

the importance of physical activity and living a healthy lifestyle within their school's student body. As a 2006 recipient of the Keystone Healthy Zone School mini-grant, the elementary school has launched a Walking Club to incorporate nutrition and physical fitness into their learning environment.

This year, the Sugar Grove Elementary School Walking Club established a goal to cover 100 miles by the end of the school year. To achieve this, students dedicated the first 15 minutes of their daily recess to walking. Rain or shine, outside or inside, the students of Sugar Grove Elementary School kept their commitment to healthy well-being and rigorously incorporated exercise into their daily school routine.

To encourage students along the way, the Pennsylvania Advocates for Nutrition and Activity (PANA) awarded the Sugar Grove Elementary School with a walking shoe charm for every mile mark they crossed. In addition, the outstanding leadership of the school's administrators and teachers as well as the guidance and support of local community volunteers helped to further motivate the students as they strived to achieve their goal.

On May 31, 2007 the Sugar Grove Elementary School will cross the finish line and achieve their goal of 100 miles. Madam Speaker, I hope my colleagues will join me at this time in congratulating the students of Sugar Grove Elementary School for their grand achievement. I wish them all continued success in their future endeavors.

**HONORING THE RETIREMENT OF
SHIRLEY KAY FEGAN**

HON. TOM DAVIS

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 24, 2007

Mr. TOM DAVIS of Virginia. Madam Speaker, I rise today to honor Ms. Shirley Kay Fegan on the occasion of her retirement after 50 years of dedicated service to the greater Washington, DC metropolitan area.

Before rising to her present role as head of school at The Congressional Schools of Virginia, Ms. Fegan spent many years raising awareness about poverty and cultivating her passion for education.

Upon graduating from Georgetown University, Ms. Fegan traveled to Central America, where she worked with the Alliance for Progress to aid indigenous populations. Impassioned by this experience, Ms. Fegan returned to the Washington, DC area, where she developed programs through the Office of Economic Opportunity (OEO) to support migrant laborers. Ms. Fegan then applied the skills she had developed at OEO to the District of Columbia, helping to establish the first inner city HMO. Not only did this endeavor succeed in helping those affected by the 1968 riots, but the project eventually culminated in the opening of a 63,000 square foot facility which provides medical, dental, and pharmaceutical services.

In 1979, Ms. Fegan began working at The Congressional Schools of Virginia, where she has made a tremendous impact on students and faculty alike. Her presence was felt from the start as she applied her knowledge of the non-profit field to help restructure the institu-

tion and organize a volunteer school board. After becoming head of school in 1992, Ms. Fegan launched a series of initiatives that have led to the creation of strong athletic and community service programs. She has also been instrumental in incorporating information technology into the school's classrooms.

Whether Ms. Fegan was raising awareness on behalf of minority communities, making an impact on the District's inner city areas, or helping transform The Congressional Schools of Virginia into a first rate learning institution, Ms. Fegan has always dedicated herself to the serving others.

Madam Speaker, in closing, I would like to commend and congratulate Ms. Fegan on all of her achievements. I call upon my colleagues to join me in applauding Shirley for her past accomplishments and in wishing her continued success in the years to come.

TRIBUTE TO LANCE CORPORAL BEN DESILETS

HON. RAY LAHOOD

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 24, 2007

Mr. LaHOOD. Madam Speaker, I submit the following article for the RECORD.

ELMWOOD: CITY MOURNS LOSS OF MARINE

ELMWOOD.—The city continued to grieve the loss of part of its "family" Wednesday, mourning the death of Lance Cpl. Ben Desilets, killed in action in Iraq.

"What people don't understand about Elmwood, it's a family. When we lose one person, we all lose," said Elmwood High School English teacher Cathy Meyers.

Nearly every flag in Elmwood was flying at half-mast to honor Desilets.

The 2004 Elmwood High School graduate and another Marine were killed Tuesday in the Anbar province of western Iraq, where Desilets was deployed with 3rd Battalion, 10th Marine Regiment. Officials with the 2nd Marine Expeditionary Force in Camp Lejeune, NC., declined to comment on how he died except to say it was during combat operations.

A statement from the family stated Desilets, 21, had been behind the wheel of a Humvee when he died in the early morning hours. The other Marine was Cpl Julian M. Woodall, 21, of Tallahassee, Fla.

"He thought he was doing good," said his mother, Brenda Desilets. "I was proud of him. It made him grow up a lot."

Desilets had been in the Marines since September 2004. He joined, in part, to support his 3-year-old daughter, Kyra.

It was Desilets' second tour in Iraq.

HONORING MR. MICHAEL HOGAN OF HIGH SCHOOL DISTRICT 204 ON HIS RETIREMENT

HON. DANIEL LIPINSKI

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 24, 2007

Mr. LIPINSKI. Madam Speaker, I rise today to honor an exceptional educator in my district, Mr. Michael Hogan. For 30 years, Mr. Hogan has devoted his time and energy to the

students and families of High School District 204 in Cook County. Now, as he prepares for his retirement, I would like to thank him for his years of dedicated service.

Mr. Hogan's decision to become a teacher led him to college to complete his degree and education certification in 1978. To finance his education, Mr. Hogan took on a wide variety of service jobs, where he developed a disciplined attitude and strong work ethic that continues to guide his life. Mr. Hogan's awareness of the importance of family, friends, integrity, and career is the foundation of his professional success, and has led his colleagues and the communities he serves to hold him in the highest regard.

Mr. Hogan began his career in education as a special education teacher at Lyons Township High School, serving students who felt disconnected from their families, school, and peers because of emotional and behavioral disabilities. He provided the structure, empathetic concern, and skill-building activities that his students needed to allow them an opportunity to develop trusting relationships with others and graduate from high school to become productive citizens. Mr. Hogan later became the Dean of Students in High School District 204. Again, his commitment to teaching the skills of responsible decision-making and his willingness to help individuals understand and assume responsibility for their actions resulted in a positive, life-changing experience for countless students.

For the final 15 years of his career, Mr. Hogan has served as Associate Principal, dedicating himself to his principle of "making the school work". His fairness, integrity, and meticulous attention to detail have impacted the daily lives of all those he has served: the faculty, staff, and families of Lyons Township High School.

Today, I ask my colleagues to join me in honoring Mr. Michael Hogan as an outstanding educator, and recognize his tireless efforts to educate and develop generations of confident, responsible, and disciplined students. He has done nothing less than an extraordinary job in preparing future generations for their challenges ahead. I thank and congratulate Michael for his service and dedication and wish him a happy, healthy, and fulfilling retirement.

COMMEMORATING THE 100TH BIRTHDAY OF RACHEL CARSON

HON. CHRIS VAN HOLLEN

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 24, 2007

Mr. VAN HOLLEN. Madam Speaker, I rise today to celebrate the life of Rachel Carson and to commemorate her 100th birthday this Sunday, May 27.

Rachel Carson was an author, environmentalist, scientist, and poet. She was also a person with the courage to speak out against policies that harmed the environment.

In 1945, the U.S. Government was increasingly using chemical pesticides to control pests that were harming agricultural crops. Rachel Carson, living in Silver Spring at the time, was particularly alarmed by insecticide experiments in Patuxent, MD. She worried that the Government was using pesticides indiscriminately, with little regard for the damage they might cause to unintended targets, like other wildlife, or people who would eat the crops.

In 1957, her concerns became reality. Spraying for mosquitoes in Massachusetts, covering Long Island with a mixture of DDT
