

soon set upon by a heavy blizzard, the result of which required the amputation of both feet. Not to be deterred, Brookings continued settle the area, eventually becoming a leader in a number of government entities. The town and county were named for him in his honor and out of respect for all he did in the settlement of Dakota Territory.

Before Brookings' arrival, the area was populated by American Indians. Large mounds that were used as burial grounds have been found in the area, as well as stone hammers and other stone tools. Fur traders entered the area as early as 1750.

Originally, settlers founded the town of Medary in 1857 in what would become Brookings County. Oakwood and Fountain, two other small settlements, were also founded at this time and all were hopeful that railroad tracks would be laid through the city. On October 18, 1879, the railroad passed through Main Street in Brookings, which greatly helped the town to grow and prosper. Many of the residents and businessmen in Medary and Fountain would eventually move to Brookings.

Currently, over 18,000 people live in Brookings. The town boasts numerous businesses, as well as South Dakota State University. The city has already started celebrations for its 125th anniversary and will continue them throughout the year. These include a "Crazy Days" celebration, a large art exhibit, and a tour of historic homes throughout the city. It is with great honor that I advise my colleagues of the achievements made by this great community.●
