

do because they were using new technology and new software. They do not want that to come out. That is why that Deputy Director, when he was at that meeting, said, I do not want to see this. Do not show it to me. And that is why today that Deputy Director is trying to ruin the career of Lieutenant Colonel Shaffer.

The only way to resolve this, Mr. Speaker, is to have a full independent investigation by the Inspector General of the Pentagon. I have asked Secretary Rumsfeld today to do that. I would ask my colleagues on both sides of the aisle to join me in that request. Let the independent inspector for the Pentagon go in, not DIA. DIA cannot investigate itself. It does not have the capability to do that. It does not have the integrity to do that. Let the Inspector General do the investigation and while that is being done, protect Lieutenant Colonel Shaffer. He does not deserve to have his career ruined or destroyed for telling the truth.

And while we are at it, Mr. Speaker, if DIA is going to continue to press this ridiculous set of facts, then as I said earlier, I want DIA prosecuted for the five felonies they committed in sending classified documents to a person that 2 weeks earlier they said was incapable of receiving classified information. And if this continues, I want DIA held responsible for illegally transferring \$500 of public assets to a person, that in the process of sending that stuff to him, DIA committed fraud against the taxpayers. I want them held accountable: DIA's stupidity; DIA's incompetence.

We have a new nominee for the head of DIA, and I am going to ask every Senator to fully explore each of these issues before that person is confirmed. I will meet with every Senator personally and go over all of this information. And I would encourage the Senators and the House Members to interview the other people who worked with Lieutenant Colonel Shaffer and to get their assessments of what is going on there. They will all tell them the same thing: Shaffer is being abused and used as a scapegoat. If they can ruin Shaffer, they can silence the story.

It cannot happen, Mr. Speaker. We cannot let it. That is not what America is about. That is not what we say to our enlisted personnel when they sign up for duty. That is not what we say when we pass our defense bills every year.

This man is being maligned and mistreated. He is being harassed. The most scurrilous accusations, totally unfounded, have been given to the American media; and I will name names, and I will ask for an investigation of the people who made those statements to these media people because it all needs to be put on the record.

And as someone tomorrow who will chair another hearing on our defense oversight to try to get the best value for the dollars for our military, I ask all of our colleagues, Mr. Speaker, on both sides of the aisle to join us. This

is not Republicans or Democrats. It is about what is fundamental to this country. I would ask our constituents across America we represent to join us, to express their outrage, to e-mail, make phone calls, write letters to the Secretary of Defense, the President of the United States, to Members of Congress to simply let the story be told. Let the Able Danger story finally come out to the American people. Let them understand what really happened. Let Scott Philpott talk. Let Tony Shaffer talk. Let the others who have been silenced have a chance to tell their story to Congress and openly to the American people. In the end, the country will be stronger.
