

Moses served as secretary of the Wisconsin Department of Veterans Affairs from 1962 to 1984. I had the great pleasure of knowing John personally, and having him serve as a member of my Veterans' Advisory Committee. I saw firsthand how committed he was to ensuring that Wisconsin's veterans, who have given so much to our country, get the care and services they deserve in return.

In fact, John was a veteran himself, who bravely served in World War II. He came under attack twice as part of an anti-aircraft unit in the Aleutian Islands, and later, in the European theater, led the point platoon in General Patton's drive across the Moselle River to Siegfried line. He also survived a severe wound he received in combat on the German border, which put him in the hospital for more than a year. John's heroic military service said volumes about the kind of man he was and how devoted he was to serving our country.

Service of every kind defined John's life, from his time in the U.S. military to his tenure at the Wisconsin Department of Veterans Affairs, and through other efforts, such as his 10 years as president of the Gays Mills School Board. John came from a tradition of public service; his father was Governor of North Dakota, and he was then elected to the Senate. He briefly served in this body before he passed away in 1945.

John Moses was a man of outstanding character and uncommon commitment to both his State and his country. I feel fortunate to have known him, and I know that the State of Wisconsin is a better place for his dedicated efforts. That is a lasting legacy and one to which I am proud to pay tribute today.●

REMEMBERING MICHAEL DOHENY

● Mr. HAGEL. Madam President, I rise to express my sympathy over the loss of Michael Doheny of Nebraska. Michael, a civilian contractor, died in Iraq on December 9 when an improvised explosive device struck his convoy vehicle. He was 35 years old.

Michael was raised in Broken Bow, NE, and graduated from Broken Bow High School in 1996. He joined the Marine Corps after high school, where he served 8 years and achieved the rank of sergeant. In 2005, Michael left the military and began work as a civilian contractor for SOC-SMG, providing security at military bases and other installations. He was serving his third tour of duty as a civilian contractor in Iraq when he was killed.

All of Nebraska is proud of Michael's service to our country, as well as the thousands of brave men and women serving in Iraq and Afghanistan.

Michael is remembered as a devoted husband, son, and brother. In addition to his wife Melissa, he is survived by his mother, Kathy Kugler; two brothers, Marine Sgt. Robert Kugler and John Doheny; and sister Amy Ritchie.

I ask my colleagues to join me and all Americans in honoring Michael Doheny.●

STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. TESTER (for himself, Mr. JOHNSON, Mr. BROWN, and Mr. CARDIN):

S. 2485. A bill to amend the Public Health Service Act to provide for the participation of physical therapists in the National Health Service Corps Loan Repayment Program, and for other purposes; to the Committee on Health, Education, Labor, and Pensions.

Mr. TESTER. Mr. President, I rise today to introduce the Physical Therapist Student Loan Repayment Eligibility Act of 2007 with Senators JOHNSON, CARDIN, and BROWN on behalf of the folks across America who are in desperate need of access to qualified health care providers. This bill will help bring physical therapists to the rural, frontier and underserved communities of America.

Many rural States have an inadequate number of health professionals, let alone access to physical therapists whose services help shorten the recovery time from injury or surgery, as well as provide noninvasive treatment to conditions that might otherwise end up more severe.

We all know kids who go to school with dreams of becoming a health care professional and serving their communities. But, they graduate with so much debt that they have to take the highest paying job usually in an urban setting—leaving their dreams in the dust. My colleagues and I are offering this bill to help them fulfill that dream of working in underserved areas, often the very same areas they grew up in.

Like many other health care professionals serving in the National Health Service Corps, physical therapy students are more likely to serve in rural areas if it is financially feasible through the loan repayment program that is part of the National Health Service Corps.

The average total costs of tuition and fees for a physical therapist student attending an in-state public or private institution are \$26,000 and \$64,000 respectively. When they are starting out, they can expect to earn about \$51,000 per year. One can easily understand why they would be really tempted to find the highest paying job they can. Despite the health care needs, these jobs are not in places like Culbertson, MT; Martin, SD; Ironton, OH or Denton, MD, where reimbursement and salaries tend to be lower. However, a loan repayment program will make it possible for these committed health care professionals to be able to come into our communities, serve our families and be able to pay off their school loans.

My cosponsors and I think this a very important bill and we welcome our colleagues support. Thank you.
