

and friend. Joan was a devoted wife to Earl Mann of 49 years and mother to two daughters, Paula and Laura. For 29 years, she worked for the Woodlake Elementary School as a teacher's aide and was active in the Parent-Teachers Association. She served on the Tulare County Grand Jury, was active in her church and served as the local representative of the Cystic Fibrosis Foundation. She loved to write poetry, sometimes about events or people in her life. The following poem is one of her family's favorites.

I'VE SAILED UPON LIFE'S SEAS

I've walked upon the shores of life
A-kicking up the sands
I've met each eye that chanced my way
And shook each friendly hand.
I've sailed upon the seas
To cross to other places
I've met each smile with smiles to spare
And cherished those dear faces.
The song I've sung along the way
'Tis joyous and carefree
It tells of life, of wondrous times
And speaks of days to be.
And when my days on earth are through
God grant me one last thought
I'd love to do it all again
Remembering what life's taught.

Joan Mann's life demonstrated her love of her family, her community and her country. Mrs. Joan Mann of Woodlake, California, passed away January 24th. She will be greatly missed.

**IN HONOR OF DARRELL L. FANT,
DIRECTOR, HIGHLAND PARK DE-
PARTMENT OF PUBLIC SAFETY**

HON. PETE SESSIONS

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, February 6, 2008

Mr. SESSIONS. Madam Speaker, it is with great pleasure that I rise today to recognize Darrell L. Fant, Director of the Highland Park Department of Public Safety (HPDPS).

After thirty-two years of dedicated service, Darrell will be retiring from HPDPS on February 29, 2008. The Town of Highland Park has been privileged to have such a devoted public servant working on their behalf to ensure Highland Park stays a safe and family friendly area in the heart of Dallas. He has served in various roles such as Public Safety Officer, Lieutenant, Assistant Shift Commander, and Captain before taking on the leadership role of Director. His colleagues affectionately refer to him as "Chief" as he has earned their respect and demonstrated exemplary performance. In addition, he has received numerous commendations, thank you letters, and awards such as the 1984 Firehouse magazine Heroism and Community Service Award.

I know his vision and leadership will be greatly missed and difficult to replace. The legacy he leaves speaks loudly of the impact he has had on Highland Park.

Madam Speaker, I ask my esteemed colleagues to join me in expressing our heartfelt gratitude for his hard work and dedicated service.

**HONORING THE LIFE OF MR. J.
RUSSELL COFFEY, A PUBLIC
SERVANT AND WORLD WAR I
VETERAN**

HON. ROBERT E. LATTA

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, February 6, 2008

Mr. LATTA. Madam Speaker, Mr. J. Russell Coffey passed away on December 20, 2007, at the age of 109, and Mr. Coffey was 1 of 3 surviving veterans of World War I. Mr. Coffey was a student at Ohio State University when the United States joined the war in 1917 and Mr. Coffey enlisted in the Army at the age of 20 and was honorably discharged on December 12, 1918, a month after the signing of the armistice.

Mr. Coffey played baseball and was a track sprinter while in college and received both a bachelor's degree and a master's degree from Ohio State University, as well as a doctorate degree in education from New York University. Mr. Coffey continued his interest in sports and teaching by officiating high school sports for many years while he taught junior high and high school students in Phelps, Kentucky, at the former Glenwood Junior High School in Findlay and at the former Findlay College. Mr. Coffey served as an instructor at Bowling Green State University from 1948 through 1969, primarily teaching physical education but also teaching archery, psychology, swimming, and driver's education. Mr. Coffey was the director of the university's graduate studies in health and physical education from 1952 to 1968. Mr. Coffey was an active member of the Bowling Green Rotary Club for more than 50 years, and he was named the "oldest living Rotarian in the world" by the club in 2004, and in later years, Mr. Coffey credited physical activity and a healthy diet for his longevity.

The House of Representatives honors the life of Mr. J. Russell Coffey for his dedication to public service as a veteran, teacher, and member of the community.

**CELEBRATING THE LIFE OF CARL
A. DIPIETRO**

HON. BRIAN HIGGINS

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Wednesday, February 6, 2008

Mr. HIGGINS. Madam Speaker, I rise today to honor the life and work of an outstanding Western New Yorker. On November 19, 2007 a beloved husband and loving father entered into rest. Carl DiPietro lived a very full life filled with love of family and friends. Carl leaves behind a long lasting legacy that stretches from his days in the Navy to the dedication and loyalty he demonstrated each and everyday with his family, at his business or throughout the community.

Mr. DiPietro was a proud business owner of Sparkle Cleaners, a dry cleaning business located in Amherst, NY. It was said that Mr. DiPietro treated patrons and employees alike as family. A hardworking man, Carl was skilled in his craft and was characterized by his children as an "All American Dad" whose love knew no end. A man who cultivated his many interests, Carl loved music and enjoyed play-

ing the guitar; he was an avid photographer and restored antiques. Amidst his varied interests and passion to explore them, his family remained the most important part of his life.

Carl DiPietro was a good and decent man and will always be remembered for his friendly demeanor, his terrific sense of humor and his care free spirit. His strength, courage, strong religious faith accompanied by a will to survive kept him going through the difficult times. When someone you love passes on, pain remains for those left behind. May Carl's wife Elaine, his daughters Linda, Judy, and Donna, his sons Carl and David, grandchildren, extended family and friends continue to live out Carl's memory with love, purpose and fulfillment in their own lives.

Madam Speaker, I am thankful that you have allowed me the opportunity to honor the life of Carl DiPietro and remember the many contributions he made throughout the Western New York community. I ask my colleagues to join me in honoring the life and memory of Carl DiPietro here today.

**HONORING THE LIFE AND
ACHIEVEMENTS OF MR. WILLIAM
C. BLACK**

HON. JOE SESTAK

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, February 6, 2008

Mr. SESTAK. Madam Speaker, I rise to honor the memory of a great American, Mr. William C. Black, a loving husband, father and grandfather, successful entrepreneur, generous philanthropist, and courageous veteran. Mr. Black epitomized all that is good about our nation and indeed the world. On February 9th 2008, an exceptional group of family and friends with gather to remember and thank a man who dedicated his skills, energy, and love to others. In the course of a remarkable life that began in Bayonne, NJ on June 7th 1930 and continued for sixty-six years thereafter, Mr. Black's work ethic, intelligence, leadership, and basic decency made him a pillar of his community and a source of hope for multiple generations of patients and their families at Jersey Shore Medical Center.

Following graduation from Fordham University in 1952, Mr. Black immediately went to the defense of our nation in the United States Marine Corps. His seven years of service as an aviator in the USMC included duty in Korea and Japan, and a meteoric rise to the rank of Lieutenant Colonel. From the Marine Corps, Mr. Black carried with him a fighting spirit and sense of purpose that helped him to become President of the New Jersey Zinc Company, our nation's pioneer zinc producer and originator of all zinc alloys that revolutionized the modern die-casting industry.

However, it was after retiring from New Jersey Zinc that Mr. Black's life reached its zenith. From his tireless work to improve the facilities of the Jersey Shore Medical Center, the "Mary V. Black Pavilion" was christened and thousands of trauma patients owe their health and lives to that state-of-the-art facility. This month at the 2008 Jersey Shore Sweetheart Cancer Ball, Mr. Black and his family will be recognized for their work to cure that devastating illness. I will never forget the moment my four year old daughter was diagnosed with

a malignant brain tumor. Though we have never met, I know that there is a direct connection between my daughter's health today and the life of greatness lived by William C. Black. I personally thank him for his work and know his legacy will forever live in the gratitude of untold numbers of other cancer survivors, their families and friends.

Madam Speaker, I ask that this chamber pause to remember William C. Black, and to thank his wonderful wife Barbara, his accomplished sons, William Jr., Michael Paul, and Christopher for their love and dedication to one another, Jersey Shore Medical Center, and our blessed country.

COMMEMORATING CARTER BLOODCARE

HON. KENNY MARCHANT

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, February 6, 2008

Mr. MARCHANT. Madam Speaker, I rise today to commemorate Carter BloodCare on pioneering the processes of the blood care/capture industry operations.

Carter BloodCare (CBC) worked closely with the Texas Manufacturing Assistance Center and successfully implemented a methodology that has significantly achieved process improvements, increased productivity and doubled capacity while reducing floor space. These new changes were the result of CBC collaborating with Texas Manufacturing Assistance Center (an initiative of the U.S. Department of Commerce NIST Manufacturing Extension Partnership program) by participating in their training course: Fundamentals of Lean Enterprise. The Lean program was an "outside the box" way of thinking in the blood collection industry but it has proven to be an overwhelming success for CBC. This system allowed CBC to identify and correct problem areas, reduce needless work and create a more productive work flow. Their adoption of the Lean Philosophy approach will serve them well for years to come.

I commend Carter BloodCare for transforming the processes of the blood care/capture industry and providing lifesaving units of blood to the people of Texas efficiently and expediently. It is an honor to represent Carter BloodCare in the 24th District of Texas.

HAROLD MILLER RECEIVES COMMANDER'S CHOICE AWARD

HON. HARRY E. MITCHELL

OF ARIZONA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, February 6, 2008

Mr. MITCHELL. Madam Speaker, I rise today to congratulate Mr. Harold Miller, who has been selected to receive the Defense Logistics Agency's (DLA) Business Alliance Award for the Commander's Choice Category. This award program recognizes businesses and individuals who have made outstanding efforts in partnering with DLA to provide supplies and services to America's war-fighters.

The Commander's Choice Award is given to a person whose dedication and commitment to the DLA mission affects the quality of life for

U.S. women and men in uniform. Mr. Miller is the Aerospace Global Pricing Compliance Leader for Honeywell Aerospace, located in my hometown of Tempe, Arizona. He has consistently led Honeywell from the inside to integrate DLA's mission requirements into corporate culture and daily work processes. Through his tireless work, Mr. Miller has allowed DLA to provide superior customer support on Honeywell parts. He has an unsurpassed willingness to take risks and a strong commitment to making things work. Both of these characteristics have enabled DLA to navigate around potential crisis situations.

Mr. Miller should be proud of his accomplishments. Again, I say congratulations on the award and thank you for a job well done.

THE GLOBAL PEDIATRIC HIV/AIDS PREVENTION AND TREATMENT ACT OF 2008

HON. JIM McDERMOTT

OF WASHINGTON

IN THE HOUSE OF REPRESENTATIVES

Wednesday, February 6, 2008

Mr. McDERMOTT. Madam Speaker, I come to the floor today to introduce the Global Pediatric HIV/AIDS Prevention and Treatment Act. I am pleased to be joined by Congresswoman KAY GRANGER. This legislation will strengthen our commitment to preventing the new transmission of HIV infections in children. The legislation builds on the successful PEPFAR programs aimed at reducing mother to child transmission of HIV and AIDS.

The legislation provides a comprehensive, five year strategy to prevent new HIV infections in children and ensure that the treatment of children infected with HIV keeps pace with their infection rate. We can achieve the birth of an HIV-free generation.

Reducing mother to child transmission and providing treatment to HIV positive children was one of the goals of the original PEPFAR legislation. The PMTCT or the Prevention of Mother to Child Transmission services were a critically important prevention effort included in the PEPFAR legislation. As we begin the process to reauthorize these programs we must use this opportunity to strengthen the original goals and mission of PEPFAR.

Every day more than 1,000 children around the world are infected with HIV; approximately 90 percent of those infections occur in Africa. With no medical intervention, HIV positive mothers have a 25 percent to 30 percent chance of passing the virus on to their babies during pregnancy and childbirth. Yet just one dose of an ARV drug given to the mother at the onset of labor and once to the baby during the first three hours of life reduces transmission of HIV by almost 50 percent. We know what works and we now how to reduce HIV babies. We just need to provide the commitment and resources to achieving this goal.

Children account for almost 16 percent of all new HIV infections but represent only 9 percent of those receiving treatment under PEPFAR. Without proper care and treatment, half of all newly infected children will die before their 2nd birthday and 75 percent will not see their 5th birthday.

The bill establishes a target requiring that by 2013 15 percent of those receiving treatment under PEPFAR be children. This target simply keeps pace with the rate of infection.

In addition, it establishes a 5 year target for Preventing Mother to Child Transmission efforts. By 2013, 80 percent of pregnant women receive HIV counseling and testing, with all of HIV positive mothers receiving ARV medication.

The legislation also requires integration of prevention, care and treatment with PMTCT services in order to improve outcomes for HIV affected women and families and to improve the continuity of care.

Prevention is our greatest tool in fighting this pandemic. We have no vaccine or cure. But we can work to achieve an HIV free generation.

I want to thank the work of the Elizabeth Glaser Foundation who have worked to further the cause of preventing mother to child transmission. The Foundation is also a leader in the global effort to provide care and treatment to millions of HIV positive children. The Foundation's recommendations for strengthening PEPFAR are the basis for this legislation. I also want to thank Senators DODD and SMITH who have introduced the Senate version of this legislation. Finally, I want to thank Congresswoman GRANGER for her willingness to work with me on this legislation and for her continued commitment to addressing the global pediatric HIV/AIDS crisis.

I know that my colleagues on the Foreign Relations Committee are working to develop a strong PEPFAR reauthorization and I look forward to working with them to ensure that the final bill includes strong PMTCT provisions.

HONORING THE 180TH ANNIVERSARY OF THE FOUNDING OF MCKENDREE UNIVERSITY

HON. JERRY F. COSTELLO

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, February 6, 2008

Mr. COSTELLO. Madam Speaker, I rise today to ask my colleagues to join me in honoring the 180th Anniversary of the founding of McKendree University, the oldest college in Illinois.

McKendree University was founded in 1828, by Methodist pioneers in Lebanon, Illinois. First named, "Lebanon Seminary," the name was changed in 1830 in honor of William McKendree, the first American-born bishop of the Methodist Church. McKendree University is not only the oldest college in Illinois, but it is also the oldest college in the United States with continuous ties to the United Methodist Church.

While McKendree University is justifiably proud of its rich history and tradition, it continues to grow and modernize in order to attract the quality of students and faculty needed to maintain its excellent academic standing. This continuous evolution was made evident with the recent name change from McKendree College to McKendree University in 2007. This name change reflects the broad range of academic opportunities available at McKendree, including the introduction, beginning in 2004, of several graduate programs. These graduate programs—including education, professional counseling, business administration and nursing—have become so popular that their enrollment now accounts for one quarter of the entire student body.
