

championship game before. This victory must be credited to all of the players on this fine team. At this time I would like to submit a full roster of the Fighting Saints to be printed for the RECORD of the Senate following my statement.

Carroll College is not known just for their football program. U.S. News and World Report ranked Carroll College as the Fourth Best Western Regional Comprehensive College in America's Best Colleges for 2005. The Talking Saints forensics team is ranked in the top five of all universities and colleges in the United States. Their Nursing Department uses state-of-the-art technology including a \$30,000 simulated patient, the most advanced of its kind and the only one in the state of Montana. Nine faculty members received Fulbright Scholarships, which continues to add to the school's excellent reputation. The ABET, Accreditation Board for Engineering and Technology, recently presented Carroll College with its Innovation Award in recognition of the creative way that they combined their engineering and mathematics curriculums.

I congratulate the three-time national champions and the fine educational institution of Carroll College.

CELEBRATION OF THE 75TH ANNIVERSARY OF THE JEWISH FEDERATION OF SILICON VALLEY

• Mrs. BOXER. Mr. President, I take this opportunity to recognize the 75th anniversary of the Jewish Federation of Silicon Valley.

In 1930, the Jewish Federation of Silicon Valley, JFSV, was incorporated into the national Jewish Federation system to promote philanthropic and humanitarian activities in Santa Clara County. For 75 years, JFSV has served as a focal point for the Jewish community in Silicon Valley. With a membership of over 13,000, the JFSV is committed to preservation and enrichment

of Jewish culture, and to expressing Jewish community concerns about Jewish life in Santa Clara County, the United States, Israel and throughout the world.

Over the past 75 years, JFSV has expanded greatly, and now offers a wide variety of programs to its members. The Silicon Valley Young Adults Division offers educational and social programs to members ages 25-40. The Women's Philanthropy Division focuses on community-building, educational, social, and cultural enrichment for women, while offering great networking opportunities to women members. Blue Knot, the Jewish Technology Initiative, creates opportunities for Jewish professionals in the technology sector to exchange ideas and expand networks.

JFSV is based on the caring philosophies of Klal Yisrael, the responsibility of each Jew for another, and Tikkun Olam, repairing the world through social action. JFSV has mentored many members who have dedicated themselves to community service in Silicon Valley and the Greater Bay Area. Through its outreach, JFSV has successfully enhanced social and civic participation in the Silicon Valley community.

The Jewish Federation of Silicon Valley's service to the Jewish community, both in Santa Clara County and nationwide, is truly inspiring. I congratulate the Jewish Federation of Silicon Valley on their 75th anniversary and wish them another 75 years of success.●

40TH ANNIVERSARY OF ANALOG DEVICES, INC.

• Mr. KENNEDY. Mr. President, I welcome this opportunity to recognize a significant milestone in the life of a truly innovative Massachusetts company. On January 18, Analog Devices, Inc., of Norwood, MA celebrated its 40th anniversary.

The firm was founded in 1965 by two M.I.T. graduates, Ray Stata and Matthew Lorber. It is now the world's largest supplier of some of the key data converters and amplifiers used in nearly every form of electronic communications equipment.

Its earnings place it in the top 10 among companies in Massachusetts, and it has manufacturing plants and technology design centers in Massachusetts and nine other States, including Arizona, California, New Hampshire, New Jersey, North Carolina, Oregon, Texas, Utah, and Washington, as well as 11 other countries.

Analog Devices has been in the vanguard of the innovation revolution that has transformed the economy of Massachusetts, and that continues to shape the economic future of this country. When I first came to the Senate, our State economy was characterized by a reliance on older industries, many of which migrated South, and then overseas.

Fortunately, in the decades since then, innovators like Ray Stata and Matthew Lorber, began to launch the industries of the future in our State, including information technology, electronics, and biomedicine. We still face significant economic challenges, as all States do. But we take great pride in reports that consistently place us among the most economically competitive regions of the country, and we are hopeful about our future.

The Analog Devices team has a great deal to celebrate as they conclude their 40th year, including several noteworthy recent accomplishments.

Analog Devices was recognized by its industry peers in the Massachusetts Telecommunications Council as State Telecom Company of the Year in 2004.

Jerald G. Fishman was named CEO of the Year in 2004 by Electronic Business magazine, a prestigious industry publication with a large circulation among electronic industry executives.

In 2001, in recognition of his enormous contributions and commitment to education, the United States Semiconductor Industry Association honored Ray Stata with the prestigious Robert N. Noyce Award.

The strong foundation laid by Analog Devices in its first 40 years will bring decades more of creativity, innovation, prosperity, and investment to our State, and I congratulate this outstanding company for it's done so well.●
