REPUBLICAN ACCOMPLISHMENTS

The SPEAKER pro tempore. Under a previous order of the House, the gentleman from Texas (Mr. MCHENRY) is recognized for 5 minutes.

Mr. MCHENRY. Mr. Speaker, I rise tonight to talk about accomplishments of this House. When the American people are facing rising gas prices, this Republican controlled House of Representatives, this Republican majority, has stepped forward and said, yes, we must use our natural resources that are available here in this country today to provide for our energy needs. We said, yes, we should drill in a very barren part of Alaska that some call ANWR. We said yes, we must move forward with a bold initiative for hydrogen research.

Mr. Speaker, I am so proud that my colleague from South Carolina sponsored the H-Prize. The H-Prize puts out a motivation for market forces and market research to be done, privately funded, and move forward with a way to power our economy through the use of hydrogen energy. It is a bold initiative, and this House passed it in the last few weeks. It is the right move and the right step forward.

Beyond that, we are working to constrain Washington spending, out-of-control government spending. What we

have done in this House is pass a budget bill. Now it does not come to balance as quickly or in a form that I would like in the amount of time I would like, but it does bring the budget closer to balance.

Beyond that, I was able to vote for an amendment that actually brings the budget to balance within 5 years, sponsored by the Republican Study Committee, called the Contract With America Renewed.

Now, we have done all this in the last few weeks in this House. Previously, and the American people need to know this, previously, this House acted on border security, which I am happy to see the Senate has actually come around to doing something on immigration. Unfortunately, I think it is a horrible, absolutely destructive plan for the United States.

But this House acted, this House has acted on border security by putting more Border Patrol officials on the southern border, by building a fence to protect our southern border, and doing what is right for our national security and our border security while at the same time providing for employers to verify whether or not those that come to be employed with their business, potential employees, are legal or not. It is the right move, Mr. Speaker, and I am very proud of this House of Representatives moving forward.

Additionally, what this House did, in closing, I would add, the House, this House, along with the Senate, and it was signed by the President just last week, we were able to extend the Bush tax cuts, \$70 billion in tax cuts, in order to ensure that the American people don't pay more next year in Federal taxes than they did this year, and, in order to make sure the stock market continues to move forward and to move our economy forward in a general basis as well as affect every small business owner across this great country of ours. We have ignited this economic growth because of these tax cuts, and we, here, the Republican majority, we are moving forward and ensuring that that economy continues to grow across this great Nation of ours.

Mr. Speaker, I am very proud of the work of this Republican majority, led by our Speaker, DENNIS HASTERT, led by a conservative Republican majority willing to make the tough decisions to move America forward. We should be proud of our accomplishments. We should go home after Memorial Day, Mr. Speaker, we should go home and tout these accomplishments. Let the American people know that what we are doing is good for them. It is good to their pocketbooks. It is good for their family. It has the right values, and it constrains the government so that families can grow and prosper as well as business owners.

It is a good thing to do, and I am proud of our ability to act and move the agenda forward even when the other side of the aisle gets so mired in attacks and negative politics. I am so
