**SEC. 408. PAY-AS-YOU-GO POINT OF ORDER IN THE SENATE.**

(a) PAY-AS-YOU-GO POINT OF ORDER IN THE SENATE.—

(1) IN GENERAL.—For purposes of Senate enforcement, it shall not be in order in the Senate to consider any direct spending or revenue legislation that would increase the on-budget deficit or cause an on-budget deficit for any one of the three applicable time periods as measured in paragraphs (5) and (6).

(2) APPLICABLE TIME PERIODS.—For purposes of this subsection, the term “applicable time period” means any 1 of the 3 following periods:

(A) The first year covered by the most recently adopted concurrent resolution on the budget.

(B) The period of the first 5 fiscal years covered by the most recently adopted concurrent resolution on the budget.

(C) The period of the 5 fiscal years following the first 5 fiscal years covered in the most recently adopted concurrent resolution on the budget.

(3) DIRECT-SPENDING LEGISLATION.—For purposes of this subsection and except as provided in paragraph (4), the term “direct-spending legislation” means any bill, joint resolution, amendment, motion, or conference report that affects direct spending as that term is defined by, and interpreted for

purposes of, the Balanced Budget and Emergency Deficit Control Act of 1985.

(4) EXCLUSION.—For purposes of this subsection, the terms “direct-spending legislation” and “revenue legislation” do not include—

(A) any concurrent resolution on the budget; or

(B) any provision of legislation that affects the full funding of, and continuation of, the deposit insurance guarantee commitment in effect on the date of enactment of the Budget Enforcement Act of 1990.

(5) BASELINE.—Estimates prepared pursuant to this section shall—

(A) use the baseline surplus or deficit used for the most recently adopted concurrent resolution on the budget; and

(B) be calculated under the requirements of subsections (b) through (d) of section 257 of the Balanced Budget and Emergency Deficit Control Act of 1985 for fiscal years beyond those covered by that concurrent resolution on the budget.

(6) PRIOR SURPLUS.—If direct spending or revenue legislation increases the on-budget deficit or causes an on-budget deficit when taken individually, it must also increase the on-budget deficit or cause an on-budget deficit when taken together with all direct spending and revenue legislation enacted since the beginning of the calendar year not accounted for in the baseline under paragraph (5)(A), except that direct spending or revenue effects resulting in net deficit reduction enacted pursuant to reconciliation instructions since the beginning of that same calendar year shall not be available.

(b) WAIVER.—This section may be waived or suspended in the Senate only by the affirmative vote of three-fifths of the Members, duly chosen and sworn.

(c) APPEALS.—Appeals in the Senate from the decisions of the Chair relating to any provision of this section shall be limited to 1 hour, to be equally divided between, and controlled by, the appellant and the manager of the bill or joint resolution, as the case may be. An affirmative vote of three-fifths of the Members of the Senate, duly chosen and sworn, shall be required to sustain an appeal of the ruling of the Chair on a point of order raised under this section.

(d) DETERMINATION OF BUDGET LEVELS.—For purposes of this section, the levels of new budget authority, outlays, and revenues for a fiscal year shall be determined on the basis of estimates made by the Committee on the Budget of the Senate.

(e) SUNSET.—This section shall expire on September 30, 2010.

**SEC. 510. SENSE OF THE SENATE REGARDING FUNDING FOR SUBSONIC AND HYPERSONIC AERONAUTICS RESEARCH BY THE NATIONAL AERONAUTICS AND SPACE ADMINISTRATION.**

(a) FINDINGS.—The Senate makes the following findings:

(1) The economic and military security of the United States depends on the continued development of improved aeronautics technologies.

(2) Research and development on many emerging aeronautics technologies is often too expensive or removed in terms of time from commercial application to garner the necessary level of support from the private sector.

(3) The advances made possible by Government-funded research in emerging aeronautics technologies have enabled a long-standing positive balance of trade and air superiority on the battlefield for the United States in recent decades.

(4) The aeronautics industry has grown increasingly mature in recent years, with growth dependent on the availability of the research workforce and facilities provided by the National Aeronautics and Space Administration (NASA).

(5) Recent NASA studies have demonstrated the competitiveness, and scientific merit, and necessity of nearly all existing aeronautics wind tunnel and propulsion testing facilities.

(6) A minimum level of investment by NASA is necessary to maintain these facilities in operational condition and to prevent their financial collapse.

(b) SENSE OF SENATE.—It is the sense of the Senate that—

(1) the level of funding provided for the Aeronautics Mission Directorate within the National Aeronautics and Space Administration should be increased by \$1,582,700,000 between fiscal year 2006 and fiscal year 2010; and

(2) the increases provided should be applied to the Vehicle Systems portion of the Aeronautics Mission Directorate budget for use in subsonic and hypersonic aeronautical research.

SENSE OF THE SENATE.—It is the sense of the Senate that the numerical changes proposed to be made in the budget by this amendment shall be used to set a national goal of cutting child poverty in half within a decade, and eliminating it entirely as soon as possible thereafter; that funds should be raised through a one percent surtax on income over \$1 million for joint filers, or over \$500,000 for single filers to help achieve that goal; that the revenue raised is to be designated to a child poverty elimination fund and overseen by a child poverty elimination board, which shall design the poverty reduction program, set annual child poverty reduction targets, and recommend allocation of funds.

Con. Res. 18, setting forth the congressional budget for the United States Government for fiscal year 2006 and including the appropriate budgetary levels for fiscal years 2005 and 2007 through 2010; which was ordered to lie on the table; as follows:

At the end of title V, insert the following:  
**SEC. \_\_\_\_ SENSE OF THE SENATE ON THE CRIME VICTIMS FUND.**

(a) FINDINGS.—The Senate finds the following:—

(1) The Victims of Crime Act of 1984 (“VOCA”) was enacted to provide Federal financial support for services to victims of all types of crime, primarily through grants to state crime victim compensation and victim assistance programs.

(2) VOCA created the Crime Victims Fund (“the Fund”) as a separate account into which are deposited monies collected from persons convicted of Federal criminal offenses, including criminal fines, forfeitures and special assessments. There are no general taxpayer generated revenues deposited into the Fund.

(3) Each fiscal year, the Fund is used to support—

(A) Children’s Justice Act grants to States to improve the investigation and prosecution of child abuse cases;

(B) victim witness coordinators in United States Attorney’s Offices;

(C) victim assistance specialists in Federal Bureau of Investigation field offices;

(D) discretionary grants by the Office for Victims of Crime to provide training and technical assistance and services to victims of Federal crimes;

(E) formula grants to States to supplement State crime victim compensation programs, which reimburse more than 150,000 violent crime victims annually for out-of-pocket expenses, including medical expenses, mental health counseling, lost wages, loss of support and funeral costs;

(F) formula grants to States for financial assistance to upwards of 4,400 programs providing direct victim assistance services to

nearly 4,000,000 victims of all types of crimes annually, with priority for programs serving victims of domestic violence, sexual assault and child abuse, and previously underserved victims of violent crime; and

(G) the Antiterrorism Emergency Reserve, to assist victims of domestic and international terrorism.

(4) Just 4 months ago, a strong bipartisan, bicameral majority in Congress affirmed its support for the Crime Victims Fund and increased its commitment to crime victims in the Justice for All Act of 2004 (Public Law 108-405), which establishes Federal crime victims rights and authorized 2 new VOCA-funded victim programs.

(5) Before fiscal year 2000, all amounts deposited into the Crime Victims Fund in each fiscal year were made available for authorized programs in the subsequent fiscal year.

(6) Beginning in fiscal year 2000, Congress responded to large fluctuations of deposits into the Fund by delaying obligations from the Fund above certain amount, as follows:

(A) For fiscal year 2000, \$500,000,000.

(B) For fiscal year 2001, \$537,500,000.

(C) For fiscal year 2002, \$550,000,000.

(D) For fiscal year 2003, \$600,000,000.

(E) For fiscal year 2004, \$625,000,000.

(F) For fiscal year 2005, \$625,000,000.

(7) In the conference report on an omnibus spending bill for fiscal year 2000 (Public Law 106-113), Congress explained that the reason for delaying annual Fund obligations was "to protect against wide fluctuations in receipts into the Fund, and to ensure that a stable level of funding will remain available for these programs in future years".

(8) VOCA mandates that "... all sums deposited in the Fund in any fiscal year that are not made available for obligation by Congress in the subsequent fiscal year shall remain in the Fund for obligation in future fiscal years, without fiscal year limitation".

(9) For fiscal year 2006, the President is recommending "rescission" of \$1,267,000,000 from amounts in the Fund.

(10) The rescission proposed by the President would result in no funds being available to support crime victim services at the start of fiscal year 2007. Further, such rescission would make the Fund vulnerable to fluctuations in receipts into the Fund, and would not ensure that a stable level of funding will remain available for vital programs in future years.

(11) Retention of all amounts deposited into the Fund for the immediate and future use of crime victim services as authorized by VOCA is supported by many major national victim service organizations, including—

(A) Justice Solutions, NPO;

(B) National Organization for Victim Assistance;

(C) National Alliance to End Sexual Violence;

(D) National Children's Alliance;

(E) National Association of VOCA Assistance Administrators;

(F) National Association of Crime Victim Compensation Boards;

(G) Mothers Against Drunk Driving;

(H) National Center for Victims of Crime;

(I) National Organization for Parents of Murdered Children;

(J) National Coalition Against Domestic Violence;

(K) Pennsylvania Coalition Against Rape; and

(L) National Network to End Domestic Violence.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that the funding levels in this resolution assume that all amounts that have been and will be deposited into the Crime Victims Fund, including amounts deposited in fiscal year 2006 and thereafter,

shall remain in the Fund for use as authorized under the Victims of Crime Act of 1984.

On page 65, after line 25, insert the following:

**SEC. \_\_\_\_ SENSE OF THE SENATE TO MAKE MORE EFFICIENT AND EQUITABLE, FINANCIALLY RESPONSIBLE APPROPRIATIONS AND REVENUE DECISIONS.**

(a) **FINDINGS.**—The Senate finds the following:

(1) Federal programs and policies directly influence local growth patterns through the location of Federal facilities, spending on public infrastructure, tax incentives, and Federal regulations.

(2) A majority of Americans favor walkable neighborhoods, shorter commutes, and open space protection, which are land development patterns favored by smart growth.

(3) Federal programs and policies should support local development choices that improve communities through the revitalization of town centers, transit and pedestrian-oriented development, increased access to re-

tail and public services, open space and parks, and a greater mix of housing, commercial, and retail uses.

(4) Federal incentives should encourage enhanced community quality of life, fiscally sound reinvestment in existing infrastructure, a balanced transportation system, and safe, decent, affordable places for people to live.

(5) Investing in existing infrastructure is a fiscally responsible use of resources. When not properly planned, local development decisions may actually burden the Federal budget by requiring the construction of new water, sewer, and transportation infrastructure in low-density areas, rather than funding the maintenance of existing infrastructure. Poorly planned development also often results in increased commuting times, traffic congestion, impaired air quality, loss of open space and environmentally sensitive areas, public health problems, lack of affordable housing, and poor accessibility to critical services such as schools and hospitals.

(6) Improving and investing in communities through good planning and sustainable community development has positive effects, reflected, for example, in fiscal cost savings, lower energy consumption, and healthier environments. In addition, businesses are increasingly locating to areas that offer parks and open spaces, provide walkable mixed-use communities, and include a variety of housing options.

(b) **SENSE OF THE SENATE.**—It is the sense of the Senate that the budgetary levels in this resolution assume that in making appropriations and revenue decisions, the Senate should—

(1) support Federal policies that encourage growth patterns that make efficient and equitable use of available housing, transportation, and infrastructure resources, including such policies as brownfields development programs, farmland protection programs, the retention of the Community Development Block Grant Program (CDBG), and Federal facility decisions, such as those made by the General Services Administration that consider the benefits of utilizing existing infrastructure; and

(2) address the unintended consequences of urban and suburban sprawl resulting from specific Federal programs and policies through the allocation of budgetary authority to provide incentives for sustainable growth.

On page 63, strike line 24, after the second period insert the following: "In dealing with homeland security assistance grants that relate to port security, Congress should (1) allocate port security grants under a separate, dedicated program intended specifically for port security enhancements, rather than as part of a combined program for many different infrastructure programs that could lead to reduced funding for port security, (2) devise a method to enable the Secretary of Homeland Security to both distribute port security grants to the Nation's port facilities more quickly and efficiently and give ports the financial resources needed to comply with congressional mandates, and (3) allocate sufficient funding for port security to enable port authorities to comply with mandated security improvements, ensure the protection of our Nation's maritime transportation, commerce system, and cruise pas-
