

On International Women's Day, we must remember that violence and injustice against women anywhere is violence and injustice against women everywhere.

TIME TO CHANGE DIRECTION OF THE BUDGET

(Mr. MORAN of Virginia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. MORAN of Virginia. Madam Speaker, it has to be said, now that we are going to consider another budget, that this has been the most irresponsible fiscal management of the Federal budget that we have ever seen in our Nation's history.

When you consider the fact that of all the 42 Presidents that preceded this President, if you added all of the debt that was bought by foreign nations, none of it comes close to the amount of money that we have now borrowed from foreign nations; almost half of our debt. China, particularly in the last 5 years, has increased their debt holdings of American securities by 300 percent.

But beyond that, when you look at who have been the beneficiaries, you see that there has been smaller job creation in this administration than in any Presidential administration since the days of Herbert Hoover, who experienced, of course, the Great Depression.

Madam Speaker, we need to change this budget around, and not in the direction that the majority wants us to turn.

Madam Speaker, it has to be said, now that we are going to consider another budget, that this has been the most irresponsible fiscal management of the Federal budget that we have ever seen in our Nation's history.

When you consider the fact that of all the 42 Presidents that preceded this President, if you added up all the money borrowed from foreign countries it is cumulatively less than the amount of money that this President on his own has borrowed from foreign nations; almost half of our outstanding debt is now held by foreign countries—you have to reach that conclusion. China, particularly in the last 5 years, has increased their debt holdings of American securities by 300 percent.

But beyond that, when you look at who have been the beneficiaries of this national indebtedness, you see that it is not the working class. There has been smaller job creation in this administration than in any Presidential administration since the days of Herbert Hoover, who presided, of course, over the Great Depression. The beneficiaries of this indebtedness has been the leisure class through tax cuts.

Madam Speaker, we need to change this budget around, and not in the direction that the President and the majority of this Congress wants.

APPOINTMENT OF MEMBER TO BOARD OF VISITORS TO UNITED STATES NAVAL ACADEMY

The SPEAKER pro tempore (Mrs. CAPITO). Pursuant to 10 U.S.C. 6968(a),

and the order of the House of December 18, 2005, the Chair announces the Speaker's appointment of the following Member of the House to the Board of Visitors to the United States Naval Academy to fill the existing vacancy thereon:

Mr. KLINE, Minnesota

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore. Pursuant to clause 8, rule XX, the Chair will postpone further proceedings today on motions to suspend the rules on which a recorded vote or the yeas and nays are ordered or on which the vote is objected to under clause 6 of rule XX.

Record votes on postponed questions will be taken later today.

C.W. "BILL" JONES PUMPING PLANT

Mr. GOHMERT. Madam Speaker, I move to suspend the rules and pass the bill (H.R. 2383) to redesignate the facility of the Bureau of Reclamation located at 19550 Kelso Road in Byron, California, as the "C.W. 'Bill' Jones Pumping Plant".

The Clerk read as follows:

H.R. 2383

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. REDESIGNATION OF FACILITY.

The facility of the Bureau of Reclamation located at 19550 Kelso Road in Byron, California, and known as the Tracy Pumping Plant, shall be known and designated as the "C.W. 'Bill' Jones Pumping Plant".

SEC. 2. REFERENCES.

Any reference in a law, map, regulation, document, paper or other record of the United States to the facility referred to in section 1 shall be deemed to be a reference to the "C.W. 'Bill' Jones Pumping Plant".

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Texas (Mr. GOHMERT) and the gentlewoman from the Virgin Islands (Mrs. CHRISTENSEN) each will control 20 minutes.

The Chair recognizes the gentleman from Texas.

□ 1030

GENERAL LEAVE

Mr. GOHMERT. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and include extraneous material on the bill under consideration.

The SPEAKER pro tempore (Mrs. CAPITO). Is there objection to the request of the gentleman from Texas?

There was no objection.

Mr. GOHMERT. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, H.R. 2383, introduced by our colleague Mr. NUNES of California, honors the contributions made by Mr. C.W. "Bill" Jones to California water policy.

This bill renames the Bureau of Reclamation's pumping plant in Tracy, California, as the C.W. "Bill" Jones Pumping Plant. Mr. Jones was a legendary water leader in California for decades. He was appointed to the State water commission in 1968 by Governor Ronald Reagan, and served as director of the Firebaugh Canal Company for over 40 years, and as president of the Delta-Mendota Water Authority for over 20 years.

Throughout these years, Bill Jones was directly involved with the Central Valley Project, and I believe it is fitting that a major unit in this project be named in his honor.

After his passing in 2003, the California water community pursued this legislation with the blessing of the Jones family, to pay tribute to his longstanding work on California water issues.

Madam Speaker, I urge my colleagues to support this bipartisan bill.

Madam Speaker, I reserve the balance of my time.

Mrs. CHRISTENSEN. Madam Speaker, I yield myself such time as I may consume.

(Mrs. CHRISTENSEN asked and was given permission to revise and extend her remarks.)

Mrs. CHRISTENSEN. Madam Speaker, H.R. 2383 recognizes the service of the late C.W. "Bill" Jones to the California Water Commission and his 2 years of service as president of the Delta-Mendota Water Authority.

This legislation rightly renames the Bureau of Reclamation's Tracy Pumping Plant, which raises water from the Sacramento-San Joaquin Delta into the Delta-Mendota Canal, after Mr. Jones.

We on this side of the aisle have no objection to the enactment of H.R. 2383.

Madam Speaker, I yield back the balance of my time.

Mr. GOHMERT. Madam Speaker, we yield back the balance of our time as well.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Texas (Mr. GOHMERT) that the House suspend the rules and pass the bill, H.R. 2383.

The question was taken; and (two-thirds having voted in favor thereof) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.

SAN DIEGO WATER STORAGE AND EFFICIENCY ACT OF 2005

Mr. GOHMERT. Madam Speaker, I move to suspend the rules and pass the bill (H.R. 1190) to direct the Secretary of the Interior to conduct a feasibility study to design and construct a four reservoir intertie system for the purposes of improving the water storage opportunities, water supply reliability, and water yield of San Vicente, El Capitan, Murray, and Loveland Reservoirs in San Diego County, California

in consultation and cooperation with the City of San Diego and the Sweetwater Authority, and for other purposes, as amended.

The Clerk read as follows:

H.R. 1190

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “San Diego Water Storage and Efficiency Act of 2005”.

SEC. 2. FEASIBILITY STUDY, PROJECT DEVELOPMENT, COST SHARE.

(a) IN GENERAL.—The Secretary of the Interior (hereinafter referred to as “Secretary”), in consultation and cooperation with the City of San Diego and the Sweetwater Authority, is authorized to undertake a study to determine the feasibility of constructing a four reservoir intertie system to improve water storage opportunities, water supply reliability, and water yield of the existing non-Federal water storage system. The feasibility study shall document the Secretary’s engineering, environmental, and economic investigation of the proposed reservoir and intertie project taking into consideration the range of potential solutions and the circumstances and needs of the area to be served by the proposed reservoir and intertie project, the potential benefits to the people of that service area, and improved operations of the proposed reservoir and intertie system. The Secretary shall indicate in the feasibility report required under subsection (d) whether the proposed reservoir and intertie project is recommended for construction.

(b) FEDERAL COST SHARE.—The Federal share of the costs of the feasibility study shall not exceed 50 percent of the total study costs. The Secretary may accept as part of the non-Federal cost share, any contribution of such in-kind services by the City of San Diego and the Sweetwater Authority that the Secretary determines will contribute toward the conduct and completion of the study.

(c) COOPERATION.—The Secretary shall consult and cooperate with appropriate State, regional, and local authorities in implementing this section.

(d) FEASIBILITY REPORT.—The Secretary shall submit to Congress a feasibility report for the project the Secretary recommends, and to seek, as the Secretary deems appropriate, specific authority to develop and construct any recommended project. This report shall include—

(1) good faith letters of intent by the City of San Diego and the Sweetwater Authority and its non-Federal partners to indicate that they have committed to share the allocated costs as determined by the Secretary; and

(2) a schedule identifying the annual operation, maintenance, and replacement costs that should be allocated to the City of San Diego and the Sweetwater Authority, as well as the current and expected financial capability to pay operation, maintenance, and replacement costs.

SEC. 3. FEDERAL RECLAMATION PROJECTS.

Nothing in this Act shall supersede or amend the provisions of Federal Reclamation laws or laws associated with any project or any portion of any project constructed under any authority of Federal Reclamation laws.

SEC. 4. AUTHORIZATION OF APPROPRIATIONS.

There is authorized to be appropriated to the Secretary \$3,000,000 for the Federal cost share of the study authorized in section 2.

SEC. 5. SUNSET.

The authority of the Secretary to carry out any provisions of this Act shall termi-

nate 10 years after the date of the enactment of this Act.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Texas (Mr. GOHMERT) and the gentlewoman from the Virgin Islands (Mrs. CHRISTENSEN) each will control 20 minutes.

The Chair recognizes the gentleman from Texas.

GENERAL LEAVE

Mr. GOHMERT. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and include extraneous material on the bill under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Texas?

There was no objection.

Mr. GOHMERT. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, H.R. 1190, introduced by our colleague, Chairman DUNCAN HUNTER from California, is the first step in expanding increasingly scarce water supplies for thousands of citizens in the San Diego area.

This bill authorizes the Bureau of Reclamation to assess the feasibility of constructing an intertie system between four reservoirs. Several of those reservoirs are significantly below capacity in most years. Once interconnected, water could then be transported to the unused space.

Growing populations and reduced water storage opportunities require us to make efficient use of the supplies that we have, and this bill does just that. Madam Speaker, I urge my colleagues to support this noncontroversial and important legislation.

Madam Speaker, I reserve the balance of my time.

Mrs. CHRISTENSEN. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, the majority has explained this legislation adequately. The bill provides the Secretary full discretion regarding Federal participation in this study and requires a local cost share that is consistent with longstanding Bureau of Reclamation policy.

Madam Speaker, we have no objection to the passage of H.R. 1190.

Madam Speaker, I yield back the balance of my time.

Mr. GOHMERT. Madam Speaker, I yield back the balance of our time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Texas (Mr. GOHMERT) that the House suspend the rules and pass the bill, H.R. 1190, as amended.

The question was taken; and (two-thirds having voted in favor thereof) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

UPPER COLORADO AND SAN JUAN RIVER BASIN ENDANGERED FISH RECOVERY PROGRAMS REAUTHORIZATION ACT OF 2005

Mr. GOHMERT. Madam Speaker, I move to suspend the rules and pass the Senate bill (S. 1578) to reauthorize the Upper Colorado and San Juan River Basin endangered fish recovery implementation programs.

The Clerk read as follows:

S. 1578

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Upper Colorado and San Juan River Basin Endangered Fish Recovery Programs Reauthorization Act of 2005”.

SEC. 2. UPPER COLORADO AND SAN JUAN RIVER BASIN ENDANGERED FISH RECOVERY IMPLEMENTATION PROGRAMS.

Section 3 of Public Law 106-392 (114 Stat. 1602; 116 Stat. 3113) is amended—

(1) in subsection (a)—

(A) in paragraph (1), by striking “\$46,000,000” and inserting “\$61,000,000”;

(B) in paragraph (2), by striking “2008” and inserting “2010”; and

(C) in paragraph (3), by striking “2008” and inserting “2010”;

(2) in subsection (b)—

(A) by striking “\$100,000,000” and inserting “\$126,000,000”;

(B) in paragraph (1)—

(i) by striking “\$82,000,000” and inserting “\$108,000,000”; and

(ii) by striking “2008” and inserting “2010”; and

(C) in paragraph (2), by striking “2008” and inserting “2010”; and

(3) in subsection (c)(4)—

(A) in the first sentence, by inserting “and the Elkhead Reservoir enlargement” after “Wolford Mountain Reservoir”; and

(B) in the second sentence, by striking “\$20,000,000” and inserting “\$31,000,000”.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Texas (Mr. GOHMERT) and the gentlewoman from the Virgin Islands (Mrs. CHRISTENSEN) each will control 20 minutes.

The Chair recognizes the gentleman from Texas.

GENERAL LEAVE

Mr. GOHMERT. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and include extraneous material on the bill under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Texas?

There was no objection.

Mr. GOHMERT. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, S. 1578, sponsored by Senator WAYNE ALLARD from Colorado, reauthorizes the Upper Colorado and San Juan River Basin endangered fish recovery programs.

Congresswoman CUBIN of Wyoming, a wonderful resource on the Resources Committee, is the sponsor of the House companion measures, and she should be commended for her hard work on this bill.
