HONORING THE 50TH ANNIVER-
SARY OF THE FRESNO METRO-
POLITAN FLOOD CONTROL DIS-
TRICT

HON. JIM COSTA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 11, 2006

Mr. COSTA. Mr. Speaker, I rise today to honor the Fresno Metropolitan Flood Control District for reaching a momentous milestone—its 50th anniversary.

Over 50 years ago, the Fresno Metropolitan Flood Control District was created in order to regulate flooding that had plagued the community for over 80 years. From the outset, the Flood Control District committed itself to managing the flood, storm, surface and ground water resources of the area with the goal of preventing property damage and personal injury as a result of floods. The agency works to conserve such waters for local, domestic and agricultural use. In addition, it seeks to maximize the public use and benefit of the District's programs and infrastructure. This has resulted in the use of ponding basins for recreational purposes such as soccer fields, baseball diamonds and parks. The district has generated 22 recreational sites, including the Sloan Johnson Oso de Oro Lake Park in Fresno, which serves to accommodate disabled children. This recreational facility has received numerous awards, including the Innovations in American Government Award from the John F. Kennedy School of Government at Harvard University.

With such a mission in mind, the Fresno Metropolitan Flood Control District has established infrastructure projects and completed systems in Fresno and its surrounding areas. These projects, valued at over \$600,000,000, include 149 ponding basins, 57 pumping plants, 513 miles of pipeline, three dams, seven flood detention basins, two major stream diversion channels, 145 miles of natural streams and eight river outfalls.

In addition to the creation of these infrastructure projects, the Fresno Metropolitan

Flood Control District has worked resolutely for over 50 years to create programs such as "Clean Storm Water" that seek to educate the community on the importance of water resource management and the prevention of pollution to help protect and preserve groundwater supplies for the future. Moreover, many of its policies on outsourcing construction, professional services and maintenance of certain facilities have not only helped the flooding problems, but also have created countless local jobs as well.

The Fresno Metropolitan Flood Control District has had long standing and effective working partnerships with State and Federal agencies such as the California Department of Water Resources and U.S. Army Corps of Engineers. The agency and its partners have created a successful model for cooperative interagency planning, management, and execution of local public works projects among the Fresno Irrigation District, County of Fresno, City of Fresno and the City of Clovis. Moreover, it has greatly enhanced the safety and quality of life in the Fresno and Clovis areas.

For all its efforts, I would like to commend the Fresno Metropolitan Flood Control District. The organization has tirelessly worked to meet the flood control, drainage and water resource management needs of its constituency; while adhering to high standards of performance, environmental sensitivity, economic efficiency and maximization of public benefit. On this special occasion I would like to extend congratulations to the Fresno Metropolitan Flood Control District on its milestone 50th Anniversary.

HONORING MR. LINDSLEY FRENETTE

HON. BART STUPAK

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 11, 2006

Mr. STUPAK. Mr. Speaker, I rise today to honor the work of an extraordinary man who has dedicated his life to serving and bettering his community.

Mr. Lindsley Frenette started his public service career in 1953, when he began serving as Doyle Township Supervisor. For 13 years, he served in that capacity before he was elected Schoolcraft County Board Commissioner in 1966.

Not only has Mr. Frenette made his community a better place through 52 years of involvement with local government, but he has spent decades working to improve mental health in Michigan.

As a co-founder of the Schoolcraft County Community Mental Health program and its successor agency, the Hiawatha Community Mental Health Authority, he has helped to provide mental health services to many people who would otherwise not have had access to them. In addition to creating these agencies Mr. Frenette helped grow and sustain them, spending 33 years on the Schoolcraft County Mental Health Board.

Mr. Frenette also spent many years on the Legislative Committee for the Michigan Association of County Mental Health Boards. In that capacity he played a key role educating state and federal legislators about the importance of mental health. My own father spent a number of years serving alongside Mr. Frenette on the Mental Health Board and he had nothing but good things to say about Mr. Frenette and his dedication.

By all reports, Mr. Frenette is not only a devoted public servant, but a genuinely kind person who is concerned about the welfare of his fellow citizens.

Together he and his wife Guerda raised seven children and saw the arrival of many grandchildren.

On Friday, Lindsley Frenette will be honored by friends, family and colleagues for his 33 years of service as a Community Mental Health Board member. While he is not retiring, the people closest to him decided it was time to come together and pay tribute to Mr. Frenette.

Mr. Speaker, that recognition is truly deserved. I join Mr. Frenette's friends and family in wishing him and his family all the best, in saluting him for his years of service and in wishing him the best for his many future endeavors.

TRIBUTE TO EDDY ARNOLD

HON. MARSHA BLACKBURN

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 11, 2006

Mrs. BLACKBURN. Mr. Speaker, I ask my colleagues to take a moment today to honor Eddy Arnold on his 88th birthday.

I'm fortunate enough to call him a friend and neighbor, but like so many Americans, I'm also a fan of his wonderful musical talent.

Raised on a Tennessee farm, the "Tennessee Plowboy" started playing guitar at ten and he's been entertaining us all ever since.

He shattered the country and pop charts with 28 number one hits. And he proved that a beautiful song never gets old with hits like "You Don't Know Me."

Eddy's songs spanned 5 decades. Whether you saw him at the Grand Ole Opry, watched Eddy Arnold Time on television, or heard one of his songs just the other day on the radio—there's no mistaking that Eddy Arnold is an American icon and we wish him all the best on his birthday.
