

stay until 2005. In 1993 the library received its first computer and one year later began providing Internet access. Today, the St. Ignace Public Library has a circulation of over 22,000 books, videos, audio books, and CD-ROMS and has access to six computers.

The library informs me that over the past 10 years they have watched their circulation grow by 57 percent. They have issued roughly 2,000 library cards. Between the influx of people and learning materials, their 2,600 square foot building could hardly keep up with the growth. The new library, being dedicated this Saturday, is 6,600 square feet and contains a larger children's section and expanded computer facilities. In addition, the library will contain a community room for programs, lectures and public use making this library today's new town square that will bring families together to share, learn and grow.

Mr. Speaker, I ask the United States House of Representatives to join me in congratulating the St. Ignace Library Board, Funding and Building Committee and Steering committee for continuing the strong legacy of growth for the library and the vision to see it through. This nearly \$1.5 million structure took many partners to accomplish. This was financed through private donations, foundations and state and federal grants as well as in-kind support went into making this happen. I was happy to be able to earmark two grants in the federal appropriations process for \$175,000 and \$225,000 to help the vision of this amazing project go from dream to reality.

Just as the City of St. Ignace is the northern home to the Mackinac Bridge that connects to our neighbors in Michigan's Lower Peninsula, this library bridges and connects to neighbors next door and across the globe. Local residents now have the opportunity to connect with their neighbors through learning and activities while also connecting to those around the world through better access to technology. I applaud the St. Ignace community for their commitment to this great accomplishment that is clearly bridging them to the future.

IN RECOGNITION OF CHARLES T.
WILKERSON

HON. MIKE ROGERS

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 14, 2005

Mr. ROGERS of Alabama. Mr. Speaker, Sergeant Charles T. Wilkerson, 30, originally of Columbus, Georgia, died on May 22, 2005, in Iraq. Sergeant Wilkerson was assigned to the Army's 3rd Armored Cavalry Regiment of Fort Carson, Colorado, and according to initial reports was killed when an unknown ordnance detonated. His survivors include his wife Whitney and his two children; his mother Tomasa Goodwin of Columbus; and his father, Thomas Wilkerson of Phenix City, Alabama.

Charles Wilkeson was a proud father and had been a member of both the Marine Corps and the Army, Mr. Speaker. He had a strong faith in God, and like all soldiers he dutifully left behind his family and loved ones to serve our country overseas.

Words cannot express the sense of sadness we have for his family, and for the gratitude our country feels for his service. Sergeant Wilkerson died serving not just the United States, but the entire cause of liberty, on a noble mission to help spread the cause of freedom in Iraq and liberate an oppressed people from tyrannical rule. He was a true American.

We will forever hold him closely in our hearts, and remember his sacrifice and that of his family as a remembrance of his bravery and willingness to serve. Thank you, Mr. Speaker, for the House's remembrance on this mournful day.

CONGRATULATING ROCHE ON ITS
ONE HUNDREDTH ANNIVERSARY

HON. BILL PASCHELL, JR.

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 14, 2005

Mr. PASCHELL. Mr. Speaker, I rise today to offer my congratulations on the 100th Anniversary of Roche, one of the leading healthcare innovators in the world. Roche is a specialty care company that employs over 10,000 people in America and 60,000 globally. I am proud to represent the 3,000 people employed by Roche North America at its headquarters in Nutley, New Jersey, in my Congressional District. We are fortunate that these folks chose to lend their tremendous talents individually and collectively to improving the quality of healthcare for us.

For a century now, Roche has invested in advanced research and manufacturing techniques that have yielded breakthroughs in healthcare. Founded in Switzerland in 1896, Roche's roots in America are deep and strong, dating back to the opening of its New York office in 1905. From its start in Manhattan in 1905, Roche has extended its reach to nine sites across the United States, with facilities in New Jersey, South Carolina, Colorado, Indiana, and California.

There are many examples of how Roche's commitment to deepening our understanding of human health and developing revolutionary treatments and tools has reaped benefits for Americans. Roche's discoveries have led to an immunosuppressant to help people fight off

organ transplant rejection, the creation of a new class of drugs that is used to combat HIV/AIDS where other medications have failed, and the production of the most widely used treatment for Hepatitis C, one of the foremost threats to public health today. As an industry leader in the field of diagnostics, Roche's products help patients manage their diabetes, give physicians and hospitals the ability to identify illnesses more quickly and more accurately, and tailor treatments in a way that best suit an individual's personal medical condition. These life-saving and life-enhancing products make a tremendous difference for hundreds of thousands of people around the world each and every day, and are part of why Americans enjoy the highest quality healthcare.

As Roche employees in New Jersey, and around the world, reflect on all these accomplishments on this 100th Anniversary, I believe they can take great pride in the successes they have enjoyed as a result of their dedication and industriousness. I am confident that the century ahead holds great things in store for the Roche community.

JARAMOGI ABEBE AGYEMAN

HON. CAROLYN C. KILPATRICK

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 14, 2005

Ms. KILPATRICK of Michigan. Mr. Speaker, let it be known, in tribute to Jaramogi Abebe Agyeman, an induction ceremony into the Ring of Ancestors will take place on Sunday, June 12, 2005 at the Charles H. Wright Museum of African American History. It is with great respect that this tribute is offered as a memorial for the life of Jaramogi Abebe Agyeman, the founder and First Holy Patriarch of the Shrines of the Black Madonna of the Pan African Orthodox Christian Church.

Whereas, Jaramogi Abebe Agyeman was born Albert B. Cleage, Jr. in Indianapolis, Indiana on June 13, 1911. He graduated from Wayne State University, where he studied sociology, and the Oberlin Graduate School of Theology. He was a social caseworker with the Detroit Department of Public Welfare before entering the seminary. Jaramogi Abebe Agyeman served pastorates at Lexington, KY, San Francisco, CA, and Springfield, MA before founding what became known as Central United Church of Christ in 1953.

Whereas, during the civil-rights and "black power" movements of the 1960s the then Reverend Cleage was Detroit's most eloquent and uncompromising advocate and activist for African American freedom, rights, and dignity. He led campaigns for quality education and black economic empowerment and spearheaded opposition to job discrimination, police brutality and the forced removal of blacks from the central city. Jaramogi Abebe Agyeman later co-founded the Black Slate, a not-for-profit public relations and advertising group that selects and supports candidates for public office, which helped to elect Coleman A. Young as Detroit's first African American mayor.

Whereas, on Easter Sunday in 1967, he launched the Black Christian Nationalist Movement (BCN) and unveiled a 19-foot chancel mural of a Black Madonna and child by Detroit

artist Glanton Dowdell. In 1970, Central formally became the Shrine of the Black Madonna and the Reverend Cleage was rechristened Jaramogi Abebe Agyeman. At this point he focused his energy inward, toward building institutions and developing a theology and program that would enable black people to become independent and self-determining.

Whereas, Jaramogi Abebe Agyeman wrote two books, "The Black Messiah" (1968) and "Black Christian Nationalism: New Directions for the Black Church" (1972). In 1978, he founded the PAOCC as a new black denomination, with branches in Atlanta, GA, Houston, TX, and Calhoun Falls, SC where the church established Beulah Land, which is believed to be the largest black owned farm in the U.S. Jaramogi Abebe Agyeman passed away at Beulah Land on February 20, 2000.

In special tribute, this document is dedicated in memory of the life of Jaramogi Abebe Agyeman.

CONGRATULATIONS TO MISS HANNAH PILEGGI AND MR. WARREN SAKAY OF FOX CHAPEL HIGH SCHOOL

HON. MELISSA A. HART

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 14, 2005

Ms. HART. Mr. Speaker, I would like to take this opportunity to congratulate Miss Hannah Pileggi and Mr. Warren Sakey of Fox Chapel High School on being named the winners of the National Society of the Colonial Dames of America Essay Contest. Ms. Pileggi and Mr. Sakey will represent Pennsylvania at the NCSDA's 2005 Washington Workshops Congressional Seminar in Washington, D.C.

The National Society of The Colonial Dames of America is an organization dedicated to furthering an appreciation of our national heritage through historic preservation, patriotic service and educational projects. One of these projects is the annual essay contest that challenges high school students to critically evaluate a certain period of history or topic of international significance. This year's topic presented students with an opportunity to select the American President, serving between 1850 and 1950 that they most admired.

Hannah Pileggi's winning essay focused on President Harry S. Truman, pointing out the extremely difficult decision he faced in deciding whether to drop the atomic bomb in the Pacific Theatre of Operations. Warren Sakey decided to focus on Woodrow Wilson and his tireless efforts focused at achieving peace in the world through his "Fourteen Points."

I ask my colleagues in the United States House of Representatives to join me in congratulating both Hannah Pileggi and Warren Sakey. It is an honor to represent the Fourth Congressional District of Pennsylvania and a pleasure to salute the achievements of such fine young leaders.

HONORING "MR. DIABETES,"
ANDREW MANDELL

HON. DALE E. KILDEE

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 14, 2005

Mr. KILDEE. Mr. Speaker, today I rise to recognize the accomplishments of a man who has brought a new sense of awareness to the diagnosis, treatment, and prevention of diabetes in America. On June 16, Andrew Mandell, Executive Director of the Defeat Diabetes Foundation, and known throughout the world as "Mr. Diabetes," will be in my hometown of Flint, Michigan, as part of his "Wake Up and Walk Tour"—a 10,000+ mile journey along the perimeter of the United States.

A disease afflicting 22 million Americans, diabetes ranks among our nation's leading causes of death, and is the leading cause of adult blindness, kidney disease, heart attack, stroke, and non-traumatic amputations. Knowing no boundaries, it impacts the lives of people of all ages and from all walks of life.

One such person is Andy Mandell. An avid runner, triathlete, and martial artist, Andy witnessed his life change in 1985, when he was first diagnosed as a diabetic. Although he continued to live his life as he had, the disease grew stronger, causing him to grow weaker, to the point where he was bedridden for 20 hours a day for two years. It was then that Andy made a conscious choice and developed his own recovery program of proper diet, exercise, and monitoring. Andy also decided to share his experiences with the world, and in 1990, he founded with his brother Jerry, the Defeat Diabetes Foundation, an organization whose purpose is to educate and inform the public about diabetes and the dangers it poses through articles, lectures, and personal appearances.

On December 1, 2000, Andy began the "Wake Up and Walk Tour" in Madeira Beach, Florida. Having already traveled through the South and the Pacific Northwest, he will have logged over 6500 miles by the time he reaches Flint. Upon returning to Florida, his plans are simple: to start the walk over.

Mr. Speaker, Andrew Mandell is a shining example of triumph in the face of adversity. He is a survivor rather than a victim of his disease, living with it rather than suffering from it. I ask my colleagues to join me in applauding his strength as well as his commitment to improving the quality of life for us all.
