HAPPY 80TH BIRTHDAY TO MR. M. BLOUKE CARUS

HON. JERRY WELLER

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Monday, June 18, 2007

Mr. WELLER of Illinois. Madam Speaker, I rise today to offer congratulations to Mr. M.

Blouke Carus of Peru, Illinois on the occasion of his 80th birthday.

A captain of industry, publisher, inventor, veteran, engineer, educator, linguist, preservationist and community servant, Mr. Carus is undoubtedly one of the most accomplished persons I have the privilege of representing in the Congress of the United States.

As Chairman of Carus Corporation, Mr. Carus oversees this privately held holding company which includes the Carus Chemical Company, the world leader in the fields of water treatment and air purification through the manufacturing and application of potassium permanganate and a variety of manganese compounds.

Mr. Carus is also Vice-Chairman of Carus Publishing Company which includes Open Court General Books and 14 children's magazines including such well-known publications as Cricket, Ladybug and Spider. This high quality children's literature has educated and entertained young people for more than three decades.

Mr. Carus has also demonstrated a lifelong interest in education. His educational achievements include the development of textbooks and teaching programs in the areas of reading, language arts and mathematics. By Presidential appointment, Mr. Carus has served as a member of the National Council on Education Research which established research policy for the United States Department of Education. He played an important role in establishing Illinois Valley Community College (IVCC) by chairing the Citizens Committee which led the effort to create IVCC. Today, 40 years after its creation, IVCC enables thousands of students to obtain post-secondary educations in many fields while serving as a catalyst for economic development and greater employment throughout the Illinois Valley.

Mr. Carus has long been a champion of both enhanced school to work educational programs as well as the need for strong systems of educational accountability. He has pursued these critically important goals as chairman of the Education Committee of the Illinois Manufacturers' Association and as a member of the Illinois Governor's Task Force on School-to-Work Transition.

It gives me special pleasure to note the leadership role of Mr. Carus in restoring and reopening the historic Hotel Kaskaskia in downtown LaSalle, Illinois. The accomplishment of this goal will not only save a structure deemed to have national historic significance but will also spark the economic revitalization of the downtown business area of the City of LaSalle.

In closing, I urge my colleagues to seek out and highlight the contributions and achievements of the leading citizens of their own congressional districts across our Nation.

TRIBUTE TO ONCOLOGY NURSES

HON. JULIA CARSON

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Monday, June 18, 2007

Ms. CARSON. Madam Speaker, I rise today to call attention to the important and essential role that oncology nurses play in providing quality cancer care. These nurses are principally involved in the administration and moni-

toring of chemotherapy and the associated side-effects patients experience. As anyone ever treated for cancer will tell you, oncology nurses are intelligent, well-trained, highly skilled, kind-hearted angels who provide quality clinical, psychosocial, and supportive care to patients and their families. In short, they are integral to our Nation's cancer care delivery system.

On behalf of the people with cancer and their families in Indiana's 7th Congressional District, I would like to specifically acknowledge Julie Painter from Indianapolis, Indiana, for her service on the Oncology Nursing Society Board of Directors, as a Director-at-Large, and her role as a Clinical Nurse Specialist at the Community Health Network. Julie has served on the ONS Board of Directors for the past 3 years; and prior to that, she served as Congress Chairperson in 1996, the Nominating Committee in 1996-1999, and on the Oncology Nursing Certification Corporation Nominating Committee in 2000-2002. She received her Master's degree and post-Master's Nurse Practitioner degree from Indiana University.

The Oncology Nursing Society has four chapters in my home state of Indiana, including one in my hometown of Indianapolis. These chapters serve the oncology nurses in the state and support them in their efforts to provide high-quality cancer care to patients and their families throughout Indiana. Julie has been a member of ONS for 20 years and has served as President, Vice President, Newsletter Editor, and more of the Central Indiana Chapter based in Indianapolis.

Since 1975, the Oncology Nursing Society has been dedicated to excellence in patient care, teaching, research, administration, and education in the field of oncology. The Oncology Nursing Society is the largest organization of oncology health professionals in the world, with more than 35,000 registered nurses and other health care professionals. The Society's mission is to promote excellence in oncology nursing and quality cancer care. I commend Julie and her organization for all that they do in the field of oncology.

Cancer is a complex, multifaceted, and chronic disease, and people with cancer are best served by a multidisciplinary health care team specialized in oncology care, including nurses who are certified in that specialty. According to the American Cancer Society, one in three women and one in two men will receive a diagnosis of cancer at some point in their lives, and one out of every four deaths in the United States results from cancer. This year, approximately 30,040 people in Indiana will be diagnosed with cancer, and another 12,730 will lose their battles with this terrible disease. Every day, oncology nurses see the pain and suffering caused by cancer and understand the physical, emotional, and financial challenges that people with cancer face throughout their diagnosis and treatment.

Today, more than two-thirds of cancer cases strike people over the age of 65, and the number of cancer cases diagnosed among senior citizens is projected to double by 2030. At the same time, many of the community-based cancer centers are facing significant barriers in hiring the specialized oncology nurses they need to treat cancer patients. We are on the verge of a major national nursing shortage, and it is estimated that there will be a shortage of 1,016,900 nurses in the year

2020. The Health Resources and Services Administration (HRSA) estimates that in 2005, the state of Indiana had a shortage of 5,295 nurses. HRSA estimates that number will reach 8,211 by 2010.

I would like to once again acknowledge and thank Julie Painter for her hard work and leadership on the Oncology Nursing Society Board of Directors. As a nurse and leader in the field, Julie has made it her life's mission to help others, and she should be applauded for all she has done.

I commend the Oncology Nursing Society for all of its efforts and leadership over the last 32 years and thank the Society and its members for their ongoing commitment to improving and assuring access to quality cancer care for all cancer patients and their families. I would like to remind my colleagues that May is Oncology Nursing Month, and I urge my colleagues to support them in their important endeavors.

TRIBUTE TO ARMY SERGEANT
ANDREW HIGGINS

HON. FORTNEY PETE STARK

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Monday, June 18, 2007

Mr. STARK. Madam Speaker, I rise to pay tribute to Army SGT Andrew Higgins, a Hayward, California soldier who was killed on June 5, 2007, in Baqubah, during his second tour in Iraq as part of an elite Stryker Brigade. He was a member of the 5th Battalion, 20th Infantry Regiment, 3rd Brigade, 2nd Infantry Division from Fort Lewis, Washington.

At a very young age, Sergeant Higgins wanted to join the military. During the summer between his junior and senior years at Kennedy High School in Fremont, he took Army basic training.

After graduating from high school, he spent 2 years in the Army Reserve, signed up for the regular Army, and was assigned several times to an Army Ranger unit as a fire support specialist. Sergeant Higgins was deployed to Afghanistan with the first contingent of troops sent to fight the Taliban.

While in the Army, he received awards and decorations including two Army Good Conduct Medals, National Defense Service Medal, Iraq Campaign Medal, Global War on Terror Expeditionary Medal, Global War on Terror Service Medal and the Combat Action Badge. He was posthumously awarded the Bronze Star, the Purple Heart and the Army Commendation Medal.

Sergeant Higgins came from a long line of early American settlers. The first descendant of his family landed in New England in 1693. He was next in line to carry on the family name, as he was the third generation of Higginses who were only sons.

Sergeant Higgins is remembered as a courageous soldier with a sharp wit and a kind heart. When he finished his military service, he had planned to go back to school and study fish and habitat conservation.

I join the community in expressing deepest sympathy to SGT Andrew Higgins' family members on his tragic death. Our country owes a debt of gratitude to Sergeant Higgins and his family for the ultimate sacrifice he made in service to his country.

PERSONAL EXPLANATION

HON. WALLY HERGER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Monday, June 18, 2007

GENERAL OF GENOCIDE—
MAHMOUD AHMADENIJAD

HON. TED POE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Monday, June 18, 2007

Mr. POE. Mr. Speaker, "genocide" is a fancy term for state-sponsored murder or extermination of a group of people. And that is exactly what President Ahmadenijad of Iran is trying to incite against the state of Israel.

The president of Iran has a one-size-fits-all foreign policy. His response, Madam Speaker, to all conflicts in the Middle East is to "get rid of Israel."

Ironically, while claiming that the Holocaust never happened, Ahmadenijad regularly pontificates on goals that could easily have been taken right out of the Nazi playbook of the 1930s and 40s.

"The real cure," he has said, "for the (Lebanon) conflict is elimination of the Zionist regime."

And not only does he propose the "elimination" of the entire state of Israel, he definitively predicts that end. Israel, he said, "will be gone, definitely." And, Madam Speaker, he predicts revenge against the West for standing by its greatest ally in the Middle East, saying that we "will not see any result but the hatred of the people."

Well, it should come as no surprise to the devil of the desert, Mr. Ahmadenijad, that the United States will not leave one of its greatest allies alone in the desert. We in America have the courage, Madam Speaker, to call Ahmadenijad a threat to world peace and an outlaw to Israel.

I believe in the freedom of speech, Madam Speaker. It is one of the foundations of democracy. But speech by a head of state that urges the annihilation of an entire nation mocks and dishonors the very notion of free speech, and it is the prelude to open aggression.

And that is why I have cosponsored this resolution calling on the U.N. Security Council to charge Iranian President Mahmoud Ahmadenijad with violating the 1948 Genocide Convention. He must be held accountable for his actions.

That's just the way it is.
