(a) CONTRACTS AUTHORIZED.—The Secretary of Defense may enter into an energy savings performance contract under this section for the sole purpose of achieving energy savings and benefits ancillary to that purpose. The Secretary may incur obligations under the contract to finance energy conservation measures so long as guaranteed savings exceed the debt service requirements.

(b) TERMS AND CONDITIONS.—

(1) CONTRACT PERIOD.—Notwithstanding any other provision of law, an energy savings performance contract may be for a period of up to 25 years beginning on the date on which the first payment is made by the Secretary pursuant to the contract. The contract need not include funding of cancellation charges (if any) before cancellation, if—

(B) the Secretary determines that funds are available and adequate for payment of the costs of the contract for the first fiscal year;

(C) the contract is governed by part 17.1 of the Federal Acquisition Regulation; and

(D) if the contract contains a clause setting forth a cancellation ceiling in excess of \$10,000,000, the Secretary provides notice to Congress of the proposed contract and the proposed cancellation ceiling at least 30 days before the award of the contract.

(2) COSTS AND SAVINGS.—An energy savings performance contract shall require the contractor to incur the costs of implementing energy savings measures, including at least the cost (if any) incurred in making energy audits, acquiring and installing equipment, and training personnel, in exchange for a share of any energy savings directly resulting from implementation of such measures during the term of the contract.

(3) OTHER TERMS AND CONDITIONS.—An energy savings performance contract shall require an annual energy audit and specify the terms and conditions of any Government payments and performance guarantees. Any such performance guarantee shall provide that either the Government or the contractor is responsible for maintenance and repair services for any energy related equipment, including computer software systems.

(c) LIMITATION ON ANNUAL CONTRACT PAYMENTS.—Aggregate annual payments by the Secretary to a contractor for energy, operations, and maintenance under an energy savings performance contract may not exceed the amount that the Department of Defense would have paid for energy, operations, and maintenance in the absence of the contract (as estimated through the procedures developed pursuant to this section) during term of the contract. Federal Acquisition Regulatory Council, shall issue final rules to establish the procedures and methods for use by the Department of Defense to select, monitor, and terminate energy savings performance contracts in accordance with laws governing Federal procurement that will achieve the intent of this section in a cost-effective manner. (B) is listed by a Federal agency pursuant to section 801(b)(2) of the National Energy Policy Act (42 U.S.C. 8287(b)(2));

(4) allow the Secretary to, from the statements received, designate and prepare a list, with an update at least annually, of those firms that are qualified to provide energy savings services;

(5) allow the Secretary to select firms from such list to conduct discussions concerning a particular proposed energy savings project, including requesting a technical and price proposal from such selected firms for such project;

(6) allow the Secretary to select from such firms the most qualified firm to provide energy savings services based on technical and price proposals and any other relevant information;

(7) allow the Secretary to permit receipt of unsolicited proposals for energy savings performance contracting services from a firm that the Department of Defense has determined is qualified to provide such services under the procedures established pursuant to subsection (d) and require facility managers to place a notice in the Commerce Business Daily announcing they have received such a proposal and invite other similarly qualified firms to submit competing proposals;

(8) allow the Secretary to enter into an energy savings performance contract with a firm qualified under paragraph (7), consistent with the procedures and methods established pursuant to subsection (d); and

additional task orders pursuant to such contract and may make whatever contract modifications the parties to such contract agree are necessary to conform to the provisions of this section.

(g) PILOT PROGRAM FOR NONBUILDING APPLICATIONS.—

(1) **IN GENERAL.**—The Secretary may carry out a pilot program to enter into up to 10 energy savings performance contracts for the purpose of achieving energy savings, secondary savings, and benefits incidental to those purposes, in nonbuilding applications.

(2) **SELECTION.**—The Secretary shall select the contract projects to demonstrate the applicability and benefits of energy savings performance contracting to a range of nonbuilding applications.

(3) **REPORT.**—Not later than three years after the date of the enactment of this Act, the Secretary shall submit to Congress a report on the progress and results of the pilot program. The report shall include a description of projects undertaken; the energy and cost savings, secondary savings and other benefits that resulted from such projects; and recommendations on whether the pilot program should be extended, expanded, or authorized.

(1) **ENERGY SAVINGS.**—The term “energy savings” means a reduction in the cost of energy, from a base cost established through a methodology set forth in the energy savings performance contract, utilized in an existing federally owned building or buildings or other federally owned facilities as a result of—

(A) the lease or purchase of operating equipment, improvements, altered operation and maintenance, increased capacity or payload, or technical services; or

(B) the increased efficient use of existing energy sources by cogeneration or heat recovery, excluding any cogeneration process for other than a federally owned building or buildings or other federally owned facilities.

(2) **ENERGY SAVINGS PERFORMANCE CONTRACT.**—The term “energy savings performance contract” means a contract that provides for the performance of services for the design, acquisition, installation, testing, operation, and, where appropriate, maintenance and repair of an identified energy conservation measure or series of measures at one or more locations. Such contracts—

(A) may provide for appropriate software licensing agreements; and

(B) shall, with respect to an agency facility that is a public building, as defined in section 13(1) of the Public Buildings Act of 1959 (40 U.S.C. 612(1)), be in compliance with the prospectus requirements and procedures of section 7 of the Public Buildings Accountability Act of 1959 (40 U.S.C. 606).

(3) **NONBUILDING APPLICATION.**—The term “nonbuilding application” means—

(A) any class of vehicles, devices, or equipment that is transportable under its own power by land, sea, or air that consumes energy from any fuel source for the purpose of such transportability, or to maintain a controlled environment within such vehicle, device, or equipment; or

(B) any Federally owned equipment used to generate electricity or transport water.

(4) **SECONDARY SAVINGS.**—The term “secondary savings” means additional energy or cost savings that are a direct consequence of the energy savings that result from the energy efficiency improvements that were financed and implemented pursuant to the energy savings performance contract. Such secondary savings may include energy and cost savings that result from a reduction in the need for fuel delivery and logistical support, personnel cost savings and environmental benefits. In the case of electric generation

equipment, secondary savings may include the benefits of increased efficiency in the production of electricity, including revenue received by the Federal Government from the sale of electricity so produced.

(5) **SECRETARY.**—The term “Secretary” means the Secretary of Defense.

On page 280, after line 22, insert the following:

SEC. 1068. SENSE OF CONGRESS ON CONTRIBUTIONS OF AFRICAN AMERICANS TO THE ARMED FORCES.

(a) **FINDINGS.**—Congress makes the following findings:

(1) From the inception of our Nation, many African Americans have given their lives in service to this country in order that Americans could enjoy freedom and prosperity.

(2) Nowhere is this sacrifice more apparent than in the history of the Armed Forces of the United States, and in the current fight against the threat of terrorism within the United States and abroad.

(3) It is important to recognize the extraordinary contributions of African American

soldiers enlisted in the Armed Forces during the era of segregation, when these brave soldiers fought valiantly to ensure freedom and democracy for Americans that they were not, in many instances, able to enjoy.

(4) In September 1945, Secretary of War Robert P. Patterson appointed a board of 3 general officers, which became known as the Gillem Board, to investigate the policy of the United States Army with respect to African Americans and to prepare a new policy that would provide for the efficient use of African Americans in the Army.

(5) The April 1946 Gillem Board report, titled “Utilization of Negro Manpower in the Postwar Army Policy,” concluded that the future policy of the Army should be to “eliminate, at the earliest practicable moment, any special consideration based on race.”

(6) On October 29, 1947, the President's Committee on Civil Rights issued a landmark report titled “To Secure These Rights”, which condemned segregation, in particular segregation in the Armed Forces. The report recommended legislation and administrative action “to end immediately all discrimination and segregation based on race, color, creed or national origin in... all branches of the Armed Services.”

(7) On July 26, 1948, President Truman signed Executive Order 9981, which stated that “there shall be equality of treatment and opportunity for all persons in the armed services without regard to race, color, religion, or national origin.” The order also established the President's Committee on Equality of Treatment and Opportunity in the Armed Services, which included two African American members among its initial members.

(8) On April 1, 1949, Secretary of Defense Louis Johnson issued a directive to the Secretaries of the Army, Navy, and Air Force that stated that it was the policy of the Department of Defense that there should be equality of treatment and opportunity for all in the armed services, and that “qualified Negro personnel shall be assigned to fill any type of position... without regard to race.”

(9) On May 11, 1949, Secretary of Defense Louis Johnson approved the integration plans of the Air Force, but rejected those of the Army and the Navy.

(10) On June 7, 1949, Secretary of Defense Louis Johnson accepted a revised Navy integration plan.

(11) On March 13, 1950, the Army agreed to abolish its 10 percent recruitment quota for African Americans.

(12) On March 18, 1951, The Department of Defense announced that all basic training within the United States had been integrated.

(13) In October 1953, the Army announced that 95 percent of African American soldiers in the Army were serving in integrated units.

(b) **SENSE OF CONGRESS.**—It is the sense of Congress—

(1) to apologize for the racial segregation that was enforced by the United States Government upon African American soldiers who defended the United States prior to the desegregation of the Armed Forces;

(2) that the United States has been richly blessed by the contributions and sacrifices of African Americans;

(3) that the African Americans who served in the Armed Forces of the United States were heroes who were willing to see beyond their own oppression and envision a future society that would be fully inclusive of all citizens, regardless of their race; and

(4) because of the sacrifices of these heroes, our Nation has prospered and grown into a symbol of freedom emulated by countries around the world.

(c) CLAIMS NOT AUTHORIZED.—This section shall not be construed to authorize any claim against the United States and shall not be construed as a settlement of any claim against the United States.

SA 3233. Mr. LOTT (for himself and Mr. GRAHAM of South Carolina) submitted an amendment intended to be proposed by him to the bill S. 2400, to authorize appropriations for fiscal year 2005 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe personnel strengths for such fiscal year for the Armed Services, and for other purposes; which was ordered to lie on the table, as follows:

On page 35, between lines 6 and 7, insert the following:

SEC. 232. SENSE OF THE SENATE REGARDING FUNDING OF THE ADVANCED SHIPBUILDING ENTERPRISE UNDER THE NATIONAL SHIPBUILDING RESEARCH PROGRAM OF THE NAVY.

(a) FINDINGS.—Congress makes the following findings:

(1) The budget for fiscal year 2005, as submitted to Congress by the President, provides \$10,300,000 for the Advanced Shipbuilding Enterprise under the National Shipbuilding Research Program of the Navy.

(2) The Advanced Shipbuilding Enterprise is an innovative program to encourage greater efficiency in the national technology and industrial base.

(3) The leaders of the United States shipbuilding industry have embraced the Advanced Shipbuilding Enterprise as a method for exploring and collaborating on innovation in shipbuilding and ship repair that collectively benefits all components of the industry.

(b) SENSE OF THE SENATE.—It is the sense of the Senate—

(1) that the Senate—

(A) strongly supports the innovative Advanced Shipbuilding Enterprise under the National Shipbuilding Research Program as an enterprise between the Navy and industry that has yielded new processes and techniques that reduce the cost of building and repairing ships in the United States; and

(B) is concerned that the future-years defense program of the Department of Defense that was submitted to Congress for fiscal year 2005 does not reflect any funding for the Advanced Shipbuilding Enterprise after fiscal year 2005; and

(2) that the Secretary of Defense should continue to provide in the future-years defense program for funding the Advanced Shipbuilding Enterprise at a sustaining level in order to support additional research to further reduce the cost of designing, building, and repairing ships.

SA 3234. Mr. NELSON of Florida (for himself, Mrs. DOLE, Mr. CORZINE, Mr. NELSON of Nebraska, Mr. LEAHY, Mrs. MURRAY, and Mr. GRAHAM of Florida) submitted an amendment intended to be proposed by him to the bill S. 2400, to authorize appropriations for fiscal year 2005 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe personnel strengths for such fiscal year for the Armed Services, and for other purposes; which was ordered to lie on the table, as follows:

(a) AMOUNT FOR PROGRAM.—The amount authorized to be appropriated by section 301(1) for operation and maintenance for the Army is hereby increased by \$10,000,000 for the Family Readiness Program of the National Guard.

(1) by redesignating subparagraphs (C) and (D) as subparagraphs (D) and (E), respectively;

(2) by inserting after subparagraph (B) the following new subparagraph:

“(C) Notwithstanding subparagraph (A), if the violator is—

“(i)(I) a broadcast station licensee or permittee; or

The Secretary shall designate a single office in the Department of Defense to carry out this subsection, including the establishment of such rules and procedures as may be necessary to facilitate the acceptance of such frequent traveler miles, credits, and tickets.

“(2) Frequent traveler miles, credits, and tickets accepted under this subsection shall be used only in accordance with the rules established by the air carrier or surface carrier that is the source of the miles, credits, or tickets and shall be used only for the following purposes:

“(A) To facilitate the travel of a member of the armed forces who—

“(B) the number of family members who may travel; and

“(C) the number of trips that family members may take.

“(4) Notwithstanding paragraph (2), the Secretary of Defense may, in an exceptional case, authorize a person not described in subparagraph (B) of that paragraph to use frequent traveler miles, credits, or a ticket accepted under this subsection to visit a member of the armed forces described in such subparagraph if that person has a notably close relationship with the member. The frequent traveler miles, credits, or ticket may be used by such person only in accordance with such conditions and restrictions as the Secretary determines appropriate and the rules established by the air carrier or surface carrier that is the source of the miles, credits, or ticket.

“(5) The Secretary of Defense shall encourage air carriers and surface carriers to participate in, and to facilitate through minimization of restrictions and otherwise, the donation, acceptance, and use of frequent traveler miles, credits, and tickets under this section.

“(6) The Secretary of Defense may enter into an agreement with a nonprofit organization to use the services of the organization—

“(A) to promote the donation of frequent traveler miles, credits, and tickets under paragraph (1), except that amounts appropriated to the Department of Defense may not be expended for this purpose; and

“(B) to assist in administering the collection, distribution, and use of donated frequent traveler miles, credits, and tickets.

“(7) Members of the armed forces, family members, and other persons who receive air or surface transportation using frequent traveler miles, credits, or tickets donated under this subsection are deemed to recognize no income from such use. Donors of frequent traveler miles, credits, or tickets under this subsection are deemed to obtain no tax benefit from such donation.

“(8) In this subsection, the term ‘family member’ has the meaning given that term in section 411h(b)(1) of title 37.”.
