

Mr. OBERSTAR. Mr. Speaker, I rise in strong support of H. Res. 352, supporting the goals and ideals of National Public Works Week.

Our Nation's public works—which consist of transportation systems, water supply infrastructure, sewage and refuse disposal systems, public buildings, and other structures and facilities—help our country function in an efficient and effective manner. As our public works support our economy, our public health, and our communities' livelihood, we must support the many public works professionals who design, build, operate, maintain, and protect these systems and structures. National Public Works Week is observed for a full week in May each year.

House Resolution 352 pays tribute to public works professionals, celebrating their work the week of May 20 through 26, 2007.

Without our vast network of rail, highways, airports, and public transit, our industries would not have the global reach that they currently utilize each working day. Without these transportation systems, many tourists would not have the chance to experience the vastly different climates and cultures our Nation has to offer.

Without our water supply systems, or our sewage and waste disposal facilities, our communities would not be able to exist and thrive. Simple conveniences that we may take for granted—running water in our homes for cooking and cleaning, and water systems that feed our backyard gardens, as well as our agriculture, factories, and industry—would not be possible without the dedicated work of the public works professionals who keep these facilities moving on a daily basis.

Indeed, it is often only when our systems and facilities fail to work consistently that we appreciate their contribution to our daily routines.

Infrastructure keeps our country working, but in previous legislative sessions, we have not kept working on our infrastructure. In the "2006 Status of the Nation's Highways, Bridges, and Transit: Conditions and Performance" report prepared by the Department of Transportation, the Department confirms that investment in the Nation's highway, bridge, and transit infrastructure has not kept pace with demands on the system.

This Congress, we are working to reverse this unjustifiable trend.

The Committee on Transportation and Infrastructure has taken our public works needs seriously. Since the start of the 110th Congress, the Committee has shepherded four critical water infrastructure bills through the House:

H.R. 569, the Water Quality Investment Act of 2007; H.R. 700, the Healthy Communities Water Supply Act of 2007; H.R. 720, the Water Quality Financing Act of 2007; and H.R. 1495, the Water Resources Development Act of 2007.

It is my hope that this Resolution will reinforce the necessity for our colleagues in the other body to pass similar legislation. It is critical for us to conference these bills without delay, and ask the President to recognize both the needs and the accomplishments of public works and its professionals.

I celebrate our country's transportation and infrastructure.

I urge my colleagues to join with me in supporting House Resolution 352, to honor the

professionals who provide the backbone for our transportation and infrastructure systems and facilities.

Mrs. DRAKE. Mr. Speaker, I yield back the balance of my time.

Ms. EDDIE BERNICE JOHNSON of Texas. Mr. Speaker, I would urge the passage of this measure, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from Texas (Ms. EDDIE BERNICE JOHNSON) that the House suspend the rules and agree to the resolution, H. Res. 352.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the resolution was agreed to.

A motion to reconsider was laid on the table.

COMMEMORATING MARINAS AND EXPRESSING SUPPORT FOR SIXTH ANNUAL NATIONAL MARINA DAY

Mr. CUMMINGS. Mr. Speaker, I move to suspend the rules and agree to the resolution (H. Res. 343) commemorating the marinas of the United States, expressing support for the designation of the sixth annual National Marina Day, and for other purposes, as amended.

The Clerk read the title of the resolution.

The text of the resolution is as follows:

H. RES. 343

Whereas the citizens of the United States highly value recreation time and their ability to access 1 of the greatest natural resources of the United States, its waterways;

Whereas, in 1928, the word "marina" was used for the first time to define a recreational boating facility;

Whereas the United States is home to over 12,000 recreational boating facilities that contribute substantially to their local communities by providing safe, reliable gateways to boating for members of their communities and welcomed guests;

Whereas marinas of the United States also serve as stewards of the environment, actively seeking to protect their surrounding waterways not only for the enjoyment of the current generation, but for generations to come;

Whereas marinas of the United States also provide their communities and visitors a place where friends and families, united by a passion for the water, can come together for recreation, rest, and relaxation; and

Whereas marinas throughout the United States will be celebrating National Marina Day on August 11, 2007: Now, therefore, be it

Resolved, That the House of Representatives—
(1) commemorates the marinas of the United States for providing environmentally friendly gateways to boating for the citizens of, and the visitors to the United States; and
(2) supports designation of the sixth annual "National Marina Day" in order—

(A) to honor the marinas of the United States for their many contributions to their local communities; and

(B) to make citizens, policy makers, elected officials, and employees more aware of the overall contributions marinas make to their well-being.

The SPEAKER pro tempore (Mr. PAS-TOR). Pursuant to the rule, the gentleman from Maryland (Mr. CUMMINGS) and the gentlewoman from Virginia (Mrs. DRAKE) each will control 20 minutes.

The Chair recognizes the gentleman from Maryland.

GENERAL LEAVE

Mr. CUMMINGS. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks on H. Res. 343.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Maryland?

There was no objection.

Mr. CUMMINGS. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise today in strong support of H. Res. 343, as amended, which would support designation of August 11, 2007, as the sixth annual National Marina Day.

National Marina Day recognizes the central role that marinas play in giving shelter and providing gateways to the nearly 13 million recreational boats registered in the United States. National Marina Day is also intended to recognize the important role that recreational boaters and marina operators play in protecting our Nation's critical marine resources.

Recreational boating is a central part of the tourism and recreation industry in the United States. According to the National Marine Manufacturers Association, in 2005 recreational boating generated an estimated \$37 billion in sales and services nationwide. In my own State of Maryland, there are just over 200,000 registered boats. A study by the Maryland Sea Grant program estimated that in 2005 every 7.5 boats in the State supported a job in our State's economy and contributed just over \$7,600 in economic activity. Recreational boating contributed an estimated \$1.8 billion to the State's gross product.

The millions of Americans who participate in recreational boating activities rely on the estimated 12,000 marinas and associated boating facilities in our Nation to access not only the water, but also the support services that boats and boaters need. An estimated 30 percent of these marinas are owned by municipal or State governments and provide the public with water access at low or limited cost. The remaining 70 percent of marinas are private, and many are owner-operated facilities with long family histories.

Importantly, however, marinas are not only centers where boats can obtain fuel and services. They are also centers providing boating safety and boating education programs intended to help improve the operating proficiency of recreational boaters.

□ 1400

Though 35 States now have some type of operator education or licensing

requirement, the National Transportation Safety Board reported in 2007 that more than 80 percent of all recreational boaters have still never taken any kind of boating educational program. Perhaps in large measure as a result of the still limited enrollment in recreational boating safety classes, total deaths in recreational boating exceed deaths in general aviation. Marinas will continue to play a critical role in helping to reduce boating accidents and to lower the number of fatalities associated with recreational boating by organizing and hosting boating education programs to complement the technical services they provide.

I hope that all marina operators through these United States will take the opportunity afforded this year by the National Marina Day to continue their vital effort to expand boating safety programs and efforts. I commend marina operators for their vital role in supporting recreational boating in the United States.

Mr. Speaker, I reserve the balance of my time.

Mrs. DRAKE. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, House Resolution 343, which was introduced by my colleague HAROLD ROGERS, recognizes August 11, 2007, as National Marina Day. This resolution acknowledges the significant contributions that marinas provide to so many of our local waterfront communities.

There are over 12,000 marinas in the United States, and these facilities serve as a place where people who share a passion for the water can come together to enjoy our Nation's oceans, lakes and rivers. Marinas also serve as stewards of the environment and actively seek to protect the waterways that surround them.

I represent a district in which recreational boating plays an important role in the lives of many constituents, and marinas provide an easy access point for citizens who wish to enjoy our Nation's waterways. This resolution highlights the importance of marinas and their role in promoting recreational boating and in connecting people to their local waterways.

I urge my colleagues to support this resolution.

Mr. CUMMINGS. Mr. Speaker, I reserve the balance of my time.

Mrs. DRAKE. Mr. Speaker, I yield 2 minutes to the gentleman from Kentucky (Mr. ROGERS).

Mr. ROGERS of Kentucky. Mr. Speaker, I thank the gentlelady for yielding me time, and I want to thank the gentlelady and the chairman for ushering this piece of legislation through the committee and on to the floor honoring and acknowledging the contributions of marina owners and operators across this great country.

Whether it is fishing one of the 1,000 lakes in Minnesota, cruising the inland waterways of the Sunshine State, or enjoying the 1,200 miles of shoreline along Lake Cumberland in my district,

marinas are America's launching point for millions of boats and boaters seeking to enjoy the beautiful rivers, lakes, bays and oceans.

These marinas employ nearly 140,000 people at over 13,000 operations nationwide, providing safe harbor and supply depots for boaters. In Kentucky, over 130 marina facilities served over 176,000 registered boats in the Commonwealth of Kentucky, from Fishtrap Lake in the east to Lake Barkley out west. In between in my district is the crown jewel of Kentucky's waterways, Lake Cumberland.

Over 5 million visitors a year jet ski, enjoy bass fishing and cruise the 40,000 acres of Lake Cumberland. Lake associated businesses, including the 11 large scale marina operations, generate over \$160 million in economic activity for the region.

The lake area is famously dubbed the "Houseboat Capital of the World," made famous by the prominence of world class houseboat manufacturing in Wayne, Pulaski and Russell Counties. These 100-foot houseboats are literally floating homes, with hot tubs, roof decks, full size kitchens, waterslides, grills, kitchens and the like. These boats are great venues for fishing trips, reunions or weekend escapes on the waterways across the Nation.

This resolution, Mr. Speaker, recognizes the essential role marinas and the men and women who own and operate them play in the United States, providing their communities and visitors a place where friends and families can come together for recreation, rest and relaxation.

I thank the committee for bringing this resolution through to the floor. I urge my colleagues to support this resolution and designation of National Marina Day.

Mr. CUMMINGS. Mr. Speaker, I continue to reserve my time.

Mrs. DRAKE. Mr. Speaker, I yield 2 minutes to the gentlewoman from Michigan (Mrs. MILLER), the cochair of the Boating Caucus.

Mrs. MILLER of Michigan. Mr. Speaker, I appreciate the gentlelady yielding, and I certainly rise in strong support of House Resolution 343, which commemorates the marinas of the United States and expresses support for the sixth annual National Marina Day.

The purpose of National Marina Day is to inform the public about the important role that marinas do play in our local communities by providing a very safe, family-friendly venue to encourage the recreational boating industry, which can generate literally millions and billions of dollars in economic activity. The positive spin-off effects of marinas encourage the development of all kinds of businesses and restaurants to supplement the marinas' putting people to work.

Actually, in my home municipality of Harrison Township, Michigan, a huge part of our commercial tax base is marinas and recreational oriented busi-

nesses, and my congressional district is a shoreline waterfront district as well and our marinas play a very large role in the very identity of our region.

In the Great Lakes region alone, boating and marinas generate \$4.3 billion annually. Actually, I grew up in the marina business. It was our family business as well as our hobby. So I know firsthand that marinas also provide an essential venue for recreational boating, which is an important part in creating a very high quality of life in a community.

While increasing access to our Nation's water resources, marinas also play an important role in keeping our Nation's water clean. Marinas provide an appropriate place to dispose of waste materials so that they are not discharged out into the waterways. Operators of marinas often play an important role in organizing cleanup efforts to collect marine debris to keep our waters clean.

Finally, Mr. Speaker, marinas are playing a very important role as well in the defense of our Nation. I say that because they have been partnering with the United States Coast Guard, and the marina operators and their customers are staying vigilant and keeping their eyes open for suspicious activity. Just as our truck drivers are our eyes and ears on the interstate, marina operators and their customers are really our eyes and ears on the waterway as well. Marina operators fill a critical role in keeping our Nation secure along our liquid borders, such as the one that my home State of Michigan shares with our great neighbors of Canada.

So I would certainly urge my colleagues to join me in support of this resolution.

Mrs. DRAKE. Mr. Speaker, I yield back the balance of my time.

Mr. CUMMINGS. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, once again I want to thank Mr. ROGERS of Kentucky for this legislation, and I urge my colleagues to vote in favor of it.

Mr. OBERSTAR. Mr. Speaker, I rise in support of House Resolution 343, commemorating the marinas of the United States and expressing support for the designation of National Marina Day on August 11, 2007.

There are more than 12,000 marinas in the United States. They provide services and access for millions of recreational boaters to the lakes, rivers, and bays of the United States. In my State of Minnesota, marinas provide boaters access to thousands of lakes and the headwaters of the Mississippi River.

Each weekend, millions of Americans take to the water from marinas to enjoy fishing, kayaking, sailing, and just cruising down the river enjoying the water. Marinas make all of this happen. They employ more than 140,000 people whose sole purpose is to help boaters enjoy their time on the water safely.

On August 11, 2007, National Marina Day will focus on the role marinas play as safe, family-friendly gateways to boating, and the invaluable service marina operators and owners perform as stewards of the environment. Activities include fishing tournaments, boating

safety demonstrations, water sports, and environmental demonstrations.

We also recognize that the role of the marina operator has changed since September 2001. They are helping the Coast Guard and others keep an eye out for suspicious activities on the waterways. Marina operators are on the water every day. They know what is routine—and what looks suspicious. They are keeping a lookout for aggressive behavior, unusual diving, suspicious packages on bridges or terminals, and other activities that appear out of place.

Members of the Committee on Transportation and Infrastructure recognize the waterways of the United States as an important component of our national transportation system. However, these waterways also serve another important purpose: They allow people to have fun on the water. Marinas allow these types of recreational activities to occur.

I thank the gentleman from Kentucky (Mr. ROGERS) for introducing this resolution and urge my colleagues to join me in supporting House Resolution 343.

Mr. WHITFIELD. Mr. Speaker, I rise today in recognition of the National Marina Day. Kentucky's Marinas are a substantial impact on the Commonwealth's economy. The First District of Kentucky is home to many of the United States' most adored lakes, which provide recreation areas for Kentuckians and important habitats for fish and wildlife.

While it would be too exhaustive to name every lake, two of the largest lakes are Kentucky Lake and Lake Barkley. Together they create the Land Between the Lakes National Recreation Area, LBL. LBL contains nearly 17,000 acres of habitats, trails, and campsites, providing tourists with a wide array of outdoor experiences. A canal connecting Lake Barkley with Kentucky Lake forms one of the greatest freshwater recreational complexes in the country. This site has been used for numerous fishing tournaments and other outdoor events. These lakes are also home to many marinas that facilitate boating and fishing activities. Their presence helps ensure safe and reliable access to our lakes.

On the eastern side of my District is another exhilarating outdoor experience. Lake Cumberland is visited by more than 4.7 million people annually. According to the Travel Industry Association of America, the tourism economic impact for the four-county area, Clinton, Pulaski, Russell, Wayne, with access to the lake is \$152.6 million. Recently, the U.S. Army Corps of Engineers began a rehabilitation project at the Wolf Creek Dam on Lake Cumberland, which has impacted some of the marinas in the area. However, the lake continues to be a great recreation and vacation spot, and we welcome visitors to come enjoy the opportunities available at the lake.

Marinas are instrumental to recreation and tourism and that is why I stand today in support of this industry. I ask that my colleagues do the same by voting in favor of H. Res. 343 sponsored by U.S. Representative HAL ROGERS.

Mr. CUMMINGS. Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore (Mr. PASITOR). The question is on the motion offered by the gentleman from Maryland (Mr. CUMMINGS) that the House suspend the rules and agree to the resolution, H. Res. 343, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the resolution, as amended, was agreed to.

A motion to reconsider was laid on the table.

AUTHORIZING THE USE OF THE CAPITOL GROUNDS FOR THE GREATER WASHINGTON SOAP BOX DERBY

Mr. CUMMINGS. Mr. Speaker, I move to suspend the rules and agree to the concurrent resolution (H. Con. Res. 79) authorizing the use of the Capitol Grounds for the Greater Washington Soap Box Derby.

The Clerk read the title of the concurrent resolution.

The text of the concurrent resolution is as follows:

H. CON. RES. 79

Resolved by the House of Representatives (the Senate concurring),

SECTION 1. AUTHORIZATION OF SOAP BOX DERBY RACES ON CAPITOL GROUNDS.

The Greater Washington Soap Box Derby Association (in this resolution referred to as the "Association") shall be permitted to sponsor a public event, soap box derby races, on the Capitol Grounds on June 16, 2007, or on such other date as the Speaker of the House of Representatives and the Committee on Rules and Administration of the Senate may jointly designate.

SEC. 2. CONDITIONS.

The event to be carried out under this resolution shall be free of admission charge to the public and arranged not to interfere with the needs of Congress, under conditions to be prescribed by the Architect of the Capitol and the Capitol Police Board; except that the Association shall assume full responsibility for all expenses and liabilities incident to all activities associated with the event.

SEC. 3. STRUCTURES AND EQUIPMENT.

For the purposes of this resolution, the Association is authorized to erect upon the Capitol Grounds, subject to the approval of the Architect of the Capitol, such stage, sound amplification devices, and other related structures and equipment as may be required for the event to be carried out under this resolution.

SEC. 4. ADDITIONAL ARRANGEMENTS.

The Architect of the Capitol and the Capitol Police Board are authorized to make any such additional arrangements that may be required to carry out the event under this resolution.

SEC. 5. ENFORCEMENT OF RESTRICTIONS.

The Capitol Police Board shall provide for enforcement of the restrictions contained in section 5104(c) of title 40, United States Code, concerning sales, advertisements, displays, and solicitations on the Capitol Grounds, as well as other restrictions applicable to the Capitol Grounds, with respect to the event to be carried out under this resolution.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Maryland (Mr. CUMMINGS) and the gentlewoman from Virginia (Mrs. DRAKE) each will control 20 minutes.

The Chair recognizes the gentleman from Maryland.

GENERAL LEAVE

Mr. CUMMINGS. Mr. Speaker, I ask unanimous consent that all Members

may have 5 legislative days within which to revise and extend their remarks and to include extraneous material on H. Con. Res. 79.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Maryland?

There was no objection.

Mr. CUMMINGS. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, House Concurrent Resolution authorizes the use of the Capitol Grounds for the 2007 Greater Washington Soap Box Derby. As with all events on the Capitol Hill, this event will be open to the public and free of charge. The event organizers will work with the Office of the Architect of the Capitol and the Capitol Hill Police to ensure all rules and regulations will be followed.

The 2007 Greater Washington Soap Box Derby takes place on Constitution Avenue between Delaware Avenue and Third Street, N.W., on June 16, 2007. This event has been held on the U.S. Capitol Grounds since 1991 and has attracted over 50 participants, ranging in ages from 8 to 17. Participants competing in the event will come from the metropolitan Washington, D.C. area. The D.C. metropolitan race winners from each age division will meet later in the summer in Akron, Ohio, to compete in the All American Soap Box Derby.

Mr. Speaker, I strongly support the resolution and reserve the balance of my time.

Mrs. DRAKE. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, House Concurrent Resolution 79 authorizes the use of the Capitol Grounds for the 66th Annual Greater Washington Soap Box Derby to be held on June 16, 2007. The event is open to the public and free of charge.

The Greater Washington Soap Box Derby is one of the largest qualifying races in the country. The races take place on Constitution Avenue between Delaware Avenue and Third Street, N.W. Participants are residents of the Washington Metropolitan area and range in age from 8 to 17. They compete in three open divisions depending on their level of expertise. The winners of these races will represent the Washington Metropolitan Area at the national finals held annually in Akron, Ohio.

The Annual Soap Box Derby is a wonderful summer tradition. I support this resolution, which continues our custom of authorizing the use of the Capitol Grounds for this exciting event, and urge my colleagues to do the same.

Mr. Speaker, I reserve the balance of my time.

Mr. CUMMINGS. Mr. Speaker, I yield 3 minutes to the distinguished gentleman from Maryland (Mr. HOYER), the majority leader, who is the sponsor of this resolution, one who has constantly put children first.

Mr. HOYER. I thank my friend for yielding and I congratulate him on his leadership of this subcommittee and
