## RECOGNIZING SERGEANTS STE- PHEN AND JEFFERY BROWN, SCOTTSDALE HEALTHCARE'S "SALUTE TO MILITARY" HON- OREE

**HON. HARRY E. MITCHELL**

OF ARIZONA

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, July 16, 2008*

Mr. MITCHELL. Madam Speaker, I rise today in recognition of Sergeants Stephen and Jeffery Brown, Scottsdale Healthcare's "Salute to Military" Honorees for July 2008. Scottsdale Healthcare has recognized Sergeants Stephen and Jeffery Brown and other physicians with a connection to the Armed Services for their diligent service to this country.

I commend Scottsdale Healthcare for paying tribute to such deserving servicemembers. Sergeants Stephen and Jeffery Brown are brothers and the third generation of men in their family to proudly serve in the military.

Sergeant Stephen Brown is currently on active duty and assigned to the 3rd Infantry Division from Fort Steward, Georgia. He returned home in mid-July from a second tour of duty in Iraq, to which he deployed in April 2007. Sergeant Stephen Brown is a Satellite Communications Technician and Computer Network Operator. Some of his awards include two Army Commendation Medals.

Sergeant Jeffery Brown is also currently on active duty. He supports the 82nd Airborne Division from Fort Bragg, North Carolina. Sergeant Jeffery Brown is currently deployed to Iraq on his first tour of duty. He is expected to return in January 2009. He is a Licensed Practical Nurse and Medic now serving in a Combat Support Hospital in Iraq. Some of his awards include the Army Achievement and Army Service medals.

The brothers' continued sacrifice extended well into their personal lives—despite working in the same Area of Operations, they saw each other only sporadically. One reunion took place over Thanksgiving, when the men were able to enjoy dinner together until their base fell under a rocket and mortar attack. Thankfully, no one was injured.

Madam Speaker, please join me in recognizing Sergeants Stephen and Jeffery Brown's tireless dedication to serving our country and protecting the lives of other servicemen facing combat.

## MEDICARE IMPROVEMENT FOR PA- TIENTS AND PROVIDERS ACT OF 2008

SPEECH OF

**HON. MICHELE BACHMANN**

OF MINNESOTA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, July 15, 2008*

Mrs. BACHMANN. Madam Speaker, today, the House voted to override the President's veto of H.R. 6331, the Medicare Improvements for Patients and Providers Act. Although I had previously opposed this legislation, I reluctantly cast my vote in favor of overriding the veto. While I maintain my concerns over the funding cuts to Medicare Advantage plans contained in the bill, H.R. 6331 corrects the scheduled physician payment cuts and we have simply run out of time to negotiate further on this matter.

Ensuring access to health care is critical for all Americans. It is especially important that senior citizens, who are at a particularly vulnerable time, receive high quality, affordable care. Consequently, in 2003, Congress created Medicare Advantage plans which combine the reliable nature of Medicare with the quality and value of a competitively driven market. With nearly 10 million Medicare beneficiaries currently enrolled in Medicare Advantage plans, up nearly 60 percent since 2004, America's seniors are seeing the benefits of these plans, offering greater choice, lower out-of-pocket costs, and expanded service.

Unfortunately, the bill placed before us today actually falls short of a compromise that would have staved off the devastating reimbursement cuts and preserved valuable access to Medicare Advantage plans. Seeing how near Senate Finance Committee leaders were to reaching an optimal compromise, I originally opposed H.R. 6331. However, it is clear now that this bill represents the only vehicle to combat the painful cuts to physician payments and to maintain seniors' access to Medicare providers, and therefore it must be supported.

Madam Speaker, America's physicians have called on Congress to prevent a devastating cut to their Medicare reimbursement payments. This cut could have dangerous implications for America's seniors, risking access to the health coverage on which they rely. While

H.R. 6331 does not represent the full extent of what I feel could have been done to address the health care needs for our senior citizens, it does defeat the most imminent threat. I remain hopeful that Congress will revisit this matter and restore Medicare Advantage to its true potential

## COLLABORATION BETWEEN CARIBBEAN AND NEW YORK

**HON. CHARLES B. RANGEL**

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, July 16, 2008*

Mr. RANGEL. Madam Speaker, I rise today to recognize the efforts made by the Caribbean Community and Common Market, CARICOM, nations and New York City, to stimulate and promote new economic partnerships.

The new relationships that were formed during this year's CARICOM conference have already begun to show prosperous results. Most notable is an agreement made between the University of the West Indies and Medgar Evers College in New York. The agreement was signed by the Honorable Prime Minister of St. Kitts and Nevis, Dr. Denzil L. Douglas and Dr. Edison Jackson, President of Medgar Evers College.

Dr. Douglas has introduced the possibility of an exchange program between the two regions that would include educational programs in the areas of tourism, transportation, climate change, research and outreach.

This newly formed agreement will not only boost economic development in the Caribbean, but it will bridge the gap between the region and the New York based diaspora. I would like to commend the work of all parties that played a part in the creation of this agreement.

## COLLABORATION BETWEEN CARIBBEAN AND NEW YORK

BASSETTERRE, ST. KITTS.—St. Kitts and Nevis Prime Minister Hon. Dr. Denzil L. Douglas said a Memorandum of Understanding signed between the University of the West Indies (UWI) and the Medgar Evers College in New York would form the basis for moving forward after the Caribbean-New York Conference last week.

Speaking at the signing, Prime Minister Douglas, the Lead Head of Government for Education and Health matters in the CARICOM Quasi Cabinet, said the engagement needed to arrive at some concrete elements of a plan for collaboration.

Among the priorities Dr. Douglas suggested that should arise from the Conference were greater collaboration in research and training through the establishment of CARICOM New York Fellowships and a special Fund dedicated for exchange at the staff and student levels; a concerted effort to push the frontiers of knowledge by placing emphasis on areas of Research and Development,

especially in areas such as tourism, transportation and climate change and establishing common areas of research and outreach that are particularly aimed at improving the quality of life of citizens in the Caribbean and New York in such areas that connect education to health, trade, culture and promote greater public awareness especially to reduce the spread of HIV/AIDS, prevention of NCDs advancing cultural industries and thereby capitalizing on some of the assets of the Caribbean Diaspora.

Prime Minister also suggested the involvement of the private sector both in the CARICOM Community and New York to sponsor goodwill tours to enhance the understanding of groups and stakeholders that share common cultural and educational objectives; placing greater emphasis on promoting courses on Caribbean Studies and the American connections in the region's Tertiary Learning Institutions (TLIs) and establishing a Charles Rangel Professorship to commemorate this momentous occasion in the annals of Caribbean-USA relations.

The Memorandum of Understanding (MOU) will foster greater ties between the two tertiary institutions in specific areas of importance to the Caribbean and the Diaspora in New York.

Professor Nigel Harris, UWI Vice Chancellor and Dr. Edison Jackson, President of the Medgar Evers College signed the MOU at the Education Symposium at the New York Marriott at the Brooklyn Bridge. The signing came at the end of the Opening Ceremony of the Symposium which was staged as part of the two-day New York Conference on the Caribbean which began 19 June. The Symposium was held under the theme "Strengthening Collaborative Ties between New York and CARICOM Higher Education Institutions."

The Conference is geared at boosting existing ties with the United States in general and New York in particular, in the areas of education, trade and investment.

High level meetings were held between Heads of Government and key officials included Congressman Hon. Charles Rangel, Chairman of the Ways and Means Committee of the House of Representatives, the Hon. David Paterson, New York Governor; Mr. Michael Bloomberg, Mayor of New York; Mr. Marty Markowitz, Brooklyn Borough President, and top executives of Wall Street. In a brief statement Professor Harris extended gratitude to Dr. Jackson for making the symposium possible and indicated that though UWI and Medgar Evers had signed other similar documents, this one was special since it was aimed at building a relationship in areas of relevance to the Caribbean and to the Caribbean Diaspora in New York such as youth development and immigration. He expressed the hope that the MOU would usher in a partnership that would serve as a model for other relationships. The panelists at the two-hour long Symposium were Professor Nigel Harris, Professor Frances Negron Muntaner of Columbia University, Dr. Garrie Moore, Vice Chancellor for Student Affairs, CCNY, Ms. Myrna Bernard, Director, Human Development, Caribbean Community (CARICOM) Secretariat, and Dr. David Jones, President, Community Service Society.

#### OHIO HOUSING CRISIS

### HON. STEPHANIE TUBBS JONES

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, July 16, 2008*

Mrs. JONES of Ohio. Madam Speaker, I rise today to urge my colleagues to support the inclusion of neighborhood stabilization funds as part of the comprehensive housing package currently pending in Congress.

Last month, Chairwoman WATERS convened a field hearing in my congressional district on the housing foreclosure crisis in Ohio. During this hearing, we heard testimony from State and local government officials and housing advocates about the devastation that has been caused by subprime mortgage lending practices.

The hearing panelists shared information on their aggressive foreclosure prevention efforts which include: Governor Strickland's establishment of a Compact with major servicers to help Ohioans stay in their homes; State laws and city resolutions to address issues surrounding vacant and foreclosed properties; litigation initiated by the City of Cleveland against lenders for their violations of Ohio's public nuisance statute; and housing counseling services provided by full-service public interest organizations.

Despite all of these efforts within the State of Ohio, a common theme we heard throughout the field hearing was the dire need for an aggressive Federal response to the housing crisis. Specifically, panelists repeatedly emphasized the need for community stabilization funding.

Neighborhood stabilization funds will allow States and local governments to facilitate the purchase, rehabilitation, or demolition of vacant and foreclosed properties. During last month's field hearing, State and local government officials noted their severe lack of resources as well as the need for Federal funds to halt the cycle of disinvestment. Housing stakeholders in Ohio and across the country stand ready to utilize these emergency stabilization funds to reverse the continued downward cycle of property abandonment and declining property values.

As negotiations continue this week on this important housing legislation, I strongly urge my colleagues to support the inclusion of neighborhood stabilization funds in the final legislative package.
