

Compromising the safety of foods that we put on our tables is not an option. Compromising the consumer products that we buy for our families is not an option. Compromising the security of Americans will not be an option. Compromising cannot be an option that we turn to because we lack the power. H.R. 3967 and my amendments to H.R. 4040 will restore some of that power to Americans.

Mr. Speaker, again I started off this talk with the notion that when people are out shopping this Christmas season and they pick up something and they look at the underside of it and it says "made in China," maybe that translates into "use at your own risk." I do encourage consumers to beware, be aware of where the products are made, be careful about the products that you bring into your home.

Mr. Speaker, we can no longer sit back and allow these harmful products to reach our homes. All Americans, myself included, have a choice to take a stance individually and to not buy products if we don't think they're safe. And if you see "made in China," remember, that's a warning label. But we can go a little further than that. Stricter rules are necessary. Funding, increased funding, increased personnel are necessary. And now it's up to Congress. It's up to Congress to create and enact those rules.

Mr. Speaker, you've been very indulgent, and I'm going to yield back the balance of my time.
