

(1) expeditiously consider the recommendations of the United States Commission on Ocean Policy during the 109th Congress; and

(2) enact a comprehensive, coordinated, and integrated national ocean policy that will ensure the long-term economic and ecological health of the United States oceans, coasts, and Great Lakes.

**SA 260.** Mr. SMITH submitted an amendment intended to be proposed by him to the concurrent resolution S. Con. Res. 18, setting forth the congressional budget for the United States Government for fiscal year 2006 and including the appropriate budgetary levels for fiscal years 2005 and 2007 through 2010; which was ordered to lie on the table; as follows:

At the appropriate place in the bill, insert:

**SEC. . SENSE OF THE SENATE REGARDING DROUGHT ASSISTANCE PROGRAM.**

It is the sense of the Senate that, in response to the ongoing drought in certain western states, Congress should allocate \$15,000,000 to the Bureau of Reclamation's Drought Emergency Assistance Program from within fiscal year 2006 funds available in the Water and Related Resources account for bureauwide programs of the Bureau of Reclamation, an agency of the Department of the Interior.

**SA 261.** Mr. CHAFEE (for himself, Mr. SARBANES, Mr. VOINOVICH, Mr. INHOFE, Mr. JEFFORDS, Mrs. CLINTON, Mr. LAUTENBERG, Mr. LEAHY, Mr. REED, Mr. LEVIN, and Mr. KENNEDY) proposed an amendment to the concurrent resolution S. Con. Res. 18, setting forth the congressional budget for the United States Government for fiscal year 2006 and including the appropriate budgetary levels for fiscal years 2005 and 2007 through 2010; as follows:

At the appropriate place, insert the following:

**SEC. . SENSE OF SENATE REGARDING WATER INFRASTRUCTURE.**

(a) **FINDINGS.**—The Senate finds that—

(1) payments to States from the Federal Water Pollution Control State Revolving Fund under title VI of the Federal Water Pollution Control Act (33 U.S.C. 1381 et seq.) are essential to protect public health, fisheries, wildlife, and watersheds, and to ensure opportunities for public recreation and economic development;

(2) despite important progress in protecting and enhancing water quality since the enactment of the Federal Water Pollution Control Act (33 U.S.C. 1251 et seq.) in 1972, serious water pollution problems persist throughout the United States;

(3) the report of the Environmental Protection Agency dated September 30, 2002, and relating to clean water and drinking water infrastructure gap analysis found that there will be a \$535,000,000,000 gap between current spending and projected needs for water and wastewater infrastructure over the next 20 years if additional investments are not made;

(4) in November 2002, the Congressional Budget Office estimated the annual investment in clean water infrastructure needs to be at least \$13,000,000,000 for capital construction and \$20,300,000,000 for operation and maintenance; and

(5) the Federal Government is a vital partner with State and local governments and must continue to share in the burden of maintaining and improving the water infrastructure of the United States.

(b) **SENSE OF THE SENATE.**—It is the sense of the Senate that payments to States from the Federal Water Pollution Control State Revolving Fund under title VI of the Federal Water Pollution Control Act (33 U.S.C. 1381 et seq.) should be increased to \$1,350,000,000 for fiscal year 2006 to assist States and local communities in meeting water quality standards and restoring the health and safety of the water of the United States.

**SA 262.** Mr. GREGG (for Mr. GRASSLEY) submitted an amendment intended to be proposed by Mr. GREGG to the concurrent resolution S. Con. Res. 18, setting forth the congressional budget for the United States Government for fiscal year 2006 and including the appropriate budgetary levels for fiscal years 2005 and 2007 through 2010; as follows:

At the end of title V, insert the following:

**SEC. . SENSE OF THE SENATE WITH RESPECT TO PENSION REFORM.**

(a) **FINDINGS.**—The Senate finds the following:

(1) The rules for calculating the funded status of pension plans and for determining calculations, premiums, and other issues should ensure strong funding of such plans in both good and bad economic times.

(2) The expiration of the interest rate provisions of the Pension Funding Equity Act of 2004 at the end of 2005 and the need to address the deficit at the Pension Benefit Guaranty Corporation (referred to in this section as the "PBGC") demand enactment of pension legislation this year.

(3) Thirty-four million active and retired workers are relying on their defined benefit plans to provide retirement security, and a failure by Congress to reform the defined benefit system will place at risk the pensions of millions of Americans.

(4) Stabilization of the defined benefit pension system and the PBGC may require significant and structural changes in the Employee Retirement and Income Security Act of 1974 and the Internal Revenue Code of 1986, which must be undertaken in a single comprehensive set of reforms.

(b) **SENSE OF THE SENATE.**—It is the sense of the Senate that the Senate conferees shall insist on the Senate position expressed in this resolution with respect to PBGC premiums.

**SA 283.** Mr. GRASSLEY (for himself and Mr. ENZI) submitted an amendment intended to be proposed by him to the concurrent resolution S. Con. Res. 18, setting forth the congressional budget for the United States Government for fiscal year 2006 and including the appropriate budgetary levels for fiscal years 2005 and 2007 through 2010; which was ordered to lie on the table; as follows:

**SEC. . SPECIAL RULE WITH RESPECT TO PENSION REFORM**

In the Senate, if the Committee on Finance or the Committee on Health, Education, Labor, and Pensions reports a bill or joint resolution that includes pension reform and that measure achieves not less than \$476 million in net outlay reductions in fiscal year 2006 and \$3,306 billion in net outlay reductions for the period of fiscal years 2006 through 2010, and provided both committees have met their respective spending reconciliation instructions pursuant to Sec. 201(a), the Chairman of the Committee on the Budget may file with the Senate appropriately revised allocations, function levels and aggregates as long as the cumulative value of the

adjustments do not increase overall Federal Government outlays. Function levels or aggregate spending levels for fiscal year 2006 or for the period of fiscal years 2006 through 2010.

Such revised allocations, function levels and aggregates shall be considered as allocations, function levels, and aggregates contained in the most recently agreed to concurrent resolution on the budget.

**SA 264.** Mr. FRIST proposed an amendment to the resolution S. Res. 43, designating the first day of April 2005 as "National Asbestos Awareness Day"; as follows:

Strike the preamble and insert the following:

Whereas dangerous asbestos fibers are invisible and cannot be smelled or tasted;

Whereas the inhalation of airborne asbestos fibers can cause significant damage;

Whereas these fibers can cause mesothelioma, asbestosis and other health problems; Whereas asbestos-related diseases can take 10 to 50 years to present themselves;

Whereas the expected survival time for those diagnosed with mesothelioma is between 6 and 24 months;

Whereas generally little is known about late stage treatment and there is no cure for asbestos-related diseases;

Whereas early detection of asbestos-related diseases may give some patients increased treatment options and might improve their prognosis;

Whereas the United States has substantially reduced its consumption of asbestos yet continues to consume almost 7,000 metric tons of the fibrous mineral for use in certain products throughout the Nation;

Whereas asbestos-related diseases have killed thousands of people in the United States;

Whereas asbestos exposures continue and safety and prevention will reduce and has reduced significantly asbestos exposure and asbestos-related diseases;

Whereas asbestos has been a cause of occupational cancer;

Whereas thousands of workers in the United States face significant asbestos exposure;

Whereas thousands of Americans die from asbestos related diseases every year;

Whereas a significant percentage of all asbestos-related disease victims were exposed to asbestos on naval ships and in shipyards;

Whereas asbestos was used in the construction of a significant number of office buildings and public facilities built before 1975; and

Whereas the establishment of a "National Asbestos Awareness Day" would raise public awareness about the prevalence of asbestos-related diseases and the dangers of asbestos exposure: Now, therefore, be it
