AUTHORIZING THE CLERK TO MAKE CORRECTIONS IN ENGROSSMENT OF H.R. 4975, LOBBYING ACCOUNTABILITY AND TRANSPARENCY ACT OF 2006

Mr. DREIER. Mr. Speaker, I ask unanimous consent that in the engrossment of the bill, H.R. 4975, the Clerk be authorized to correct section numbers, spelling, punctuation, and cross-references, and to make such other technical and conforming changes as may be necessary to reflect the actions of the House.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from California?

There was no objection.

PROVIDING FOR CONSIDERATION OF H.R. 4954, SECURITY AND ACCOUNTABILITY FOR EVERY PORT ACT

Mr. SESSIONS. Mr. Speaker, by direction of the Committee on Rules, I call up House Resolution 789 and ask for its immediate consideration.

The Clerk read the resolution, as follows:

H. RES. 789

Resolved, That at any time after the adoption of this resolution the Speaker may, pursuant to clause 2(b) of rule XVIII, declare the House resolved into the Committee of the Whole House on the state of the Union for consideration of the bill (H.R. 4954) to improve maritime and cargo security through enhanced layered defenses, and for other purposes. The first reading of the bill shall be dispensed with. All points of order against consideration of the bill are waived. General debate shall be confined to the bill and shall not exceed one hour, with 40 minutes equally divided and controlled by the chairman and ranking minority member of the Committee on Homeland Security and 20 minutes equally divided and controlled by the chairman and ranking minority member of the Committee on Transportation and Infrastruc-

ture. After general debate the bill shall be considered for amendment under the five-minute rule. It shall be in order to consider as an original bill for the purpose of amendment under the five-minute rule the amendment in the nature of a substitute recommended by the Committee on Homeland Security now printed in the bill. The committee amendment in the nature of a substitute shall be considered as read. All points of order against the committee amendment in the nature of a substitute are waived. Notwithstanding clause 11 of rule XVIII, no amendment to the committee amendment in the nature of a substitute shall be in order except those printed in the report of the Committee on Rules accompanying this resolution. Each such amendment may be offered only in the order printed in the report, may be offered only by a Member designated in the report, shall be considered as read, shall be debatable for the time specified in the report equally divided and controlled by the proponent and an opponent, shall not be subject to amendment, and shall not be subject to a demand for division of the question in the House or in the Committee of the Whole. All points of order against such amendments are waived. At the conclusion of consideration of the bill for amendment the Committee shall rise and report the bill to the House with such amendments as may have been adopted. Any Member may demand a separate vote in the House on any amendment adopted in the Committee of the Whole to the bill or to the committee amendment in the nature of a substitute. The previous question shall be considered as ordered on the bill and amendments thereto to final passage without intervening motion except one motion to recommit with or without instructions.

The SPEAKER pro tempore. The gentleman from Texas (Mr. SESSIONS) is recognized for 1 hour.

Mr. SESSIONS. Mr. Speaker, for purposes of debate only, I yield the customary 30 minutes to my friend from Florida (Mr. HASTINGS), pending which I yield myself such time as I may consume. During consideration of this resolution, all time is yielded for the purpose of debate only.

The structured rule provides for 1 hour of general debate with 40 minutes equally divided and controlled by the chairman and ranking minority member of the Committee on Homeland Security, and 20 minutes equally divided and controlled by the chairman and ranking minority member of the Committee on Transportation and Infrastructure.

□ 1745

It waives all points of order against consideration of the bill and provides that the amendment in the nature of a substitute recommended by the Committee on Homeland Security now printed in the bill shall be considered as an original bill for the purpose of amendment and shall be considered as read.

This rule waives all points of order against the amendment in the nature of a substitute recommended by the Committee on Homeland Security and makes in order only those amendments printed in the Rules Committee report accompanying the resolution.

It provides that the amendments printed in the report accompanying the

resolution may be offered only in the order printed in the report and may be offered only by a Member designated in the report. They shall be considered as read and shall be debatable for the time specified in the report equally divided and controlled by the proponent and opponent. They shall not be subject to amendment and shall not be subject to a demand for division of the question in the House or in the Committee of the Whole.

Finally, the rule waives all points of order against the amendments printed in the report and provides the minority with one motion to recommit with or without instructions.

Mr. Speaker, I rise today in strong support of this balanced rule providing for consideration of the bipartisan Security and Accountability for Every Port, or SAFE Port, Act. The rule, which makes in order 10 Democrat amendments and five Republican amendments, will allow the House to begin its consideration of this bill, which has 80 bipartisan cosponsors, was approved unanimously through its subcommittee and full committee mark-ups in the Committee on Homeland Security, and represents a responsible and thoughtful approach to providing security at our Nation's ports.

The SAFE Port Act improves cargo security first by enhancing security at United States ports. It requires the Department of Homeland Security to deploy nuclear radiological detection systems at 22 seaports by the end of fiscal year 2007, covering 98 percent of all incoming maritime containers. It provides risk-based funding through a dedicated Port Security Grant Program and requires the Secretary of Homeland Security to coordinate Federal, State, local, and private sector security activities by establishing a streamlined, integrated network of virtual and physical command centers.

Second, this legislation improves cargo security by tracking and protecting containers that are en route to the United States. This legislation will require the Secretary to develop uniform standards for sealing containers entering the United States and provide for the improved utilization of private sector advances in security, including research and development of new technologies and applications. It also improves the International Trade Data System and directs the Department to conduct additional research and testing on technology integration, access control, and data-sharing capacities.

Third, this legislation improves our port security by preventing threats from ever reaching the United States. It improves the Automated Targeting System by collecting enhanced cargo data from importers bringing goods through U.S. ports. It codifies the existing Container Security Initiative and requires the Secretary to refuse entry to high-risk cargo that the host nation does not inspect. It also authorizes the Department to lend detection equipment and provide training to host
