

Jack Glaser, president and cofounder of MBF Bioscience in Williston. Jack is one of the Green Mountain State's wonderful success stories, a University of Vermont graduate who worked with his family, especially his father, Dr. Edmund M. Glaser, to create and grow a successful business in Vermont.

It gives me great pleasure to congratulate Jack and everyone at MBF Bioscience. I ask unanimous consent that a Burlington Free Press article about Jack and the other 2007 Small Business Champions of the Year in Vermont be printed in the RECORD to commemorate their achievements.

There being no objection, the material was ordered to be printed in the RECORD.

WILLISTON DEVELOPER OF BIOSCIENCE SOFTWARE WINS BUSINESS AWARD

Jack Glaser, president and co-founder of Williston-based MBF Bioscience, is the 2007 Vermont Small Business Person of the Year, the state's top Small Business Administration award.

Glaser, 45 of Williston, will be honored June 6.

Established in 1987, MBF Bioscience develops analytical software for biological research, including scientific software for performing brain mapping, neuron tracing and anatomical mapping. The company's software is used to research brain development and aging as well as Alzheimer's, Parkinson's, and Huntington's diseases.

The local business has grown from a home-based operation to a multinational company that employs 26 people. The company has satellite sales offices in Germany and Japan.

"It is very gratifying to be recognized for all of MBF's hard work and effort over the past 20 years. Our company is dedicated to helping researchers in their pursuit of understanding how the brain functions," Glaser said.

ADDITIONAL STATEMENTS

RECOGNIZING IPSWICH HIGH SCHOOL

• Mr. THUNE. Mr. President, today I wish to recognize the Ipswich High School class of 1957 as they celebrate their 50-year class reunion.

The class of 1957 will celebrate this milestone occasion on June 8 to 10, 2007, in Ipswich, SD. Approximately 42 classmates plus spouses and guests are expected to attend the main banquet on June 9. This event is an important time to reflect on the many wonderful memories that the classmates have

shared with one another over the years and to look forward to many more happy memories that they will create in the future.

It gives me great pleasure to rise with the Ipswich High School class of 1957 and to congratulate them on the celebration of this milestone anniversary. •

BORDEN'S 150TH ANNIVERSARY

• Mr. BOND. Mr. President, tomorrow at the Smithsonian National Museum of American History, Elsie the Cow will be present to celebrate the 150th anniversary of Borden Cheese.

Borden Cheese started in 1857, when Gail Borden began selling his patented condensed milk that allowed milk to last much longer than the 3 days it would currently hold in its natural state. This condensed milk was used in large ration amounts by the Union Army during the Civil War. Gail Borden's modernization of dairy practices in the "Dairyman's Ten Commandments" created a model for modern health department regulations.

Elsie the Cow entered the picture for Borden almost 90 years ago. Not only has she represented the face of Borden, but she also toured the Nation to support purchasing U.S. war bonds during World War II. Her support sold \$10 million in war bonds.

Today, Borden is a member of Missouri-based Dairy Farmers of America, a 22,000-member farm cooperative. I am pleased to honor Borden and Elsie on their important anniversary. •
