

going to come and restore their confidence; that we have got competence and we have got integrity and we know how to make sure we can expand access to health care.

Our priorities are straight. We know that the Federal Government can do something about gas prices, and not just have the President stand behind a podium and say, "You know, if you don't have to drive, please don't." That is their conservation policy.

So before I go further than I should, I am going to turn it over to the gentleman from Ohio (Mr. RYAN).

Mr. RYAN of Ohio. That was beautiful. You know, you play sports when you are a kid, and I know the gentleman from Florida (Mr. MEEK) was a college athlete, a college football player, a great athlete back in his day, a little slower afoot now than he used to be. But if you used to play sports as a kid and if you would not start or you did not get in the game right away, you would be watching everybody play and you knew you were better than everyone else that was playing, and you just thought, put me in coach.

Well, the Democrats are saying, put me in, coach. We will do better than this. And quite frankly, it does not seem that hard, given everything that has been going on, the corruption, the cronyism.

Democrats know how to run the government. Are we perfect? No. But we had a great FEMA director, we knew how to respond. We passed the first Family and Medical Leave Act. We know what families need and we know how to deliver.

In 1993 we balanced the budget, leading to the greatest economic expansion in the history of the United States of America, without one Republican vote. Al Gore had to come to the Senate to make the tie-breaking vote. Many people on this side of the aisle lost their seats because they made a tough vote that was in the best interests of the country, but not in the best interests of their own political careers. If you get a chance to read President Clinton's book, he highlights a couple of those people who made those tough votes.

My point is that the Democrats know how to govern. Are we perfect? Absolutely not. But you do not see this nonsense going on. They had to spend \$40 million to chase our President around for something that had nothing to do with the public affairs of government. Was he wrong? Absolutely. But we are talking about the public affairs and public responsibilities.

Put us in, coach.

Mr. MEEK of Florida. Give the website.

Mr. RYAN of Ohio. The website is 30somethingdems@mail.house.gov. If you think we have cronies in government, do you think there is an abuse of power, a waste of money, things are tilted too much, the website is 30somethingdems@mail.house.gov.

Mr. MEEK of Florida. Madam Speaker, reclaiming my time, with that, I

just want to thank the Democratic leader for allowing us to have this time. Also I want to commend you both for doing your homework. I believe we will be back tomorrow, the 30-something Group tomorrow afternoon after votes.
