

the critical areas of math, science and engineering. The Math and Science Incentive Act will build on the SMART grants by providing a direct incentive to middle class students who may not meet Pell grant eligibility. We critically need to attract and retain the best and brightest to study these challenging fields and this loan forgiveness may just make the difference for some.

I urge my colleagues to join me in cosponsoring this legislation to help America continue to be the innovation leader of the world.

RECOGNIZING THE 80TH ANNIVERSARY OF BOY SCOUT TROOP 10

**HON. JEFF MILLER**

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

*Monday, February 5, 2007*

Mr. MILLER of Florida. Madam Speaker, on behalf of the United States Congress, it is an honor for me to rise today to recognize the 80th Anniversary of Boy Scout Troop 10.

In 1927, Boy Scout Troop 10 was founded and chartered to First Baptist Church Pensacola in Pensacola, Florida. Today, eighty years later, it is recognized as the oldest active Boy Scout troop in the Boy Scout Gulf Coast Council, which serves the Florida panhandle and lower Alabama.

Over the course of its history, thousands of young men have made the trek with Troop 10 under the leadership of twenty-nine Scoutmasters, and eighty-six have achieved the Eagle Scout rank, The Boy Scouts of America's highest honor.

As trustworthy, loyal, courteous, brave, and reverent young men, Troop 10 exemplifies everything which scouts stand for, and the very ideals that all Americans should strive to attain as our duty to God and this great Nation. From the beginning, Troop 10 has won the hearts and high respect of the communities of Northwest Florida and their presence will continue to do so.

Madam Speaker, on behalf of the United States Congress, I am proud to recognize the 80th Anniversary of Boy Scout Troop 10 and its service to God and Country.

HONORING THE LIFE OF PERCY LAVON JULIAN

SPEECH OF

**HON. CHARLES B. RANGEL**

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, January 30, 2007*

Mr. RANGEL. Madam Speaker, I rise today in support of H. Con. Res. 34, to honor Percy Julian, an American research chemist of international renown, and a pioneer in the chemical synthesis of medicinal drugs. During his lifetime, Percy Julian received more than 100 chemical patents.

Percy Julian attended elementary school in Birmingham and later moved to Montgomery, Alabama where he attended high school. After high school, Julian applied to and was accepted into DePauw University in Greencastle, Indiana. At DePauw, he began as a probationary student, having to take higher level high school classes along with his freshman

and sophomore course load. He was named a member of the Sigma Xi honorary society as well as a Phi Beta Kappa member.

Upon graduation from DePauw in 1920, he was selected as the class valedictorian. Julian was awarded the Austin Fellowship in Chemistry and moved to the distinguished Harvard University in Cambridge, Massachusetts, where he achieved straight A's, finished at the top of his class and received a Masters Degree in 1923.

Percy Julian proved himself to be a brilliant chemist. Among his many patents, most notable are—a foam fire retardant, a treatment for glaucoma and a low-cost process to produce cortisone. His innovative approach to chemistry helped to make important medicines more accessible to millions.

Please join me in supporting H. Con. Res. 34, honoring the life of Percy Lavon Julian, a pioneer in the field of organic chemistry research and development and the first and only African American chemist to be inducted into the National Academy of Sciences.

IN MEMORY OF DR. DAVID RAY REDDEN

**HON. MICHAEL C. BURGESS**

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Monday, February 5, 2007*

Mr. BURGESS. Madam Speaker, I rise today to honor Dr. David Ray Redden who passed away at 85 years of age on Sunday, January 21, 2007.

Dr. David Ray Redden lived a long, beautiful life. He was born on December 22, 1921 in McKinney, Texas. He served in World War II from 1944–1946 as a Technical Sergeant (4th Corps-5th Army), and earned the Bronze Star for his bravery while serving as a Forward Sound Ranging Observer in Italy's Po Valley Campaign. Once the war ended, Mr. Redden completed his Bachelor of Science degree in Biology at the University of North Texas, which is where he met his wife, Ruth Hillin, who attended Texas Women's University at the time. The couple was married three months after their first date, and they were married for 58 years.

Mr. David Redden obtained his M.S. degree from the University of North Texas, and then received a Ph.D. from Baylor University Medical School and Graduate Research Institute. Due to his passion for research and teaching, Dr. Redden joined the UNT faculty after teaching Physiology at Baylor University College of Dentistry, where he remained for 30 years. As the Chair of the Pre-Professional Advisory Committee, he was involved in the placement of students into medical, dental, and veterinary schools. He was also a member of the adjunct faculty at the UNT Health Science Center in Fort Worth, Texas. Dr. Redden achieved many honors while at UNT, which include: Outstanding Professor, Outstanding Service Award, Distinguished Teaching Award, Outstanding Educator, and Outstanding Alumni for Excellence in Biological Sciences. After his retirement, he was named Professor Emeritus.

Not only was Dr. Redden an intelligent and meritorious professor, but he was also a talented duck carver, skilled hunter, and loyal church member. Most importantly, however, was his love and devotion to his wife, children, and grandchildren.

Dr. David Redden is survived by his wife, Ruth Hillin Redden; five children: Pam Drenner, Mike Redden, Ken Redden, Ron Redden, Chris Redden; eleven grandchildren: Bryan and Matt Drenner, Corbett Redden, Collin, Sean, Jennifer, Matthew Ryan, Tracy, Shannon, Kevin and Derek Redden; and two great-grandchildren Riley and Price Webb.

As a professor of mine, Dr. Redden was not only a mentor, but also an inspiration to me, and I was honored to represent him in Congress. I extend my sincerest sympathies to his family and friends; he will truly be missed by all.

COMMENDING THE CHAMBER OF SOUTHWEST LOUISIANA AND MEMBERS OF THE ZETA PSI LAMBDA CHAPTER OF ALPHA PHI ALPHA FRATERNITY

**HON. CHARLES W. BOUSTANY, JR.**

OF LOUISIANA

IN THE HOUSE OF REPRESENTATIVES

*Monday, February 5, 2007*

Mr. BOUSTANY. Madam Speaker, I rise today to commend some of my constituents in Lake Charles, Louisiana for their efforts to help complete the Martin Luther King, Jr. National Memorial. As a result of the hard work of the Chamber of Southwest Louisiana and members of the Zeta Psi Lambda Chapter of Alpha Phi Alpha Fraternity, a model of the historic Martin Luther King, Jr. National Memorial will make Lake Charles its first stop on a national tour. The goal of the tour is to raise additional funding for the memorial, which is set to be erected on the National Mall in Washington, DC in 2008.

Because of Dr. King's courage, words, and actions, America is stronger and stands as a beacon of hope for people around the world. The monuments on our National Mall tell the story of our achievements as a country, but they also tell the story of our struggles. It is only fitting that Dr. King be honored with a memorial to provide a living history of his role in the civil rights movement.

Dr. King did not just talk about character, he lived it everyday. His leadership changed American life, and his legacy will continue to endure. Today, I commend the leadership of the Chamber of Southwest Louisiana and members of the Alpha Phi Alpha Fraternity for doing their part to ensure that Dr. King's legacy endures.

IN HONOR OF LITTLETON AND JANE MITCHELL

**HON. MICHAEL N. CASTLE**

OF DELAWARE

IN THE HOUSE OF REPRESENTATIVES

*Monday, February 5, 2007*

Mr. CASTLE. Madam Speaker, it is with great pleasure that I rise today to recognize the accomplishments of Littleton P. Mitchell and Jane E. Mitchell, two of the leading civil rights advocates from my home state of Delaware. On February 6th, Howard High School of Technology will kick off a fundraising drive to establish a chair in honor of the Mitchells at the University of Delaware. I cannot think of two more worthy recipients.

Littleton was born in Milford, Delaware and attended Howard High School. He served as a lieutenant in the United States Army Reserve and spent time at Fort Bragg in North Carolina, as well as the Tuskegee Air Base in Alabama. In addition to his Army service, Lit, as he was known to his friends, worked at the Governor Bacon Residential Treatment Center for Social and Emotional Disturbed Youth for 36 years. Most noteworthy though, were his contributions as State President of the National Association for the Advancement of Colored People (NAACP).

During his 31 years as President of Delaware's NAACP, Littleton played an important role in several civil rights advancements. He helped integrate all of Delaware's hospitals and worked to eliminate Delaware's Inn Keepers Law that allowed restaurants to refuse service to Black citizens. During the same period, Lit oversaw the integration of local movie theaters and Delaware's volunteer fire companies. I could continue but his accomplishments are too vast to cover in a single document.

Jane Mitchell was not only Littleton's loving wife, but an accomplished registered nurse and community activist. Also a graduate of Howard High School, Jane's nursing career led her to many different hospitals around the United States, including the Tuskegee Institute Hospital in Alabama, the Jewish Hospital of Philadelphia and several hospitals throughout Delaware. She held the distinguished titles of Head Nurse at the Governor Bacon Health Center, and Director of Nursing at Delaware State Hospital.

Jane's impressive career achievements and numerous volunteer activities have earned her a great deal of recognition. Most notably, she was recognized by the National Association of College Women as the Woman of the Year and the Alpha Nu Sigma Chapter of the Rho Sorority awarded her the Outstanding Negro Woman Award.

This couple has achieved so much in their lives, it is truly impossible to do them justice at this time. I am grateful for all they have given to the State of Delaware and I cannot think of two better people to name a chair after. I wish Howard High School luck in their endeavor and I know they will work diligently to honor their distinguished alumni.

TRIBUTE TO THE MOUNT ZION  
AME CHURCH OF MILLBURN,  
NEW JERSEY

**HON. RODNEY P. FRELINGHUYSEN**

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

*Monday, February 5, 2007*

Mr. FRELINGHUYSEN. Madam Speaker, I rise today to honor the Mount Zion African Methodist Episcopal Church in the Township of Millburn, Essex County, New Jersey, a vibrant community I am proud to represent. On February 18, 2007, its good parishioners will celebrate the Mount Zion African Methodist Episcopal Church's 105th Anniversary.

The Mount Zion AME Church was organized in the Spring of 1888 by former members of the Methodist Episcopal Church of Springfield, New Jersey, in order to give African American domestic workers a place of their own to gather and worship on Sunday mornings. Mr. Henry Chambers, Mrs. Willhelmina Veals and

Ms. Ella Taylor began the church with a Sunday School in a florist shop on Taylor Street in Millburn. A short while later the church moved to the Old Mountain House on Church Street, where it remained until 1902.

In 1889, Reverend Chase was appointed as pastor of the Mount Zion AME Church and served for 4 years. The Reverend John Roberts succeeded Reverend Chase in 1893 and served until 1895. Reverend Pendleton served as pastor in 1895, followed by Reverend Johnson in 1896.

The Reverend Adolus Willis became pastor in 1897 and served until 1909. On August 20, 1902, Reverend Willis was instrumental in the church's purchase of the building located at 56 Church Street. The Mount Zion AME Church remains at this location today.

A total of twenty pastors led the church from between 1909 and 2003, when the Reverend Cecil Bonds was appointed pastor. Reverend Bonds continues as pastor of the Mount Zion AME Church today.

Madam Speaker, I urge you and my colleagues to join me in congratulating the Mount Zion AME Church of Millburn, New Jersey on the celebration of its 105th anniversary.

TRIBUTE TO W.R. "REG" GOMES

**HON. DENNIS A. CARDOZA**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Monday, February 5, 2007*

Mr. CARDOZA. Madam Speaker, I rise today to pay tribute to W.R. "Reg" Gomes, who is retiring with distinction as Vice President, Agriculture and Natural Resources, for the University of California.

Over the past four decades, Reg has dedicated his life to the land-grant university missions of teaching, research and public service. He has mentored hundreds of current agricultural leaders from his early career as a professor at The Ohio State University, then as the Dean of Agriculture at the University of Illinois and finally in his home state to which he returned 11 years ago to lead the vast and varied agricultural education, science and Cooperative Extension programs of the University of California.

The grandson of immigrants from the Azores of Portugal, Reg was raised in the hard working dairy farming culture of California's Central Valley. This early appreciation for farming life led Reg to California Polytechnic State University (San Luis Obispo) to study animal science. Reg and his brother became the first in their family to graduate from college. Reg went on to earn a master's degree from Washington State University and a Ph.D. from Purdue University. This is an impressive collection of degrees for a young man from a small dairy farm in the small town of Hanford, California and it was the beginning of a remarkable academic career.

As an internationally recognized scientist and educator, Reg has been a leading voice on several prominent State and national boards, including the Farm Foundation Agricultural Round Table, the California State Board of Food and Agriculture, the California Farm Bureau Federation Board and the Board on Agriculture and Natural Resources of the National Research Council, which he currently chairs.

As a member of the House Agriculture Committee, I am particularly proud that California is the Nation's leading agricultural state with nearly \$30 billion in sales coming from over 88,000 farms which produce 350 different commodities. These impressive statistics are due in large part to the innovative spirit of California farmers who are usually the first to use new technologies and science-based farming practices, and it is our state's great land-grant university—the University of California—and leaders like Reg Gomes whom we have to thank for much of our farming successes.

Madam Speaker, it is my honor to offer these words in tribute to my friend Reg Gomes and to wish him and his wife Anne a wonderful next phase of their lives.

IN RECOGNITION OF JOSEPH  
"DUKE" CARTER FOR OVER 40  
YEARS OF SERVICE TO THE  
INTERNATIONAL UNION OF  
PAINTERS AND ALLIED TRADES

**HON. STEPHEN F. LYNCH**

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

*Monday, February 5, 2007*

Mr. LYNCH. Madam Speaker, I rise today in honor of a man whose professional life has been dedicated to improving the lives of working men and women in Massachusetts and our Nation. Joseph "Duke" Carter is a remarkable labor leader with a long and illustrious career with the International Union of Painters and Allied Trades.

Duke joined the International Union of Painters and Allied Trades in 1965 and over the next 21 years worked on numerous jobs throughout Boston and the State of Massachusetts. In this capacity Duke developed complete comprehension of the trade and was known for his expertise and attention to detail.

In 1986, Duke became a Business Representative for the International Union of Painters and Allied Trades District Council #35 until 2005 when he was appointed to the position of Assistant Director of Servicing. Duke has also contributed to the improvement of workers' rights as a Delegate to the International Painters and Allied Trades at their National Convention as well as being a Trustee to the Pension, Annuity, Health and Apprenticeship funds program.

Despite his various accomplishments, the title that Duke has always been most proud of and which he cherishes most, is the title of a proud and loving husband. Duke has had the enormous pleasure and tremendous good fortune to be married to his wife Patti for over 43 years.

Madam Speaker, it is my distinct honor to take the floor of the House today to join with Joseph "Duke" Carter's family, friends and brothers and sisters of labor to thank him for over 40 years of remarkable service to the American Labor Movement. I hope my colleagues will join me in celebrating Duke's distinguished career and wishing him good health and God's blessing in all his future endeavors.
