STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS—JANUARY 4, 2007

By Mr. KERRY (for himself, Ms. SNOWE, Ms. LANDRIEU, and Mr. VITTER):

S. 163. A bill to improve the disaster loan program of the Small Business Administration, and for other purposes; to the Committee on Small Business and Entrepreneurship.

Ms. LANDRIEU. Mr. President, as we all know, there was a tremendous amount of criticism of the Federal Government's response to Hurricanes Katrina and Rita last year. Things are better now and the region is slowly recovering. But, having just finished the 2006 hurricane season, and with the 2007 season a few months away, we must be sure that if we have another disaster, the Federal Government's response will be better this time around. Disaster response agencies have to be better organized, more efficient, and more responsive in order to avoid the problems, the delays, mismanagement, and the seeming incompetence that occurred in 2005.

Today, I am proud to be an original cosponsor of legislation to improve the disaster response of one agency that had a great deal of problems last year,

the Small Business Administration, SBA. This bill, the "Small Business Disaster Response and Loan Improvements Act" makes major improvements to the SBA's disaster response and provides them with essential tools to ensure that they are more efficient and better prepared for future disasters—big and small. I should also note that this bill is a result of intensive bipartisan work over the past couple of months and was introduced shortly before the 109th Congress adjourned as S. 4097. Unfortunately, there was no action on that bill so it must be reintroduced in the new Congress. I strongly believe though we can secure passage during this Congress as the bill is reflective of the priorities from Senators KERRY and SNOWE, respectively, Chair and Ranking Member of the Senate Small Business Committee, as well as Senators LANDRIEU and VITTER. For my part, I have heard loud and clear from our impacted businesses that SBA reforms should be implemented as soon as possible. That is why in September, I sent a letter to the new SBA Administrator Steve Preston, expressing concerns on the lack of progress on SBA disaster reforms, which were included in S. 3778, the FY07 SBA Reauthorization bill reported out of the Senate Small Business Committee. In this letter, I requested his cooperation, along with our committee to pass this important legislation before Congress adjourns at the end of the year. The introduction of this bill today, shows the progress that the committee made since September on this issue. I hope that this spirit of bipartisanship continues into the 110th Congress and that I can continue to work with my colleagues on the Senate Small Business Committee to reform SBA.

This legislation offers new tools to enhance SBA's disaster assistance programs. In every disaster, the SBA Disaster Loan program is a lifeline for businesses and homeowners who want to rebuild their lives after a catastrophe. When Hurricane Katrina hit, our businesses and homeowners had to wait months for loan approvals. I do not know how many businesses we lost because help did not come in time. Because of the scale of this disaster, what these businesses needed was immediate, short-term assistance to hold them over until SBA was ready to process the tens of thousands of loan applications it received.

That is why this legislation provides the SBA Administrator with the ability to set up an expedited disaster assistance business loan program to make short-term, low-interest loans to keep them afloat. These loans will allow businesses to make payroll, begin making repairs, and address other immediate needs while they are awaiting insurance payouts or regular SBA disaster loans. However, I realize that every disaster is different and could range from a disaster on the scale of Hurricane Katrina or 9-11, to an ice storm or drought. This legislation
