

Carolina University, a Master of Science in Systems Management from the University of Southern California, and a Master of Arts Degree in National Security Affairs from the Naval Postgraduate School.

Mr. Speaker, I ask that my Colleagues join me in expressing our sincere appreciation to COL Tom Shubert for his outstanding service to both the Legislative and Executive Branches and to the United States Air Force.

I wish him, his wife Kathy, and their daughters Victoria and Joanna, the very best as they face new challenges in the coming years. I will miss his unfailing good humor and hard work. Colonel Shubert has consistently conducted himself in a professional manner and therefore brings great credit to the United States Air Force.

#### REINTRODUCTION OF LEGISLATION

#### HON. CLIFF STEARNS

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, January 4, 2005*

Mr. STEARNS. Mr. Speaker, I am pleased on this first day of the 109th Congress to introduce several pieces of legislation that I have been pursuing over the years, and for which I will continue to advocate these next two years.

First, I am excited to again introduce legislation to help all American savers. My legislation, the Simple Savings Tax Relief Act of 2005, simply eliminates the taxation of interest earned in savings accounts, such as passbook savings accounts or bank certificates of deposit. I think at least some of this interest should be tax-free, as we have been working towards for other forms of non-earned income. This legislation would end a punitive tax, especially assist low and middle-income earners, and ultimately contribute toward the goal of encouraging individual responsibility and taking charge of one's own financial destiny.

Next, for years I have authored legislation to repeal the 2 percent excise tax on private foundations. The United States is blessed with a deep spirit of philanthropy, and charitable organizations serve the interest of both the individual and the community. Under current law, however, not-for-profit private foundations generally must pay to the IRS a 2 percent excise tax on their net investment income, which diverts from the purposes for which these foundations were founded. Optimistically, this body passed a reduction of this charitable impediment to 1 percent in the 108th (H.R. 7), but as it failed to become law, I am reintroducing this legislation and we shall try again.

Next, I am pleased to again sponsor the Health Care Tax Deduction Act of 2005. This would allow deductions for amounts paid for health insurance premiums and unreimbursed prescription drugs. This would provide much-needed relief to individuals struggling with the high cost of health insurance and prescription drugs through a tax deduction, and tax parity with those of us who have employer-provided tax-deductible health insurance. Expansively, this benefit extends to all IRS-defined health insurance premiums such as an HMO, PPO, a traditional indemnity plan, a new HSA, and also long-term care premiums. Right now, under the current tax code, in order to claim health care expenses individuals must file an

itemized tax return. My bill would simplify and extend this tax preference for all filers.

I also am reintroducing the Allied Health Reinvestment Act of 2005, along with my friend Dr. Strickland from Ohio. This important legislation offers incentives via scholarships and loans to encourage students and faculty to enter the essential but undersupplied allied health professions, such as physical, occupational, and speech rehabilitation, and medical and radiological technologists to name a few.

Also, with an eye towards the value of human life, I reintroduce my Human Cloning Research Prohibition Act, which restricts federal funding and encourages other nations to do so as well.

Finally, I am pleased to reintroduce a resolution supporting the goals and ideals of establishing a Chronic Obstructive Pulmonary Disease (COPD) awareness month. I do this again with my friend Mr. Lewis of Georgia. In past Congresses, this bill has had tremendous support from Members and from the U.S. COPD Coalition, which comprises the patient and provider community. The House passed this legislation in the summer of 2003, and we started a bicameral Caucus in the winter of 2004 to advance our efforts. COPD is an umbrella term used to describe the airflow obstruction associated mainly with emphysema and chronic bronchitis. This is a debilitating disease, that is currently the nation's fourth leading cause of death, and I am proud to bring awareness to COPD.

I look forward to working with my colleagues on all these important pieces of business for the nation.

#### HONORING ALBERT ASHBROOK FOR HIS SERVICE AS LICKING COUNTY COMMISSIONER

#### HON. PATRICK J. TIBERI

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, January 4, 2005*

Mr. TIBERI. Mr. Speaker, Mr. NEY and I wish to join many of our constituents in Licking County, Ohio in congratulating Albert Ashbrook, who is retiring after more than 16 years of service as a county commissioner.

Albert's work was summed up best recently by a former colleague, who noted that Albert never shied away from the tough issues and was always looking out for the best interests of the people and county government. We would add that he did so not only with a plain spoken dedication to duty, but also a tremendous sense of humor.

Licking County has grown and changed for the better during Albert's tenure. He's helped with the creation of a Domestic Relations Court, a one-stop employment service and improved auto licensing and titling facilities, just to name a few of the projects in which he has had a hand. At the same time, he's always made fiscal responsibility a top priority.

Public service has been a way of life for Albert. Prior to his work as a commissioner, he served in various capacities with the Soil and Water Conservation District, and is a member of the District Hall of Fame.

Although he's leaving the commissioners' office, Albert is hoping to continue his community involvement as a member of the Licking County Planning Commission. In any event,

we know he'll still be there to offer guidance and advice to anyone with the good sense to seek it.

We are honored to have this opportunity to thank Albert for all his hard work, and wish him and his wife Shirley many more active years together.

#### IN HONOR OF THE UNIVERSITY OF TEXAS LONGHORNS ROSE BOWL CHAMPIONS

#### HON. LAMAR S. SMITH

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, January 4, 2005*

Mr. SMITH of Texas. Mr. Speaker, the University of Texas Longhorns, playing in the Rose Bowl for the first time in the team's 110-year history, made the New Year's Day game a memorable one.

Twice the Longhorns came from behind the Michigan Wolverines to win 38–37 as the clock ran out in what many contend was the most exciting Rose Bowl ever. UT Quarterback Vince Young rushed for 192 yards and four touchdowns, a Rose Bowl record. He also threw for 180 yards and a touchdown. This capped a 10–1 regular season record.

The University of Texas has a great football team, coached by Mack Brown. But it has a great academic reputation, too.

Led by President Larry Faulkner, UT recently was ranked as the 15th best university in the world by the Times of London newspaper. Among U.S. public universities, only the University of California at Berkeley was listed ahead of UT.

It's a pleasure to cite the strengths of UT. It's also a pleasure to represent such a premiere University in Congress.

#### HONORING THE 100TH BIRTHDAY OF THE MINNESOTA STATE CAPITOL

#### HON. MARK R. KENNEDY

OF MINNESOTA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, January 4, 2005*

Mr. KENNEDY of Minnesota. Mr. Speaker I rise today to honor the 100th birthday of the Minnesota State Capitol. The Capitol first opened its doors on January 2, 1905 and on January 2, 2005, over 6,000 people attended the first of a full year's worth of birthday celebrations.

The Minnesota State Legislature first met in a log hotel when Minnesota was declared a territory in 1849. The first Capitol building was built in 1853, but burned in 1881. The second, built in 1882, was erected on the same downtown St. Paul site as the first. As Minnesota's population grew, officials realized that the building would soon be too small to house the Legislators and a new building would be needed. In 1895, Cass Gilbert from St. Paul was selected to design the new building. It took nine years and \$4.5 million to complete construction of the new capitol, which is still in use today.

Today, the Minnesota State Capitol building is more than just a place for the Legislature. It is a museum dedicated to preserving Minnesota's history. Its many priceless artifacts

detailing Minnesota's past include flags that were carried by Minnesotans who served in the Civil War and statues of influential Minnesota political figures.

Mr. Speaker, for the past 100 years the Minnesota State Capitol has served as a place of government, history and learning. As a fourth generation Minnesotan whose ancestors were well established in the state when this capitol was built, I am pleased to be able to help honor it today as a lasting symbol of the spirit of Minnesota.

HONORING LANCE CORPORAL  
GREGORY PAUL RUND

HON. THOMAS G. TANCREDO

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, January 4, 2005

Mr. TANCREDO. Mr. Speaker, it is with deep regret and heartfelt admiration that I rise today to honor a fallen Marine from my district, Lance Corporal Gregory Paul Rund of Littleton. Sadly, Lance Corporal Rund was killed in the line of duty during combat operations on December 11 in the Al Anbar Province of Iraq.

Lance Corporal Rund was with Company I, 3rd Battalion, 5th Marine Regiment, Regimental Combat Team 1, 1st Marine Division based in Camp Pendleton, California.

He was just 21 years old.

Greg was a 2002 graduate of Columbine High School in Jefferson County, where he played football and later made the decision to serve his country by joining the Marines. Greg was serving his second tour of duty in Iraq when he was killed. He made an indelible impression on all who knew him, and will be remembered as a dedicated, energetic and warm person who had a great sense of humor.

Mr. Speaker, my deepest sympathies and heartfelt condolences go out to the family and friends of Lance Corporal Rund. He served his country honorably and with distinction, making the ultimate sacrifice fighting for freedom and democracy in defense of a grateful nation. He will be missed by all who knew and loved him.

Americans owe him a great debt of gratitude. His dedication and bravery will not be forgotten.

THE STOP COUNTERFEITING IN  
MANUFACTURED GOODS ACT

HON. JOE KNOLLENBERG

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Tuesday, January 4, 2005

Mr. KNOLLENBERG. Mr. Speaker, today I am reintroducing legislation—the Stop Counterfeiting in Manufactured Goods Act. This bipartisan bill addresses the problem of counterfeit manufactured goods. I hope my colleagues will join me in passing this bill at the earliest opportunity.

The problem of counterfeit manufactured goods is a growing problem around the world that threatens public safety and harms our economy here at home. Too often, counterfeit goods steal sales from legitimate American manufacturers and cost Americans high-paying manufacturing jobs. In fact, according to

the U.S. Customs Service and Border Protection, counterfeiting costs the U.S. an estimated \$200 billion annually.

Manufacturers in this country are the most efficient and technologically advanced in the world, but they face many challenges. The biggest challenges are the costs they directly cannot control. We need to focus on measures that alleviate these costs, and crack down on those criminals that break the rules and drive up costs, thereby stealing manufacturing companies of what is rightfully theirs.

Counterfeiting is not just about lost sales and jobs, however. It is a means by which the most nefarious organizations finance their activities. Interpol Secretary General Ronald Noble has stated that “we know that al-Qaeda supporters have been found with commercial size volume of counterfeit goods.”

It is my belief, and that of a broad coalition backing this legislation, that to address the scourge of counterfeiting, the U.S. Government must possess additional tools. That is exactly what my bill provides.

The Stop Counterfeit in Manufactured Goods Act strengthens the federal trademark law used to prosecute counterfeiters with two key provisions.

First, the bill provides for the mandatory destruction of the equipment used to manufacture and package counterfeit goods. Under current law, counterfeiters can have their illegal goods seized, but retain the equipment they used to make them. We should not leave counterfeiters in business, and this provision will help us dig up the roots of counterfeiting networks.

The bill also clarifies that Title 18, Section 2320, prohibits trafficking in counterfeit labels, patches, and medallions that are unattached to any goods. Sophisticated counterfeiters have sold counterfeit versions of the trademarks themselves in the form of patch sets or medallions that can later be attached to generic merchandises and given the appearance of a genuine product. This is counterfeiting and should not stand.

The Stop Counterfeiting in Manufactured Goods Act will have a positive impact here in the United States and end the merciless stealing of American jobs and sales. In fact, the Department of Justice's Task Force on Intellectual Property cites this bill as a measure that would increase the effectiveness of intellectual property enforcement.

The bill's reach will also be global. The Office of the U.S. Trade Representative (USTR) is currently engaged in a variety of bilateral and multilateral trade negotiations. However, USTR cannot readily negotiate criminal anti-counterfeiting standards above the levels found in the United States. By passing this bill into law, we will empower our negotiators to press for stronger anti-counterfeiting measures from our trading partners. The U.S. must lead by example in intellectual property rights enforcement and this is a critical step we must take. Clearly, the passage of the Stop Counterfeit of Manufactured Goods Act is long overdue.

I thank the bipartisan group of Members for joining as original cosponsors of this legislation. I encourage all my colleagues to join us in cracking down on the counterfeit goods that threaten public safety, steal sales from legitimate manufacturers, and cost American jobs.

I look forward to working with my colleagues to expeditiously pass this legislation into law.

Mr. Speaker, I submit the following letter on this issue for the RECORD:

AMERICAN APPAREL & FOOTWEAR ASSOCIATION, AUTOMOTIVE AFTER-MARKET INDUSTRY ASSOCIATION, GAS APPLIANCE MANUFACTURERS ASSOCIATION, GROCERY MANUFACTURERS OF AMERICA, INTERNATIONAL ANTI-COUNTERFEITING COALITION, INTERNATIONAL TRADE-MARK ASSOCIATION, MOTOR & EQUIPMENT MANUFACTURERS ASSOCIATION, NATIONAL ASSOCIATION OF MANUFACTURERS, NATIONAL ELECTRICAL MANUFACTURERS ASSOCIATION, NATIONAL MARINE MANUFACTURERS ASSOCIATION, NATIONAL RETAIL FEDERATION, SPECIALTY EQUIPMENT MARKET ASSOCIATION, UNITED STATES CHAMBER OF COMMERCE

January 3, 2005.

DEAR CONGRESSMAN KNOLLENBERG: The organizations listed above write in support of your legislation to strengthen the criminal statute against trafficking in counterfeit goods. This bill would amend the U.S. Code, 18 U.S.C. 2320, by closing existing loopholes that can allow counterfeiters to avoid prosecution, maintain control of assets for criminal enterprises, and unjustly profit from their illegal activities. This legislation would grant trademark owners remedies similar to those already provided to copy-right and trade secret owners.

Acts of counterfeiting result in significant economic harm in the form of lost profits, diminished reputation among consumers, and decreased tax revenue. The FBI estimates that counterfeiting costs U.S. businesses \$200 billion to \$250 billion annually and is increasing rapidly. New York City estimates that in 2003 alone, the theft of intellectual property cost the city over \$1 billion in lost tax revenue. Another frightening trend relates to the rising occurrence of substandard and dangerous counterfeit goods that present severe public health and safety risks. Numerous deaths and injuries have already been attributed to counterfeit products. Finally, and perhaps most alarmingly, there is strong evidence suggesting that organized criminal groups and terrorist organizations are increasingly involved in criminal counterfeiting schemes.

Existing domestic laws should be bolstered to effectively address this problem. Your bill would strengthen those laws by prohibiting the trafficking in counterfeit labels, patches, stickers, hangtags, or medallions that are unattached to goods. In addition, the bill would make mandatory the forfeiture and destruction of counterfeit goods, as well as the assets used to produce, package, and distribute counterfeit goods, and requires the forfeiture of property and assets derived from counterfeiting.

Internationally, the World Customs Organization and Interpol estimate that the annual global trade in illegitimate goods has increased from \$5.5 billion in 1982 to roughly \$600 billion today and it continues to grow. Ambassador Zoellick, the U.S. Trade Representative, recently characterized trademark counterfeiting, along with copyright piracy, as a “scourge on the global economy.”

Immediate passage of this legislation is necessary to more effectively combat counterfeiting abroad. The Office of the U.S. Trade Representative advises that it will not negotiate criminal anti-counterfeiting standards above the levels found in current
