By Mr. NELSON of Florida:

S. 3114. A bill to establish a bipartisan commission on insurance reform;

to the Committee on Banking, Housing, and Urban Affairs.

Mr. NELSON of Florida. Mr. President, I ask unanimous consent that the text of these four bills, the Commission on Catastrophic Disaster Risk and Insurance Act of 2006, the Catastrophe Savings Accounts Act of 2006, the Policyholder Disaster Protection Act of 2006, and the Homeowners Protection Act of 2006, be printed in the RECORD.

There being no objection, the text of the bills was ordered to be printed in the RECORD, as follows:

S. 3114

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Commission on Catastrophic Disaster Risk and Insurance Act of 2006".

SEC. 2. FINDINGS.

Congress finds the following:

(1) Hurricanes Katrina, Rita, and Wilma, which struck the United States in 2005, caused over \$200 billion in total economic losses, including insured and uninsured losses.

(2) Although private sector insurance is currently available to spread some catastrophe-related losses throughout the Nation and internationally, most experts believe there will be significant insurance and reinsurance shortages, resulting in dramatic rate increases for consumers and businesses, and the unavailability of catastrophe insurance.

(3) The Federal Government has provided and will continue to provide billions of dollars and resources to pay for losses from catastrophes, including hurricanes, volcanic eruptions, tsunamis, tornados, and other disasters, at huge costs to American taxpayers.

(4) The Federal Government has a critical interest in ensuring appropriate and fiscally responsible risk management of catastrophes. Mortgages require reliable property insurance, and the unavailability of reliable property insurance would make most real estate transactions impossible. In addition, the public health, safety, and welfare demand that structures damaged or destroyed in a catastrophe be reconstructed as soon as possible. Therefore, the inability of the private sector insurance and reinsurance markets to maintain sufficient capacity to enable Americans to obtain property insurance coverage in the private sector endangers the national economy and the public health, safety, and welfare.

(5) Multiple proposals have been introduced in the United States Congress over the past decade to address catastrophic risk insurance, including the creation of a national catastrophic reinsurance fund and the revision of the Federal tax code to allow insurers to use tax-deferred catastrophe funds, yet Congress has failed to act on any of these proposals.

(6) To the extent the United States faces high risks from catastrophe exposure, essential technical information on financial structures and innovations in the catastrophe insurance market is needed.

(7) The most efficient and effective approach to assessing the catastrophe insurance problem in the public policy context is to establish a bipartisan commission of experts to study the management of catastrophic disaster risk, and to require such commission to timely report its recommendations to Congress so that Congress can quickly craft a solution to protect the American people.

SEC. 3. ESTABLISHMENT.

There is established a bipartisan Commission on Catastrophic Disaster Risk and Insurance (in this Act referred to as the "Commission").

SEC. 4. MEMBERSHIP.

(a) MEMBERS.—The Commission shall be composed of the following:

(1) The Director of the Federal Emergency Management Agency or a designee of the Director.

(2) The Administrator of the National Oceanic and Atmospheric Administration or a designee of the Administrator.

(3) 12 additional members or their designees of whom one shall be—

(A) a representative of a consumer group;
