

women in uniform through their hands-on innovation. I could not provide higher tribute than the Marine Corps itself when it described the Albany team as clearly demonstrating the ability to be responsive, resourceful, agile, and creative by designing and prototyping multiple systems in support of Operation Iraqi Freedom.

This is not the first time the tenant organization of Albany's Marine Corps Logistics Base has received this great honor. In 2005, the Maintenance Center was recognized for its Design and Manufacture Vehicle Armor Protective Kits Program which provided protective armor kits for U.S. Marine Corps combat vehicles, making the Marines a more effective fighting force and profoundly impacting both safety and morale.

I also want to individually recognize Christopher Tipper, a Maintenance Center Albany employee who was named Civilian Marine Logistician of the Year. Through his achievements Mr. Tipper brings great credit upon himself, MCLB Albany, and the U.S. Marine Corps.

The national recognition of the achievements of the team and this individual is extremely well deserved. They comprise a dedicated workforce committed to meeting the needs of the warfighter. I am proud to pay tribute to these men and women and congratulate them and the leadership of the Maintenance Center Albany, as well as the entire Marine Corps Logistics Command on a job well done.●

MONTCLAIR STATE UNIVERSITY'S 100TH ANNIVERSARY

• Mr. MENENDEZ. Mr. President, today I honor Montclair State University of New Jersey as they celebrate 100 years of service to the students of our State.

The 100th anniversary of Montclair State University is a wonderful cause for celebration. However, the real celebration lies in the extraordinary success of the faculty and administration of Montclair State University in preparing some of New Jersey's finest students to be the next leaders of this country and to succeed in a global economy.

While much has changed since Montclair State University first opened its doors as a normal school in 1908, the university has remained true to its mission of providing an exceptional educational experience to a diverse student body that is reflective of the population of New Jersey. Montclair State University has become one of the leading educational institutions in our State, quickly turning into the second-largest and the fastest-growing university in New Jersey.

Montclair State University is leading the way to help develop the next generation of teachers by training promising students to be successful, innovative teachers in schools across the State. The university has also main-

tained an active and positive role in the local community, by bridging education and community service.

Today, I ask my colleagues to join me as I honor Montclair State University for its extraordinary success in providing 100 years of world-class education to New Jersey's students and for providing service to our communities.●

HONORING WINDOWS ON THE WATER

• Ms. SNOWE. Mr. President, I wish to congratulate the outstanding accomplishments of Windows on the Water, a popular restaurant from my home State of Maine. Windows on the Water's chef and owner, John Hughes, was recently awarded the National Restaurant Association Award for his active role in assisting the local community.

Founded in June 1985, Windows on the Water has been a favorite of locals and visitors to the Kennebunk-Kennebunkport area for over 20 years. Known for its fresh seafood and made-from-scratch desserts, Windows on the Water boasts a diverse menu with something for everyone. Moreover, it is committed to preparing healthy meals for diners. As such, most of the cooking products used are either organic, all-natural, or sustainable. In its 22 years of business, Windows on the Water has received 27 awards for various accomplishments. As patrons of the restaurant will tell you, Windows on the Water is also renowned for its creativity. In addition to providing fresh, quality food, Chef Hughes frequently offers programs such as cooking class dinners, which include a multicourse demonstration and meal, combined with a question-and-answer session.

Chef Hughes's National Restaurant Association award is truly something to be proud of. Dedicating his life to helping others, including by way of his culinary skills, Mr. Hughes cofounded the Community Harvest organization in 1999, a nonprofit community service group that provides food to those in need. The organization's motto, "people loving people is the heart of the journey, the heart of our community," is exemplified well in Chef Hughes's work. Each Thanksgiving and Christmas, he prepares countless dinners for the community, which volunteers then deliver to local underprivileged households and individuals. Mr. Hughes began the home delivery service because he noticed that Meals on Wheels did not deliver on Christmas and Thanksgiving.

While Chef Hughes routinely uses his cooking skills to benefit vulnerable members of his community, he is also at the forefront of numerous other community efforts. He leads an annual scholarship program for select local students who demonstrate a commitment to community service. Moreover, in keeping with his background as a chef, Mr. Hughes spearheads an annual

scholarship program for recipients in the greater Kennebunk area who have displayed an interest in the culinary arts. Having begun his culinary studies at age 15, Chef Hughes recognizes that nurturing an ambition from a young age can lead to great success.

Windows on the Water is not only a restaurant; it is also a fount of unbridled service to others, thanks to Chef Hughes. While Chef Hughes has reached the top of his profession, being appointed to the Master Chefs Institute of America, he still sees the crucial role that generosity and giving play in the livelihood of a community. I commend Chef John Hughes and everyone at Windows on the Water who set a valuable example for the Kennebunks, and for all of Maine.●

20TH ANNIVERSARY OF THE SPECIAL OPERATIONS COMMAND

• Mr. DOMENICI. Mr. President, I would like to commemorate the 20th anniversary of the U.S. Special Operations Command, USSOCOM.

In 1987, USSOCOM was officially established to create a unified command structure for the special operations forces of all military branches. Since that time, the special operations forces from the Army, Navy, Air Force, and Marine Corps have deployed to all parts of the globe and participated in every major American military operation in support of USSOCOM missions.

It is with good reason that the soldiers, sailors, airmen and marines of USSOCOM are considered the most elite military forces in the world. These individuals complete extremely rigorous training and are called upon to accomplish the most difficult and dangerous missions in our military.

We in New Mexico are excited that USSOCOM's 16th Special Operations Wing will soon be making the move to Cannon Air Force Base. Though we are sad to see the men and women of the 27th Fighter Wing go, we are proud to be the new home of this elite unit.

Since its inception, the soldiers, sailors, airmen and marines of USSOCOM have served with the utmost distinction. I salute their bravery and dedication to duty, and I hope that New Mexicans will take time to thank the members of USSOCOM who have served and honor the memory of those who have given their lives in our defense.●

HONORING MR. VIRGIL E. BROWN, SR.

• Mr. VOINOVICH. Mr. President, I wish to honor and congratulate an outstanding community and business leader from my hometown of Cleveland, OH. Virgil E. Brown, Sr., has become a well-recognized name in Cleveland after serving our community and great State of Ohio for nearly three decades. On August 12, 2007, Virgil celebrated his 90th birthday. Also this year, his lovely wife Lurtissia celebrated her

87th birthday, and together they celebrated an amazing 68 years of marriage. What an accomplishment.

Virgil grew up in humble beginnings. He was born in Louisville, KY, to George and Sarah Brown. He is the eldest of six children. He moved to Cleveland with his parents and siblings when he was 12 years old. He graduated from Central High School in Cleveland in 1937 and attended Fenn College, now Cleveland State University.

Throughout Virgil's long and distinguished career of public service, he has made history and opened many doors through a number of "firsts" he attained. He served as the first African-American to be the director of the Cuyahoga County Board of Elections; the first African-American to be elected as a Cuyahoga County commissioner; and the first African-American to serve as director of the Ohio Lottery Commission.

His political career started in 1966 with an unsuccessful bid for a State representative position. He rebounded quickly, however, and in 1967 he won a seat on the Cleveland City Council, where he served for three terms. In 1972, when there was a breakdown in the countywide election system and the position of director of the Cuyahoga County Board of Elections became available, Virgil resigned his city council seat to accept an appointment as director of the Board of Elections. He served nearly 7 years in this position, and during his tenure he restored the integrity and efficiency of the election process.

When I left the position of Cuyahoga County commissioner to serve as Lieutenant Governor of Ohio in 1979, Virgil was appointed as my replacement. He was reelected and served three additional terms. While in his last term as commissioner, I was serving as Governor, and I asked Virgil if he would serve as the director of the Ohio State Lottery. Virgil graciously accepted, even though he was planning to retire. I appointed him in 1991, and he remained as director until 1995, when he officially retired at the age of 74.

Virgil has had many notable achievements throughout his life. In 1976, he delivered the nominating speech for President Gerald Ford at the Republican National Convention. He was honored by the Cuyahoga County Board of Commissioners when they named their human services building the Virgil E. Brown Center. In 2002, he was inducted by the Cuyahoga County Republicans into the inaugural class of the James A. Garfield Hall of Fame. He was also inducted into the Glenville Hall of Fame, the Senior Citizens Hall of Fame, and the National Forum for Black Public Administrators—Cleveland chapter—Hall of Fame. He is also a past president of the National Bowling Association.

Virgil has served the greater Cleveland community and the State of Ohio with distinction. Whether it was through his political career, his

mentorship of numerous young adults, his tenure on the board of directors for various community based organizations and commissions, through his home church, Bethany Baptist Church, or through his successful insurance company, Virgil Brown has touched and improved the lives of many.

Throughout all of his accomplishments, his loving and supportive wife Lurtissia has been by his side. Without a doubt, she has been his greatest blessing. Together they have two children, Veretta Garrison, who is a businesswoman in Connecticut, and Virgil, Jr., who is an attorney in Cleveland and also a member of the State Board of Education.

Mr. President, I wish to take this opportunity to thank Virgil E. Brown, Sr., for his exceptional leadership and for serving as a stellar role model. Congratulations, Virgil, on all you have and will continue to achieve. Our lives are better as a result of having been touched by you. May God continue to bless you and your family.●

RECOGNIZING DAVID PERRY

• Mr. THUNE. Mr. President, today I recognize SrA David Perry of Ellsworth Air Force Base in South Dakota for his heroic efforts in saving a man's life.

Airman Perry had only been based at Ellsworth for a few weeks before the evening of April 22, 2007. While shopping at a local grocery store a man collapsed in front of him, and Airman Perry responded quickly. Taking control of the situation, Airman Perry directed another bystander to call 9-1-1 while he checked the fallen man's vital signs and then began CPR. Through his quick thinking and swift actions the man's life was saved.

Airman Perry will be awarded the Air Force Commendation Medal. This medal is awarded to Air Force personnel for outstanding achievement or meritorious service rendered specifically on behalf of the Air Force.

Airman Perry volunteered and was selected, to be part of the Air Force Financial Services Center initial cadre. At the time, he was one of six airmen assigned to the Air Force Financial Services Center and was the only airman instructor at Ellsworth.

Airman Perry truly deserves this award and our commendations for his actions; his service is a shining example of the dedication and bravery that makes America's soldiers the greatest in the world.●

IN COMMEMORATION OF SUMMIT ROAD'S 70TH ANNIVERSARY

• Mr. NELSON of Nebraska. Mr. President, I wish to commemorate the 70th anniversary of historic Summit Road, a significant highway which remains in use to this day as a popular tourist attraction and historic site within the State of Nebraska.

It was Sunday, September 19, 1937, that the Summit Road leading to the

top of Scotts Bluff National Monument in the Nebraska Panhandle was completed. The Summit Road is believed to be the oldest existing concrete road in the State of Nebraska. The road allows visitors to drive to the top of the bluff through three tunnels for a spectacular view of the valley 800 feet below.

Summit Road was built entirely by the Civilian Conservation Corps, CCC, at a time when dry winds and dust storms were blowing across the western High Plains. The CCC was created by President Franklin D. Roosevelt when the entire country was in the grip of the Great Depression to employ jobless men who were struggling to earn enough money to buy food for their families.

Scotts Bluff National Monument is named for a fur trapper by the name of Hiram Scott, who was wounded and deserted by his companions in 1828. He gained immortality by making his way to a magnificent formation of bluffs along the North Platte River before succumbing to his wounds. It was for Hiram Scott that Scotts Bluff National Monument, Scotts Bluff County, and the city of Scottsbluff have been named.

Scotts Bluff National Monument, which rises 4,649 feet above sea level, was an imposing landmark, guiding wagon trains along the Oregon, Mormon, California, and Pony Express Trails. Native Americans originally called this natural formation Ma-a-pa-te, which translates into "hill that is hard to go around."

Today, Scotts Bluff National Monument is home to an excellent museum providing information about the historic pioneer trails, together with an impressive collection of art from William Henry Jackson, a photographer and painter, best known as the first person to photograph the wonders of Yellowstone National Park.

It was reported that 550 cars drove to the top of Scotts Bluff National Monument when the Summit Road was opened 70 years ago. Since then, thousands of vehicles have made the trip and are still able to do so today, thanks to the efforts of the CCC which built it and the National Park Service which now maintains the road.●

MESSAGES FROM THE HOUSE

ENROLLED BILLS SIGNED

The PRESIDENT pro tempore (Mr. BYRD) reported that he had signed the following enrolled bill, which was previously signed by the Speaker of the House:

H.R. 954. An act to designate the facility of the United States Postal Service located at 365 West 125th Street in New York, New York, as the "Percy Sutton Post Office Building".

H.R. 3218. An act to designate a portion of Interstate Route 395 located in Baltimore, Maryland, as "Cal Ripken Way".
