STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. CASEY (for himself and Mr. SPECTER):

S. 1755. A bill to amend the Richard B. Russell National School Lunch Act to make permanent the summer food service pilot project for rural areas of Pennsylvania and apply the program to rural areas of every State; to the Committee on Agriculture, Nutrition, and Forestry.

Mr. CASEY. Mr. President, I rise today to introduce the Summer Food Service Rural Expansion Act. This bill will provide critical meals to children living in poverty in rural areas. I am pleased to introduce this bill with Senator SPECTER. Congressman PLATTS is introducing companion legislation in the House of Representatives.

During the summer, low-income children lose their access to regular daily school meals. The Summer Food Service Program is intended to help fill this nutritional gap by providing summer meals to children from low-income families who receive school meals.

For those of my colleagues who do not know much about the Summer Food Service Program, it was authorized through the National School Lunch Act of 1968. The program allows the U.S. Department of Agriculture to provide grants to nonprofit food service programs that in turn provide meals for children from low-income families through sites such as nonprofit schools, local governments, and nonprofit summer camps. Yet, despite the best efforts of this program, only 2 in 10 low-income children who receive school lunch also receive summer food when school is out. So where do these

children get food? Sadly, the answer is that many of them go hungry.

Traditionally, the majority of sponsors and sites participating in the Summer Food Service Program have tended to be located in urban areas. As we know, however, hunger is not just an urban issue. Thanks to the tremendous effort by Congressman PLATTS, the Child Nutrition Act of 2004 recognized the void of such programs in predominantly rural areas and established a 2-year pilot program to increase participation rates in rural communities.

The existing Summer Food Service Program is available to areas in which at least 50 percent of the children are eligible for free or reduced price school meals. However, to encourage more sponsors and more sites to participate in the program, the pilot allowed that threshold to be reduced to 40 percent in rural communities.

The pilot, which ran in my home state during calendar years 2005 and 2006, was a tremendous success. During the first year of the pilot program, 20 sponsors offered 40 meal sites in rural areas. Of the sponsors, 8 were new sponsors of the program and 12 were sponsors in the prior years who added meal sites. During the first year of the program, the total numbers of meals served in rural communities increased by 73,000 meals, or 11 percent over the previous year. By the second year, there were 9 new sponsors, 16 returning sponsors, and 77 pilot sites; and the number of meals served increased over the previous year by an additional 4.3 percent, or 31,000 meals.

Unfortunately, because of the expiration of the pilot program, 37 of the sites established under the pilot will not be able to participate this summer. That means nearly half of the children who participated in this program over the past 2 years will no longer be able to count on receiving nutritious meals during the summer months.

For this reason, I am introducing legislation to help not only the children of Pennsylvania, but also the needy children in rural areas of every single State who deserve access to nutritious lunches during the summer months.

Through this bill, the Summer Food Service Pilot Program for rural areas would become a permanent program and would apply to rural areas of every State beginning in calendar year 2007 and each calendar year thereafter. Through this bill, the numbers of children participating in the program will dramatically increase, and needy children in rural areas throughout the country will receive nutritious meals they might not otherwise get during the summer months.

I urge all of my colleagues to join in the effort to combat childhood hunger in rural areas by cosponsoring the Summer Food Service Rural Expansion Act.

I ask unanimous consent that the text of the bill be printed in the RECORD.

There being no objection, the text of the bill was ordered to be printed in the RECORD, as follows:

S. 1755

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

By Mr. BINGAMAN (for himself, Mr. DOMENICI, Mr. AKAKA, and Ms. MURKOWSKI) (by request):

S. 1756. A bill to provide supplemental ex gratia compensation to the Republic of the Marshall Islands for impacts of the nuclear testing program of the United States, and for other purposes; to the Committee on Energy and Natural Resources.

Mr. BINGAMAN. Mr. President, today, I am pleased to introduce the Republic of the Marshall Islands Supplemental Nuclear Compensation Act at the request of the President of the Republic of the Marshall Islands, the Honorable Kessai Note. For over 50 years, the Committee on Energy and Natural Resources, and its predecessor committees, have worked with the government of the Marshall Islands to respond to the tragic consequences of the U.S. nuclear weapons tests that were conducted in the islands from 1946 to 1958, when the islands were a district of the U.S.-administered, U.N. Trust Territory of the Pacific Islands.

The U.S. nuclear testing program raises powerful emotions, and difficult legal and political issues which complicate discussion. Of particular concern to some is that the question of the adequacy of the compensation paid by the U.S. is now before the U.S. Court of Claims. On May 10, I met with President Note during his trip to Washington and we discussed our shared desire to move forward on several issues. We agreed that it is important for our nations to continue to work together on other matters which are not in litigation, such as possible adjustments to programs that are important to the communities affected by the tests.

I compliment President Note for his leadership, and for his thoughtful recommendation on how to approach these sensitive issues. The President proposed the introduction of legislation, at his request, that would propose solutions on several issues that are not before the court. This would allow the
