establish "fair market value" as the basis for property transfers. Further, it would require the Secretary to include in each year's budget submission to Congress a report of both the uses of the Capital Asset Fund and descriptive information on each completed, pending and planned property disposal. Finally, Section 102 would repeal the Nursing Home Revolving Fund in section 8116 of title 38, United States Code.

All of the authorities extended to the Secretary, as outlined above, would be contingent upon the Secretary certifying that VA facilities maintain long-term care capacity as required by section 1710B(b) of title 38, United States Code.

Senate Bill

Section 101 of S. 2485, as reported, would authorize VA for 5 years to dispose of excess real property by sale, transfer or exchange to a Federal agency, a State or political subdivision of a State, or to any public or private entity. Such transfers would not be subject to restrictions currently in force. Further, the Committee bill would allow VA to retain the proceeds generated by such disposals of property in a new Capital Asset Fund rather than the Nursing Home Revolving Fund. Funds in the new account could be used to perform non-recurring maintenance, develop construction proposals, or dispose of other VA property.

Compromise Agreement

The Compromise Agreement follows the House language except that the contingencies upon which the House authorization rested are no longer included. Instead, the Compromise Agreement makes the transfer of funds from, and elimination of, the Nursing Home Revolving Fund contingent on the Secretary certifying that VA facilities maintain long-term care capacity as required by section 1710B(b) of title 38, United States Code. All other authorities would take effect immediately.

SEC. 414—LIMITATION ON IMPLEMENTATION OF MISSION CHANGES FOR SPECIFIED VETERANS HEALTH ADMINISTRATION FACILITIES

Current Law

Section 401 of Public Law 108-193, the "Veterans Health Care Authorities Extension and Improvement Act of 2003," requires VA to notify Congress of facility closings proposed under the Capital Asset Realignment for Enhanced Services initiative, and prohibits such closings from occurring until the lapse of 60 days following the notification or 30 days of continuous session of Congress, whichever is longer.

House Bill

The House Bills contains no comparable provision.

Senate Bill

Section 104 of S. 2485, as reported, would prohibit the Secretary from implementing a mission change for a medical facility (other than a mission change prescribed by the Secretary in his Capital Asset Realignment for Enhanced Services initiative Final Report) until 90 days after the date on which the Secretary submits to the Committees on Veterans' Affairs written notice of the mission change.

Compromise Agreement

Section 414 of the Compromise Agreement prohibits the Secretary from implementing a mission change until the lapse of 60 days following notification or 30 days of continuous session of Congress, whichever is longer, at VA Medical Centers in the following locations: Boston, Massachusetts; New York City, New York; Big Springs, Texas; Dublin, Georgia; Montgomery, Alabama; Louisville, Kentucky; Muscogee (including the outpatient clinic in Tulsa), Oklahoma; Poplar Bluff, Missouri; Ft. Wayne, Indiana; Waco, Texas; Walla Walla, Washington.

SEC. 415—AUTHORITY TO USE PROJECT FUNDS TO CONSTRUCT OR RELOCATE SURFACE PARKING INCIDENTAL TO A CONSTRUCTION OR NON-RECURRING MAINTENANCE PROJECT

Current Law

Under current law, all money spent for the construction of VA parking lots must be derived from the Parking Revolving Fund which receives all of its deposits from fees charged for parking. VA may not spend "construction" funds on parking lots be-

cause those funds are not drawn from the Parking Revolving Fund.

House Bill

Section 104 of H.R. 4768 would authorize the use of funds in a construction or capital account for the relocation of a surface parking facility if the relocation is necessitated by a construction or non-recurring maintenance project.

Senate Bill

Section 103 of S. 2485, as reported, would authorize the use of funds in a construction or capital account for the relocation of a surface parking facility if the relocation is necessitated by a construction or non-recurring maintenance project.

Section 415 of the Compromise Agreement follows the language of the House and Senate Bills.

SEC. 416—INAPPLICABILITY OF LIMITATION ON USE OF ADVANCE PLANNING FUNDS TO AUTHORIZED MAJOR MEDICAL FACILITY PROJECTS

Current Law

Under current law, VA may not spent more than \$500,000 from its Advanced Planning Fund for the development of a construction proposal unless it notifies Congress of its intention to do so and waits for a period of 30 days.

House Bill

Section 105 of H.R. 4768 would provide more flexibility to VA by eliminating the "notice and wait" provision if the project VA is planning has already been authorized by law.

Senate Bill

Section 105 of S. 2485, as reported, also would eliminate the "notice and wait" provision if the project VA is planning has already been authorized by law.

Compromise Agreement

Section 416 of the Compromise Agreement follows the language of the House and Senate Bills.

SEC. 417—ENHANCEMENT TO ENHANCE-USE LEASE AUTHORITY

Current Law

Under current law, VA is authorized to lease real property administered by VA to non-Federal entities in cases where VA determines that such a lease will advance the mission of VA and enhance the use of the property. In making the determination to enter into such an "enhanced-use lease", VA may only consider the needs of the Veterans Health Administration as outlined in business plans set forth by the Under Secretary for Health. Further, Section 8166 of title 38, United States Code, provides the Secretary permissive authority to disregard State and local laws relating to building codes, permits or inspections that would regulate or restrict construction, alternation, repair, remodeling or improvement of VA property associated with an enhanced-use lease under section 8162 of title 38, United States Code.

House Bill

Section 106 of H.R. 4758 would add to existing exemptions from State and local laws for enhanced-use leases any land-use laws.

Senate Bill

Section 102 of S. 2485, as reported, would allow VA, as part of making a determination to enter into an enhanced-use lease, to consider the needs of the Veterans Benefits Administration or the National Cemetery Administration, as outlined in business plans developed by the respective Under Secretaries of those Administrations.

Compromise Agreement

Section 417 of the Compromise Agreement includes the language from the House Bill.

SEC. 418—FIRST OPTION FOR COMMONWEALTH OF KENTUCKY ON DEPARTMENT OF VETERANS AFFAIRS MEDICAL CENTER, LOUISVILLE, KENTUCKY

Current Law

Under current law, VA generally may not transfer any property to a State unless VA receives compensation equal to the fair market value of the property and the transfer, as proposed, is described in the VA budget for the fiscal year within which the proposed transfer will take place. However, VA may transfer property to a State for use as a State nursing home or domiciliary.

House Bill

The House Bills contains no comparable provision.

Senate Bill

Section 131 of S. 2485, as reported, would require VA for one year, if it determines that it will convey, lease, or otherwise dispose of all or part of the Louisville VA Medical Center, to negotiate for the conveyance, lease, or other disposal of the Medical Center to the Commonwealth of Kentucky for its use to provide services for veterans or for other purposes. The bill would not relieve the Commonwealth from the burden of paying fair market value for the land.
