

to just 69 days in the first 3 years of implementation. The city of Seattle alone estimates that for \$114,000 spent, they have saved over \$5 million.

□ 1600

This is particularly urgent as the Corps staff have volunteered to assist in Hurricane Katrina response efforts, as well as reconstruction and rebuilding efforts in Iraq and Afghanistan. The Seattle Corps alone has deployed a total of 233 civilian and military staff, or approximately 29 percent of their staff, to these areas, and that leaves a limited number of staff to handle the urgent needs of local areas.

It is during times of emergency response that expedited processes such as 214 become particularly vital in continuing to support regional growth and economic need.

Let me underscore a few points. Section 214 was extended last year unanimously as H.R. 3765 in both the House and the Senate, and is currently set to expire on March 31, 2006. That is the need we face today. An extension of the provision was also passed in the House WRDA bill in 2005, and a permanent extension is included in the other body's WRDA bill. Unfortunately, WRDA is not likely to pass both Chambers before March 31 when the provision expires, so we are seeking an essential short-term extension until the end of this year.

This provision is absolutely vital to Corps activities. Although the authority exists for all regions, it has been utilized primarily in the Pacific Northwest by the ports of Seattle and Tacoma, the city of Seattle, the Port of Los Angeles, as well as the city of San Diego, and by public entities around Sacramento due to the huge backlog of Corps permits in those regions. In addition, it has been utilized by a number of ports in my home district along the Columbia River.

In the Pacific Northwest, we have seen the backlog of permits with the listing of endangered species grow to over 1,000 permits in the last years, and the residual effects have been harmful to our region's economy, resulting in expensive and costly delays.

Without extension of this authority, the Corps will need to make up the shortfall in funding the analysis of projects either through project delays or layoffs in Corps staff.

I am pleased to have the support of this legislation of all of the House Members representing my home State of Washington, our friends and neighbors in Oregon and Idaho, as well as Members representing California. I want to join my colleagues in thanking Chairman YOUNG and Ranking Member OBERSTAR, reiterate my gratitude toward Mr. DUNCAN and the gentlewoman, Ms. EDDIE BERNICE JOHNSON. I appreciate their leadership. I also want to acknowledge the outstanding work performed by the Pacific Northwest Waterways Association, and my own staff, Katie Stevens, on this issue.

Ms. EDDIE BERNICE JOHNSON of Texas. Mr. Speaker, I yield back the balance of my time.

Mr. BOUSTANY. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I also want to express my condolences to Chairman DUNCAN on the loss of his mother. I want to thank the ranking member on the subcommittee, the gentlewoman from Texas (Ms. EDDIE BERNICE JOHNSON), and I also want to thank my colleague from Washington State for introducing this very important piece of legislation and I urge its passage.

Mr. OBERSTAR. Mr. Speaker, I am pleased to support H.R. 4826, a bill to extend authority of the Secretary of the Army to accept funds from non-Federal public entities for the consideration of permits under the Clean Water Act and the Rivers and Harbor Act of 1899.

This language is modeled after language which the House approved last July as a part of H.R. 2864, the Water Resources Development Act of 2005. While I remain optimistic that the Senate will soon act on its version of the Water Resources Development Act, the authority of the Secretary that this bill would extend expires on March 31. This bill will continue the program through the end of December, 2006.

Mr. Speaker, I have been carefully monitoring the implementation of this authority. While it is very popular for those that have used it, I remain concerned that allowing a regulated entity to pay the costs of its regulator could affect the objectivity of that regulator.

As a track record of implementation develops, the Committee on Transportation and Infrastructure will have an opportunity to review the implementation of this authority and ensure a fair and equitable process.

I support the passage and quick enactment of this 9 month extension.

Mr. BOUSTANY. Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore (Mr. WALDEN of Oregon). The question is on the motion offered by the gentleman from Louisiana (Mr. BOUSTANY) that the House suspend the rules and pass the bill, H.R. 4826.

The question was taken; and (two-thirds having voted in favor thereof) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.

RECESS

The SPEAKER pro tempore. Pursuant to clause 12(a) of rule I, the Chair declares the House in recess subject to the call of the Chair.

Accordingly (at 4 o'clock and 2 minutes p.m.), the House stood in recess subject to the call of the Chair.

□ 1810

AFTER RECESS

The recess having expired, the House was called to order by the Speaker pro tempore (Mr. REHBERG) at 6 o'clock and 10 minutes p.m.

The **SPEAKER** pro tempore. Pursuant to the rule, the gentleman from California (Mr. THOMAS) and the gentleman from Maryland (Mr. CARDIN) each will control 20 minutes.

The Chair recognizes the gentleman from California.

Mr. THOMAS. Mr. Speaker, I yield myself such time as I may consume.

(Mr. THOMAS asked and was given permission to revise and extend his remarks.)

Mr. THOMAS. Mr. Speaker, this is generally known as the miscellaneous trade bill. We do this virtually every year. It consists primarily of those bills that, on their own, don't have any opposition, but standing alone, would have a difficult time in the legislative process. They are important in terms of their particularities, but taken as a whole, it represents an opportunity to put together, in a bipartisan way, those requests by Members in bill form to do what is absolutely the right thing to do, and, that is, those products not available in the United States and which are primarily materials used in making goods in the U.S. that do produce value added are subject to a tariff. So all it does is add costs. It is not in competition with anything in the United States, and so to help reduce costs we put together every year this list of trade bills.

Mr. Speaker, I reserve the balance of my time.

Mr. CARDIN. Mr. Speaker, I yield myself such time as I may consume.

(Mr. CARDIN asked and was given permission to revise and extend his remarks.)

Mr. CARDIN. Mr. Speaker, I agree with the chairman of the committee. I think he has described this legislation accurately; that is, it contains provisions that are technical and miscellaneous in nature, but taken collectively they are very important changes in our trade laws that will help U.S. businesses, farmers, workers and consumers.

Most of the provisions in the bill suspend or reduce import duties on items that are not produced in the United States, and correct instances where Customs has overcharged for import duties. These provisions improve the competitiveness of U.S. manufacturers and provide a benefit to consumers by reducing the price of final products.

I am pleased about the process that was again used in putting together the Miscellaneous Tariff and Trade Act. Beginning in March of 2005, Chairman SHAW invited Members to introduce bills for inclusion in the miscellaneous trade package. In July, Chairman SHAW requested public comments on each of the bills that were introduced. Provisions were then analyzed by the International Trade Commission and by the administration to determine whether there were any domestic producers that would be negatively affected by the bills.

After this process was completed the final package was put together by Members and staff working in a bipartisan fashion.

I would like to thank Chairman THOMAS and Chairman SHAW and their staffs for the manner in which this bill is put together. I would urge my colleagues to support the legislation.

Mr. Speaker, I reserve the balance of my time.

Mr. THOMAS. Mr. Speaker, I yield as much time as he may consume to the chairman of the Trade Subcommittee of the Ways and Means Committee. But prior to yielding, I would request unanimous consent that the remainder of my time also be controlled by the Chairman of the Trade Subcommittee, the gentleman from Florida (Mr. SHAW).

The **SPEAKER** pro tempore. Is there objection to the request of the gentleman from California?

There was no objection.

□ 1815

Mr. SHAW. Mr. Speaker, today I rise in strong support, along with my colleagues, of this bill, H.R. 4944, the Miscellaneous Trade and Technical Corrections Act of 2006. The bill amends a Haphazard Tariff Schedule, HTS, of the United States, to cut certain rates of duty on a variety of products and to make technical amendments to trade law.

The body typically considers such a miscellaneous trade bill during every

Congress; and while the practice may be routine and have minimal costs, these provisions do make vital changes that are important to our businesses, farmers, workers, retailers and, of course, our consumers.

This year, in addition to cutting tariffs, there is a provision that clamps down on the illegal import of tobacco products by clarifying certain laws and increasing coordination between the U.S. Customs and statewide enforcement officials. Smuggling is a problem that affects every State, especially those with significant ports such as Florida, and cuts into the States and Federal tax and duty collection.

Mr. Speaker, H.R. 4944 enjoys broad and bipartisan support. I would like to recognize the hard work of the members and staff of both parties for their hard work on this legislation. Each provision included in this legislation has been thoroughly vetted for support, and it has been made public record for some time. The legislation we now consider raises no objection from either party and has to be determined to be administratable upon enactment.

Mr. BLUMENAUER. Mr. Speaker, I am pleased that we were able to take some small yet important steps to improve livability across the country in this Miscellaneous Trade Bill. The bill includes a section allowing three streetcars manufactured in the Czech Republic to enter the United States duty free (there are no domestic producers of streetcars). These streetcars are additions to a system in Portland, Oregon that is undergoing expansion. The current system has led to \$2.2 billion in new development within three blocks of the streetcar corridor and ridership is up to 2.8 million per year.

There are also a handful of provisions that allow several types of bicycle parts and components for which there is no major U.S. producer to be imported duty free. The transportation reauthorization bill that passed last year does much to make cycling safer and more accessible to communities across the country. The provisions in this trade bill will help make bikes and accessories more affordable to the increasing number of riders nationwide, especially school children taking advantage of the new federal Safe Routes to School program.

I strongly support these provisions.

Mr. SHAW. Mr. Speaker, I reserve the balance of my time.

Mr. CARDIN. Mr. Speaker, I have no further requests for time, and I would yield back the balance of my time.

Mr. SHAW. Mr. Speaker, I yield back the balance of my time.
