Whereas Ernest Gallo, demonstrating great vision, anticipated the growth of the wine industry and developed the first-of-its kind vertically integrated company, with vineyards stretching across California, an on-site bottling plant, and an art department to design bottles and labels, changing the face of California's wine industry;

Whereas the Gallo Winery employs 4,600 people in the State of California, providing critical highly-skilled employment opportunities in the San Joaquin Valley and greatly contributing to the economic strength of the State;

Whereas Ernest Gallo and the Gallo Winery were bestowed countless awards for achievement in winemaking, including—

(1) in 1964, the American Society of Enologists Merit Award, the wine industry's highest honor, for outstanding leadership in the wine industry;

The resolution, with its preamble, reads as follows:

## S. RES. 102

Whereas there are more 3,000,000,000 women in the world, representing 49.7 percent of the world's population;

Whereas women continue to play the predominant role in caring for families within the home, as well as increasingly supporting their families economically by working outside the home;

Whereas women worldwide participate in diplomacy and politics, contribute to the growth of economies, and improve the quality of the lives of their families, communities, and countries;

Whereas women leaders have recently made significant strides, including through the 2007 election of Representative Nancy Pelosi as the first female Speaker of the United States House of Representatives, the 2006 election of Michelle Bachelet as the first female President of Chile, the 2006 election of Ellen Johnson-Sirleaf as President of Liberia and the first female President in the history of Africa, and the 2005 election of Angela Merkel as the first female Chancellor of Germany and who will also serve in 2007 as the second woman to chair a G-8 summit;

Whereas women now account for 80 percent of the world's 70,000,000 micro-borrowers, 75 percent of the 28,000 United States loans supporting small business in Afghanistan are given to women, and 11 women are chief executive officers of Fortune 500 companies in the United States;

Whereas, in the United States, women are graduating from high school and earning bachelor's degrees and graduate degrees at rates greater than men, with 88 percent of

women between the ages of 25 and 29 having obtained high school diplomas and 31 percent of women between the ages of 25 to 29 having earned bachelor's degrees;

Whereas even with the tremendous gains for women during the past 20 years, women still face political and economic obstacles, struggle for basic rights, face discrimination, and are targets of gender-based violence all over the world;

Whereas women remain vastly underrepresented worldwide in national and local legislatures, accounting on average for less than 10 percent of the seats in legislatures in most countries, and in no developing region do women hold more than 8 percent of legislative positions;

Whereas women work two-thirds of the world's working hours and produce half of the world's food, yet earn only 1 percent of the world's income and own less than 1 percent of the world's property;

Whereas, in the United States between 1995 and 2000, female managers earned less than their male counterparts in the 10 industries that employ the vast majority of all female employees;

Whereas, of the 1,300,000,000 people living in poverty around the world, 70 percent are women;
