STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. CRAPO (for himself and Mr. CRAIG):

S. 1325. A bill to amend the Act of July 3, 1890, to provide for the granting to a State of a parcel of land for use as an agricultural college and to proscribe the use of earnings and proceeds thereof; to the Committee on Health, Education, Labor, and Pensions.

Mr. CRAPO. Mr. President, today, with my colleague from Idaho, Senator CRAIG, I rise to introduce a bill to amend the Idaho Admissions Act of July 3, 1890 to permit Idaho to administer Morrill Act lands and the proceeds there from in accordance with contemporary investment standards.

The State of Idaho has been working to update its management of endowed assets received as part statehood from the Federal Government to ensure the maximum long-term financial return to the beneficiaries. Key to endowment reform is the implementation of contemporary investment principles that require asset diversification to reduce the risk of loss and that permit a trustee to deduct reasonable costs of administration of the assets normally incurred by a prudent fiduciary. Of the Federal grants to Idaho as part of statehood, only the Morrill Act limits investments in bonds of the United States or Idaho and precludes deducting reasonable administrative expenses incurred by the trustee. This bill would allow the State of Idaho to administer the Morrill Act assets under the same fiduciary standards now applicable to all of Idaho's other federally granted endowments.

Additionally, a broad group of state, Federal, and private interests, including the University of Idaho College of Agricultural and Life Sciences, the State of Idaho, United Dairymen of Idaho and Allied Industry, College of Southern Idaho, the Idaho Cattle Association, Idaho Wool Growers, the Idaho National Laboratory, and Federal agencies have joined together in developing plans for the Idaho Center for Livestock and Environmental Studies to serve as a premier center for research and education in dairy and beef science. The important mission of the center is "To enhance the quality of life for the citizens of Idaho, the Pacific Northwest, and the Nation by furthering the educational and scientific mission of the University of Idaho and its public/private partners, by providing a state-of-the-art animal re-

search facility capable of large-scale research that provides sound scientific results and educational opportunities intended to: protect our air, land and water, improve the welfare and productivity of our livestock, encourage the efficient use of energy and capital, and enhance workforce and economic development."

The University of Idaho, as a partner in the project and beneficiary of the Morrill Act endowment, is well positioned to utilize endowment assets to both continue to carryout the educational purposes and maintain the underlying real estate endowment while contributing to the project. However, modernization of the management of endowed assets needs to occur in order for such a worthy project to move forward.

That is why the legislation Senator CRAIG and I are introducing today will provide more flexibility while allowing for the allocation of management expenses in the same fashion as other State endowments, expand investment authority to match other State endowments, and provide for the use of the earnings from management of the sale of endowed lands to be used for the acquisition, construction, and improvements for the operation of research farms for teaching and research purposes.

I ask that my colleagues act on this measure in a timely manner.

By Mr. SANDERS:

S. 1326. A bill to amend title 38, United States Code, to improve and enhance compensation and pension, health care, housing, burial, and other benefits for veterans, and for other purposes; to the Committee on Veterans' Affairs.

Mr. SANDERS. Mr. President, today I am introducing the Comprehensive Veterans Benefits Improvements Act of 2007.

The purpose of this bill is to address many of the long-standing benefit and other policy issues that are a priority to the national veteran service organizations and millions of their members all across our country. The legislation tracks many of the recommendations made in the Independent Budget, IB, for fiscal year 2008. The IB, as it is known, is "the collaborative effort of a united veteran and health advocacy community that presents policy and budget recommendations on programs administered by the Department of Veterans Affairs and the Department of Labor." It is a guide for how this country should treat its veterans. It is written jointly by AMVETS, Disabled American Veterans, Paralyzed Veterans of America, and Veterans of Foreign Wars and supported by over 50 other prominent organizations. I am very happy to have consulted extensively with the Independent Budget authors to craft this legislation.

For too many years veterans' needs have been sent to the back of the line in Congress behind tax cuts for the rich

and corporate welfare for multinational corporations. This legislation is one step forward in correcting the shortcomings of the way our current system treats veterans. Instead of turning a blind eye to our veterans' needs as has happened often in recent years, this bill begins to say "thank you" with real action.

The Comprehensive Veterans Benefits Improvements Act makes more than 25 separate changes to veterans' programs ranging from disability payments, to insurance premiums, to grants for disabled veterans to adapt their cars to make them easier to use.

We also try to make progress on long standing injustices in the VA and DoD benefit and retirement systems that veterans and their families have fought to correct for years. Among them are:

Category 8 Veterans: In January of 2003 the VA announced that it would no longer allow Category 8 veterans to enroll into the VA health care system. The Administration justified this move on the grounds that these are "higher income" veterans. The truth, however, is that these veterans can make as little as \$27,000 a year. VA estimates that more than 1.5 million category 8 veterans will have been denied enrollment in the VA health care system by fiscal year 2008. This legislation repeals that ban.

Concurrent Receipt: As the Military Officers Association of America explains, the Concurrent Receipt or Disabled Veterans' Tax issue exists because of a "19th century law that required a dollar-for-dollar offset of military retired pay for disability compensation received from the VA . . . Retired pay is earned for a career of uniformed service and VA disability compensation is recompense for pain, suffering and lost future earning power due to service-connected disabilities." For that reason veterans should receive both payments and not have one offset the other. This legislation would allow veterans to receive both compensation/pension benefits and retired or retirement pay.

Dependency and Indemnity Compensation-Survivor Benefit Plan Offset: Under current law, the survivors of veterans who die as a result of service-connected causes are entitled to compensation known as dependency and indemnity compensation, DIC. In addition, military retirees can have money deducted from their pay to purchase a survivors annuity. This is called the Survivor Benefit Plan, SBP. However, if the military retiree dies from service-connected causes his or her survivors will receive a SBP payment offset dollar for dollar by the amount of the DIC payment they receive. Like the offset between military retiree pay and VA disability payments, this SBP/DIC offset unfairly denies beneficiaries the full amount of 2 programs that are meant to compensate for different losses. This legislation repeals the offset between dependency and indemnity compensation and the Survivor Benefit Plan.
